FIREMEN AT HALLSTEAD.

A Red Letter Day at the Beautiful Village—The Visiting Lads Are Royally Entertained. Special to the Tribune. Hallstead, Pa., Aug. 26.—This has been a red-letter day for Hallstead and gives promise of being long remembered by our citizens—especially the firemen, the occasion being the ninth annual parade of our alert and active Hallstead Fire Engine and Hose Company, No. 1. The weather was perfect and each event passed off smoothly and without a hitch from beginning to end. The town was tastefully and beautifully decorated. The business places and private residences were resplendent with flags, bunting and decorations of a purely firemanly nature, which clearly displayed the respect and plain enjoyment of the town of our townspeople towards our brave and heroic firemen.

The parade was one of the greatest events ever witnessed in this place. Over 200 men were in line and each company as it passed were greeted by cheers. At the ringing of the fire bell the parade started at 2 o'clock and moved over the following line of march: Up Lackawanna avenue to Wellington street, to Dayton avenue, Dayton to Main, to Washington, to Pine street, to Church, to Du Bois, to Chase avenue, up Chase to Pine street, to Franklin, to William, to Susquehanna avenue, down Main street to Wellington and counter-march. There was the address to the firemen from the balcony of the Mitchell house by W. J. Pike, which was a very eloquent and forcible speech. The parade then passed down Main street to Franklin to Fremont's house, which it did. It was formed in the following order: Platoon of police, E. M. Gage, chief; E. E. Tuttle, chief of fire department, and visiting chiefs in carriages; Lawrence band of Scranton; Franklin Engine company, No. 1, of Scranton; Citizens band, of Union, N. Y.; Centennial Hose company, No. 1, of Union; Hallstead Delaware, Lackawanna and Western Cornet band; Hallstead Fire Engine and Hose company, No. 1; Borough council, visiting firemen in carriages. The following is a brief history of the Hallstead Fire company: It was organized in 1858 and dragged along until 1892, when it was re-organized and work commenced in earnest. One of the first things they accomplished after re-organization was the purchase of their Noy Aug steamer from a Scranton fire company. During the year of 1892 they held a fair, at which they raised \$1,000 which they used to help pay the debt on the steamer and purchase additional hose. They have attended fires at Foster, New Milford, Whitney's Point, Great Bend and other places. The company now has a large membership and enjoys the confidence and love of all.

AVOCA.

On Monday morning the joyful strains of the school bell will call the children of the borough into the school room. The buildings have been renovated and present an inviting appearance to both pupils and teachers after the many festive days enjoyed during the past week.

TUNKHANNOCK.

W. C. Kittredge is spending the week at Salamanca, N. Y., and Ridgway. Miss Anna Kirkham has charge of the office of A. M. Eastman while the latter is in Buffalo. Mrs. Arthur Robinson has returned to her home in Baltimore after spending the past two months with her mother, Mrs. E. G. Mills. Fred. Henniger, who is now located near St. Louis, is in town for a few days with his sisters. Charles Hard and wife, of Kingston, are visiting J. Wood Platt and family. Peter A. Miller will build a feed mill along the Lehigh Valley tracks, near the river bridge. Charles P. McDown has gone to Philadelphia and Baltimore for a vacation. Fred. B. Jennings has been painting the front of his new block on Tioga street. Henry C. Prevost has been receiving machinery for his new steam laundry.

NICHOLSON.

A very quiet wedding occurred at 4 o'clock yesterday afternoon at the home of Mr. and Mrs. Henry Wilkins, when their daughter, May, was united in marriage to Clarence McConnell, Rev. George F. Ace officiating. None but immediate family were present, but the immediate family were present. Frank Patton and Sherman Ralph fell from an outside stair landing yesterday afternoon, a distance of about twelve feet, and were quite seriously hurt. Mr. Patton is a blacksmith and lives on the second floor in the Wells block. At 5 o'clock he and Ralph, his helper, went to the house and engaged in a scuffle on the landing, when the railing gave way, and they fell to the ground in the alley. Dr. Kelly was called immediately and is doing what he can to relieve their sufferings, both are bruised badly about the head.

NEUROUS TROUBLES.

ALL KINDS cured with Animal Extracts. Free book sent on WASHINGTON REMEDIAL CO., Washington, D.C. For sale by Matthews Bros.

CARPETS.

We have the finest line of carpets ever brought to Scranton, all grades and prices. We also carry a full line of Draperies and Window Shades that we can save you money on by purchasing of us. Remember we are closing out our Wall Paper stock at less than half price.

J. SCOTT INGLIS, 419 LACKA. AVE.

WHEAT ECLIPSES THE TOP NOTCH

September Reaches One Hundred and Three and a Half. ADVANCE CAUSED BY BULLISH CABLES

The Flurry in September the Result of Another Turn of the Screws by the Bull Clique—Small Cash Business One of the Features of the Market.

Chicago, Aug. 26.—Wheat eclipsed the top notch prices of the present bull campaign today, the September option reaching \$1.03 1/2 and December, 96c. After exceedingly wild fluctuations September closed 87 1/2c and December at 92 1/2c, advance of 2 1/2c and 3c, respectively. The flurry in September was the result of another turn of the screws by the bull clique, while in December the advance was caused by bullish cables and crop news. The first fifteen minutes of the session in wheat was as bad as a quarter of an hour for the shorts in wheat and corn as any in their recent most experienced experience. The bull clique sprang at the compound once at the people who called margins on its brokers so heavily Monday, September when wheat opened at from 93 1/2c to \$1, or from 13c to 34c, higher than it closed yesterday and mounted 7c at a time until about ten minutes from the opening \$1.05 was bid, a price 6c over the previous day's closing price. December in the meantime had reached 96c, starting at from 94 1/2c to 96c, which quotations were 13 1/2c higher than at yesterday's closing. For a few minutes the market hesitated at these prices, then a decline to 96c in September and 94 1/2c in December ensued. The business during the next hour and a half was devoid of sensation, features and the heavy trading at the commencement winded into a sputtering of fives and tens among the speculators, during which September worked up again to \$1 and December down to 97c.

Probable, or at least possible, removal of the French import duties on grain, wholesale failure of the potato crop in Ireland and elsewhere, rebash of all that was known and much that was purely imaginary of the traders' minds, which the earlier fluctuations indicated.

One feature of the market was the small cash business, the rapid advance in price having brought that business to a practical standstill.

THE MARKETS.

Wall Street Review. New York, Aug. 26.—The striking fact about today's market for stocks was the absence of any large offerings to sell. The sharp rise of prices at the opening of the market was on a very moderate volume of purchases. The buying demand fell off almost immediately, but prices received very slightly and held firmly in face of an almost stagnant demand. The big buyers were practically out of the market, and even the small demand showed few stocks forthcoming so that prices moved easily in either direction. Even with the condition so inviting to manipulation, the market was apparently neglected by all interests and many stocks which have been active in the recent trading did not move at all during the entire day. The total sales 22,000 shares, in the low record for several months past.
