"Tears, idle tears, I know not what they mean," says the poet. Tears are the language of the soul. There are tears of merriment, tears of joy, and tears of despair, and those saddest tears of sympathy. There are tears of the nervous over-wrought woman who is being borne up as bravely as she may under a daily burden of weakness and dragging, torturing pain. No wonder women weep. The wonder is that they are not often in tears for all they have to bear and suffer; and the saddest thing about it is how their sufferings are understood. Even the doctor, nine times in ten says, "Oh, a little nervousness, that's all" or "neurialgia," or "insomnia," or "hypochondria," or "neurosis," the real cause he insists upon examinations and local treatment,--about the very worst thing possible to a nervous woman. There is no need of these repugnant methods. Any woman may insure health and strength in a womanly way by the use of Dr. Pierce's Favorite Prescription. It cures the weaknesses and diseases of the feminine organism absolutely and completely. It is devised for this special purpose by one of the most eminent and experienced physicians in this country; and a "pert specialist" in women's diseases. For nearly 30 years Dr. Pierce has been chief consulting physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Any woman may consult him by letter, free of charge. Her letter will be answered not by a mere nurse or uneducated, unscientific person, but by the most competent medical authority anywhere obtainable. All women should read Dr. Pierce's thousand-page illustrated book, "The People's Common Sense Medical Adviser." It contains more clear and comprehensive advice on medical subjects than any other book ever published. A paper-bound copy sent free for twenty-cent stamps to the publisher, Dr. J. C. Root, Elmira, N. Y. Or old-fashioned copy for thirty-one stamps.
