### OLYPHANT,

An interesting case was argued before Justice of the Peace Cummings on Sat-urday evening in which James B. Martin was plaintiff and the Catholic Mutual Benefit association defendants. Martin, who is a member of the association, entered action for the recovery of sic bene-fits which he claims are due him. He is an electrician and while in the employ tified the president and secretary of the society of his injuries and asked for benefits. The officers claim that the notice given was not sufficient, although the bylaws or resolution did not state whether a written or verbal notification should be given Astorney Invest E. The Press of Saturday says: John Rose margy, of West Mayfield, received a letter yesterday from his son, Richard, who went with Thomas Martin, of this town, last March to the Yukon gold field. The letter was dated July 1 and a significant feature is that he makes no mention of Frank Belcher nor of any sickness in Dawson City, Rosemargy at the time of writing was in the best of health and well pleased with himself for having gone to the Klondike. He had worked one month at \$15 a day and had then quit to go pros-pecting. Nothing in the Retai Trading of this city in years can compare with our record in Shoe Selling for last Saturday. We have practically been doing the shoe business of this town, and we have sold thousands of pairs at prices that were a revelation. It would seem as if every pair of shoes we sold was telling the story of the sale; how we bought them at one-half their regular price and sold them in the same way.

One satisfied customer brought another, and so on ad infinitum. There's the story of our success in shoe selling. We will go on this week in the same way, but probably the selling will be bigger, as the attractions are possibly greater than before. We would advise intending buyers to come during the week, as it was impossible for us to wait on one-quarter of the customers who crowded, or rather, over-crowded our store last Saturday.
