PROBABLE MURDER.

The Mysterious Death of a Hungarian Arouses Suspicion.

Deputy Coroner Julius Spaeth was otified early yesterday morning that at a house in Fell township near No. 10 bridge a man had been found dead with indications that he had been murdered. He proceeded at once to Simpson and empanelled a number of residents to act as jurors, as follows: Edward J. Neary, Daniel Healey, Timothy Holmes, Patrick Healey, John T. Thomas and Nicho'as Glynn. They proceeded to the house and found the body of a Hungarian, named Albert Vintegratz. An examination of the dead body showed a number of bad contusions, though there did not appear to be any wounds. It appears that the man, with a number of companions, had been on a drupken debauch. There had been during the

night a good deal of fighting. Six Hungarians were placed under arrest by Constable Daniel Healey and are now in the Fell township lockup, being suspected of having been concerned in the death of the Hungarian. The result of the investigation s not yet known. Coroner Longstreet of Scranton will investigate the affair.

WRECK ON THE ERIE.

A serious accident happened on Thursday night to Conductor . 'ichael Kerrins' train on the Erie railroad, near Stevens' Point. His coal train broke in two, and then came together again, causing a terrific crash so that twelve gondola cars were denolished, and their contents thrown us in the tracks. No one was injured, at the loss will amount to several thousand dollars. For several hours traffic was suspended and the wrecking gang were engaged in clearing the tracks. The work was not completed until morning. The Delaware and Hudson passenger train due in this city at 10.50 p. m. did not arrive until nearly 7 o'clock in the morning.

VIEWERS DECIDE.

Messrs. B. R. Blair, Frank Smith and J. B. Shannon were appointed by the court as viewers to decide as to the iges to property owners, by the h Main street improvements. They uded, after a thorough investigathat no change had resulted in relative value of the property, so that neither benefits or damages were awarded. There was some difference of opinion among the owners of real estate but the majority appear to be satisfied with the decision. The viewers will make their report at the Sepmber term of court.

SUDDEN ILLNESS.

Mr. Charles Avery, sr., of Garfield avenue, a watchman employed at the Delaware and Hudson saw mill, suffered a slight stroke of paralysis, while at the mill, at an early hour yesterday ning. He was taken to his by the company's ambulance where he is under the care of his family physician, Dr. D. L. Bailey. He suffers but little pain and is quite comfortable. It is hoped that he may be able to attend to his usual duties after a few days' rest and quiet.

South Washington street, while at work on Thursday afternoon, fell from a scaffold, and received painful injur-Dr. John S. Niles attended the case and found that a small bone in the left ankle was broken. The fracture is now reduced and Mr. Watts is doing well, considering the painful injury.

Lung and bronchial diseases are among the most baffing complaints which doctors have to deal with; because it isn't the lungs or bronchial tibes alone which are affected, but every corner of the system furnishes a lurking place for these elusive maladics. They change and reappear and dodge about the system under numberless dis-guiges. They are almost always compli-cated with liver or stomach troubles, nerv-ousness, neuralgia, or "general debility." The best detective remedy which Nature has provided to search out and arrest these perplexing ailments is Dr. Pierce's Golden Medical Discovery. In the United States four times as much money is expended for education as for the military. Brain is better than brawn. By our educational facilities we have become a great nation. We, the publishers of Woman's World and Jenness Miller Monthly, have done much toward the cause of education in many ways, but now we offer you an opportunity it display your knowledge and receive most generous payment for a little study. The object of this contest is to give an impetus to many dormant minds to awaken and think; alse we expect by this competition of brains to extend the circulation of Woman's World and Jenness Miller Monthly to such a size that we shall be able to charge double the present rate for advertising in our columns. By this plan of increasing the number of subscriptions and receiving more money from advertisers of soaps, planos, medicines, books, baking powders jewelry, etc., we shall add \$50,000 a year to our income, and with this mathematical deduc-tion before us, we have decided to operate this most remarkable "missing letters" contest.
