NORTHEASTERN PENNSYLVANIA TWO TRAINS COLLIDE.

Serious Wreck on the Lehigh Valley Road in the Coxton Yard-Brakeman Rounds Seriously Injured.

Pittston, Aug. 8.—Quite a serious wreck occurred yesterday morning in the upper end of the Coxton yard. One engine, two cars and a caboose were wrecked, and one man was injured, but fortunately no lives were lost. The scene of the accident is about 2,500 feet west of Falling Springs. Two extra freight trains were coming east. The first had just entered the yard and came to a stop when the second, closely following, ran into the rear end of the first. The crash must have been a terrible one, since the engine of the second train, No. 619, was thrown from the track over a low stone wall, and landed on its side in the bed of the river. How badly damaged the locomotive is cannot be learned at this writing, as a detailed examination has not yet been made. The engineer, Peter Louis, of Sayre, and his fireman both jumped and escaped injury.

The first car of the second train was badly wrecked, and was the last car of the first train. One was loaded with oats and the other with middlings, and the grain was spilled over the tracks. The caboose attached to the first train received the blunt of the collision, and is a total wreck. Arthur V. Rounds, a young married man, residing in Sayre, and engaged as a brakeman, was sitting on the bench inside the caboose when the crash occurred, and it is a matter of wonderment that he was not killed outright. He was not even rendered unconscious, but says that after the shock, he found himself lying in a dazed state under the broken timbers. He crawled out himself and reached the bank, whence he was taken to the Pittston hospital. His injuries are very painful, but are not considered dangerous. His worst injury is a broken bone in the shoulder, but there are also severe bruises which cause much pain.

The accident occurred at 5:50 o'clock, and both of the main tracks were blocked until 8 o'clock, though the tracks themselves were not seriously injured. The railway officials will hold an investigation to place the responsibility for the accident.

SHOT FOR A BURGLAR.

Even Hill, while in an intoxicated state, is hit white prowling about Harry E. Kulp's house. Wyoming, Aug. 8.—A man named Evan Hill, whose home is in Mudtown, and who claims that he was drunk and not responsible for his acts, was shot and seriously injured at 2 o'clock yesterday morning by Harry E. Kulp, while he was prowling about the latter's house on Wyoming avenue. Mr. Kulp says he was awakened by his wife, who had heard somebody on the brick walk at the side of the house. He quickly arose, secured his revolver, and went to the front door. Before opening the door he heard somebody tumbling with the screen door outside, but when he opened the door, there was nobody to be seen.

He then walked to the end of the porch and looking down the side of the house, saw a man with his foot on the edge of the foundation and his hands near a window. He called out for the man to go away, and he replied that he would not. Mr. Kulp then ordered him to throw up his hands, and says that the man made a move as though to get out a revolver. Mr. Kulp then fired, and the man dropped, the bullet having passed through a portion of the lung.

EPIDEMIC OF ACCIDENTS.

A Miner Squeezed to Death and a Boy Fatally Burned. Wilkes-Barre, Aug. 8.—An epidemic of accidents occurred at Plymouth, between midnight and 6 o'clock yesterday morning. Frank Gorlewicz, a miner, was preparing to lower some rails in the mine, and while raising the false cage, the carriage was hoisted up the shaft. It caught and pinned him between it and the side of the shaft. When assistance arrived, he was unconscious. He was taken out and removed to his home, where he died without regaining consciousness. Samuel Peters, a driver boy, was fat-

FELL FROM A POLE.

Serious Accident to Inspector Walton of the Telephone Company. Special to The Tribune. Pittston, Pa., Aug. 8.—While changing wires in West Pittston Saturday afternoon, Inspector Walton, of the Telephone company, fell from a pole twenty-five feet to the ground, sustaining a fracture of the skull and other severe injuries. Mr. Walton was taken into the office of Dr. Provost, who administered first aid. Dr. O'Brien was summoned from Scranton. At last accounts Mr. Walton had regained consciousness and his condition is said to be hopeful.

MYSTERIOUSLY LED TO HER SON'S PRESENCE

As if in Response to Her Prayer, Mrs. Tillet, of Shamokin, Got Out of Bed and Soon Found Her Lost Boy.

Shamokin, Aug. 6.—Early this morning Mrs. David Tillet, unable to sleep because she was searching for her son, who disappeared early Wednesday morning, knelt by the bedside and prayed for the Lord to lead her to where he was. As though some one forced her alone, she left the house and walked to a stable at the end of the lot, whereupon the distressed woman called, "George, won't you come home?" To her intense joy she heard a faint response emanating from a stable. She quickly investigated and found the young man almost dead from exposure and hunger. His clothes were in rags, while he was as cold as ice. He could not talk. An alarm was given, and while physicians were sent for a messenger hurried to the Second Methodist Episcopal church, where the bell was rung at 4 o'clock, notifying the inhabitants that the missing man who were in the mountains ceased searching and joined in a cheer that the popular young man was not dead. He lies in a critical condition.

This afternoon he said that when he left home to visit his father, at the Cameron Colliery Tape chute, Wednesday morning, he became confused and lost his way. Since then he tramped many miles at random, and was caught in a number of terrible thunder storms. He walked continually, and last night wandered back to the Cameron tape chute. The surroundings were familiar, and his brain worked clearly enough for him to stagger along the path and fall exhausted in the stable.

AVOCA.

During a game of ball yesterday afternoon on the Avoca grounds between the Moose Populans and the Pittston Reds, Michael Kehoe, pitcher for the latter team, was struck in the eye by a batted ball and in an instant he fell to the ground in an unconscious condition. After regaining consciousness he had lost the sight of both eyes for some time. The injured member was terribly swollen and while on the field he suffered great pain. As soon as his condition would allow his removal, he was taken to the Pittston hospital.

The funeral of Charles Studders took place yesterday afternoon. Services were conducted by Rev. J. M. McCabe at St. Mary's church. Interment was made in St. Mary's cemetery.

Mrs. Patrick McKune and grandchildren, Mary and Austin O'Malley, left last evening to spend several weeks with friends in Newport News, Va. Miss Elizabeth Blewitt, of Pittston, spent yesterday at the McLaughlin residence.

Mrs. E. L. Van Hoosen is seriously ill at her home at the M. E. parsonage. Miss Mamie Hoban is visiting friends in Olyphant.

Miss Nellie McDonald has returned home after a pleasant visit with friends in Schuylkill county.

A grand soiree will be conducted in the Sarsfield opera house tomorrow evening in honor of several guests who have been in the town during the past few weeks. The affair promises to eclipse the many brilliant events that have taken place during the past few years.

The Moose Populans defeated the Olyphant Reds on the latter grounds on Saturday afternoon. Score, 3 to 6.

A handsome new vestibule car made a trial trip on the Scranton-Pittston line on Saturday evening. The car will be placed on the road in a few days but the people of this town will not be afforded the privilege of riding in it until the difficulties existing between the Deaware and Hudson and Traction companies be adjusted.

The borough council will meet in special session this evening for the purpose of awarding of grading an extension of Pine street.

Mrs. James Hartnett and Miss Ella Curran are visiting friends in Scranton. Mr. and Mrs. W. H. Welter and family spent yesterday with friends in Pittston.

The Sarsfield Literary club will tender their friends a complimentary social in the new hall on Friday evening.

MAJOR FINNEY TO THE FRONT

He Looms Up as a New Leader in Schuylkill. PROVED THE BIGGEST SURPRISE

A Lively Fight in the Fourth District for Republican State Delegates. Loch Thrown Down-Moore, Muir and Brumm Are the Other Delegates

Pottsville, Aug. 8.—The fight here yesterday for Republican state delegates was one of the liveliest ever waged in the Fourth district. The delegates elected were: Major J. F. Finney, Frank Moore and James Muir of Pottsville, and Congressman C. N. Brumm, of Minersville.

The biggest surprise of the day was Major Finney's success. He had an unusually large vote. He was told to withdraw from a fight prior to the convention by Quay, but he pluckily kept it in, and won his own battle, thus proving himself a new leader in Schuylkill's Republican politics.

Hon. S. L. Losh, who was over-looked by Finney, was himself thrown down, but he says he had nothing personal at stake at this time. Finney was fought hard by the Brumm-Quay crowd, but was elected by the aid of the anti-Quayites. Muir is said to be anti-Quayite and state treasurer of the Business Men's League.

Summed up, there are two Quayites, one anti-Quayite and Finney, the independent. Losh's defeat was unexpected by his friends, too sure, and trying to carry the rest of his ticket with him.

The Brumm faction brought strong resolutions to the convention indorsing Brumm for governor. The fight for delegates seemed a little doubtful for them and they did not have confidence to introduce them lest their interest would be effected. For that reason there was no fight made against a motion to dispense with the committee on resolutions.

Furnished by WILLIAM LINN, ALLEN & CO., stock brokers, Meats building, rooms 706-707.

MONTANA LEGISLATIVE NOTES.

The Breezy Legislators of the West Are a Class unto Themselves. From the Boyerman Chronicle. It was a Montana legislator who, when some correction in spelling and grammar in his bill were called to his attention by the committee, said: "Why, you fellows have muddled it!"

It was the same statesman who said, in addressing a committee of which he was a member, "The muddy muddle of politics was the boulder upon which the law was split in twain and fell in a thousand pieces from the pedro of justice. Let us, then, gear up our lions, that we can go forth with a clear head."

Upon addressing the chair, this same orator delivered himself as follows: "I feel that for a plain man like myself to address a body composed of so many law attorneys as this is, is indeed casting pearls before swine; or, in other words, to make my meaning plainer, the honor that I feel at the present time overcomes me as Goliath was overcome, when like David, I come before you armed with only the—the or, as the Good Book says, 'In us mingling and by in this assembly, let it turn upon us as did Balaam's ass, and, in a loud voice, proclaim, 'I am he.'"

"Ah! I see," said the good man who was arguing with a legislator regarding the initiative and referendum, "You are going to dissect the wool of carping misanthropy from the web of imbecible pessimism. You are a polemic."

"You're a liar!" interrupted the legislator. "I'm a Polemic!"

Some of the legislators are being criticised for leaving their families at home. We see nothing wrong in this. Some-one must stay at home to milk the cow with the brindle tail, split the kindling, shovel snow, and feed the chickens and carry slops to the pigs. Who can do this better than the good housewife? Hired help is at all times erratic, and more especially during the dancing season. Because a man is forced to go to the legislature to manage the affairs of the state, play nigger billiards, eat hotel grub and give the ranch the high sign, is it required that the wife be wrested from the farm? No; a thousand times, no.

THE AMERICAN MEN.

What She Is Doing to Enrich the Yankee Nation. Breeder and Horseman. Comparatively few people realize the magnitude and value of the annual poultry and egg production of the United States. The little kingdom of Belgium, with 11,000 square miles and a population of 5,000,000, produces 200,000,000 eggs annually and France with 204,150 square miles produce 2,000,000,000 worth of eggs each year. The United States, with a population of 55,000,000, produces 750,000,000 dozen eggs, which allows, including those consumed by the producer, 140 eggs per capita. The average price in large cities is 15 cents per dozen, a \$120,000,000 a year. We pay \$3,000,000 a year for eggs imported from England, France and Belgium. We pay \$2,000,000 a year to the Canadian farmers for eggs alone, besides a large sum for poultry. Why not raise all this at home?

From 1889 to June 1, 1890, the United States statistics report 258,891,125 head of domestic chickens, turkeys 10,844,000, geese 8,440,175, ducks 7,544,000. Illinois alone produced 21,462,529 chickens, 1,047,947 turkeys, 725,984 geese, 735,600 ducks, and 60,351,065 dozen eggs, ranking second in chickens, first in turkeys, second in geese, first in ducks and third in eggs. Ohio leading by 10,000,000, and Iowa by 9,000,000 dozen eggs. Missouri leading Illinois by 1,222,228 chickens and 123,326 geese. The total production in the twelve central States—Ohio, Indiana, Illinois, Michigan, Iowa, Wisconsin, Minnesota, Missouri, North and South Dakota, Nebraska and Kansas—is 13,762,123 chickens, 5,326,489 turkeys, 3,040,849 geese and 2,753,334 ducks. These figures are for market poultry only. The fancy or thoroughbred poultry and egg business has never been looked up so as to get the correct statistics of its magnitude.

Indagatory Rheumatism Cured in 3 Days. Morton L. Hill, of Lebanon, Ind., says: "My wife had Indagatory Rheumatism in every muscle and joint, her suffering was terrible and her body and face were swollen almost beyond recognition; had been in bed for six weeks and had eight physicians but received no benefit until she tried MYSTIC CURE FOR RHEUMATISM. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by Carl Lorenz, druggist, 418 Lackawanna avenue, Scranton.

TREATING SKIN DISEASES

RENEW CURE TREATMENT for torpid, itching, itching, burning, and scaly skin and scalp diseases with Losh's Warm Baths with VICTORIA SOAP, gentle applications of CURICURA (ointment), and full doses of CURICURA (syrup). Result—Blood purified and humor cured.

Curicura

It is sold throughout the world. Dose: 1/2 to 1 Teaspoon. Curicura is a Red Rough Hands. Prepared and Bottled by CURICURA SOAP.

THE MARKETS.

Wall Street Review. New York, Aug. 7.—Wall street has not seen a livelier Saturday day of trading than that of today for a long time. All the volatile factors that have been in force in the week continued to exercise an influence and there were added to these several special causes that carried the market to a higher level than it has attained in a long time. The principal of these was the sensational up in Manhattan Elevated stock, which opened with running sales of a thousand shares at 102 1/2 to 103 against 99 1/2 at last night's close. Almost immediately the price rose further to 108 and reacted quite violently but was held at 102 1/2 to 103 by a net gain of 7 1/2. Probably the large existing short interest in this stock was responsible for this sensational movement in price. The Grangers were leaders in point of activity and showed sharp gains in new record prices in a period of several days. The total sales of the day were 317,955 shares.

Strong Nerves

Nerves just as surely come from the use of Hood's Sarsaparilla as does the cure of scrofula, salt rheum, or other so-called blood diseases. This is simply because the blood affects the condition of all the bones, muscles and tissues. If it is impure it cannot properly sustain these parts. If made pure, rich, red and vitalized by Hood's Sarsaparilla, it carries health into every part of the system and repairs the worn, nervous system as nothing else can do. Thus nervous prostration, hysteria, neuritis, heart palpitation, are cured by

Hood's Sarsaparilla

Because it is the One True Blood Purifier. Hood's Pills are the best after-dinner medicine. Hood's Pills, all digestion, etc.

Hood's Pills
