## **ELKS HAVE THEIR** ANNUAL OUTING

Fine Weather and Big Crowd at Beautiful Lake Ariel.

VERY ENJOYABLE TIME WAS HAD

Fat Men's Race the Principal Feature of the Day .- It Was Won by Will Watkins -- Concert by Bauer's Band and Various Other Entertainments. Day Passed Off Without Mishap or Any Unpleasant Occurences.

The weather clerk, also, evidently be-lieves that the Elks are the best people on earth. Such weather as he dealt out yesterday showed beyond peradventure that he was as good as his word that he would make up for his neglect of a week ago Thursday in not acquainting himself with the fact that it was the day selected for the Eiks' annual outing. Twenty-five car loads of people took advantage of the day to enjoy the delightful ride to Ariel and the invigorating ozone which abounds thout the lake.

The crowd went up on four trains, two in the morning and two in the afternoon. The train which left the Erie and Wyoming station at 1:30 p. m. was the principal excursion train, being made up of ten coaches and carrying 600 people. The band came from the grove to meet it and with a lively quickstep headed the excursionists in their march or rather rush for the picnic grounds.

AFTERNOON'S LARGE CROWD. It had been rather quiet during the earlier part of the day, but after the arrival of the main body of the pleasure seekers at 2:30 things began to liven up. Extra help was put to work at the lemonade and other stands and the various entertainment committees rolled up their sleeves and pitched in. To say that everybody had a good time is unnecessary. The Elks never allow their guests to have anything else but a good time and yesterday, as may be well believed, was no exception

To tell the truth, the lake was somewhat of a superfluity yesterday. Maybe it was that the crowd didn't take to its chief ingredient or that the grove offered more enticements, but be that as it may, it was poorly patronized, most of the excursionists satisfying themselves with a cursory glance at its beautiful expanse and a casual comment on its attractiveness They were, however, to tell the the truth again, justified in preferring the grove to the lake, for all the fun centered in the latter place and there was no stint of that self-same fun.

FAT MEN'S RACE. Chief among the features of the day was the fat men's race, which was pulled off at 4 o'clock. There were six entries, the contestants and their weights being as follows: W. W. Watkins, 220 pounds; County Commissioner John Demuth, 212 pounds; Tom Jones, 240 pounds; Tom Dunn, 287 pounds; Joe Jeffreys, 264 pounds; Chief P. J. Hickey, 260 pounds. The course was 25 yards, and the prize a silk umbrella. Watkins and Demuth got the start, and as they blocked the whole width of the course no one could get past them and they finished in the order named. Dunn took a cut through the brush and reached the tape first, but he was protested and after a bitter wrangle was ruled out by Referee Billy Craig and Starter Alex Dunn. Chief Hickey afterwards challenged

the winner and another contest is likely. The time was 2:40. Among the other interesting features were a slack wire exsibition by the Coleman brothers, a lightning drill exhibition by Professor Frutchy, and last but far from least a concert by Bauer's

band, lasting for an hour. The day passed off without mishap or unpleasant occurrences of any kind, and the excursionista upon their return, last night, voted, with one accord, that it was, as usual, the gala excursion event of the year.

## AN ACTION IN EJECTMENT.

Brought by Jackson Merryweather Against Three Defendants.

Testimony in an ejectment suit brought by Jackson Merryweather, the well-known colored barber, against the Scranton Savings bank and Trust company, Attorney Milo J. Wilson and John Clark, of Green Ridge, was heard yesterday in the arbitration room of the court house before Arbitrators James E. Watkins, L. P. Wedeman and John F. Murphy. The plaintiff was represented by Attorneys Vosburg & Dawson and W. E. Davis, and the defendants by Warren & Knapp.

In 1893 the plaintiff owned two properties in this city, one at Green Ridge, and the other on Gibson street. There was a mortgage against them, held by the Dime bank, and the Trust company had a judgment note. In 1893 Merry-

## would not be able to pay the mortgage and note, and thus lose both properties he cent for Mr. Wilson, who, he says, was his attorney, and explained to him that the Gibson street property would pay all of his indebtedness if a sale

pecame necessary, and asked him to save the Green Ridge property for him. lie elleges that Mr. Wilson promised to do this. A sale did become necessary, and Mr.

Wilson, who is a director of the Sav-ings bank and Trust company, as well as its attorney, bid the property in for the bank. The bank sold the property to Mr. Clark. Before the sale was made Mr. Merryweather served notice on Mr. Clark that he owned the property. His contention is that the sale of the Gibson street property was sufficient to meet his liabilities, and that Mr. Wilson, as his attorney, could not buy the property for any one but him. The bank and Mr. Wilson, it is held, merely acted as trustee for the plaintiff. There will Le another hearing Monday.

## SPITTING IN CARS MUST CEASE.

Violators of This Rule Will Be

Ejected by Conductors. The officers of the Scranton Street Railway company have tired of the abuse of the rule prohibiting spitting on the floors of trolley cars and have given unusually binding orders to the company employes. The order directs a forcible ejection of persons who persist in violating the rule. Following is a copy of instruction

furnished conductors yesterday: The attention of conductors is called to

notice in the cars regarding spitting on This order is to be enferced within the limits of the city of Scranton and con-ductors are requested to carefully, note the following instructions:

In case a passenger does not observe the order call his attention to the notice in the car, and politely request the pas-senger to observe it. Should any passenger, having been requested to observe the order, refuse to do so, stop the car and request such passenger to leave the car. If he refuses to leave the car, call an officer and request him to remove the passenger from the car. If there is no officer in sight, eject him, using only such force as is necessary, and if necessary calling on the motorman to assist. Conductors must at all times be courteous and not enter into an argument over the order, which must be enforced.

Some time ago pursuant to a resolution adopted by the board of health the company posted in its cars notices pro-hibiting spitting on the floors but the rule has been generally ignored. As the jurisdiction of the board of health is confined to the city limits the order of the company is likewise

## BELIEVED TO BE INCENDIARY.

Officials Say Something Besides an Accident Caused a Recent Fire. It is believed by fire department of-ficials that incendiarism caused the fire if enough of the price which destroyed the dwelling of Charles Katzniger, on James street, Little England, Thursday night. It was nearly totally ruined and but few of the contents were saved. The insurance amounted to \$500.
