ORGANIZER FAHY PREVENTS A CLASH

Persuades the Strikers at Hazleton to Obey the Sheriff.

COAL AND IRON POLICE ON GUARD

One Hundred Members of the Force Go to the Assistance of Sheriff Scott, of Schuylkill--Pinkerton Men Occupy an Impoverished Armory at Hazleton.

Hazleton, Sept. 7.—Sheriff Martin, of Luzerne county, with a number of deputies, today routed about fifty strikers who were planning a descent upon the workmen at Cranberry colliery.

The strikers in the meantime formed in line ready to march, but Organizer John Fahy stopped them and read the sheriff's proclamation prohibiting such demonstration. After arguing with the men for some time he persuaded them to return to their homes.

When the men had dispersed Sheriff Scott returned to Pottsville, while the Pinkerton men and deputies returned to this city, where an improvised armory had been opened.

A Child's Recovery FROM PARALYSIS AND SIX YEARS OF CONVULSIONS.

Little Fannie Adams, of Umatilla, Cured of a Dreadful Malady A Cure of Unusual Interest—A Reporter Investigates.

From the Lake Region, East, Mo. For some time past the Lake Region has been receiving reports from Umatilla, Fla., of an almost miraculous cure that had been effected in the case of Fannie Adams, a daughter of A. J. Adams, of that place, and last Saturday a representative of this paper made a trip to Umatilla for the purpose of determining the authenticity of the same.

The family lives in a small village of the same name, where it was found that the people were cognizant of the cure which had been effected, and were rejoicing with the family in their new found happiness. The father, A. J. Adams, is a hard-working honest farmer from east Tennessee, and the family came to Florida four years ago in the hope that a change of climate would be of benefit to their afflicted child.

Fannie, the younger child, was born in east Tennessee, and was seven years old on the third day of February, 1897. When ten months old she contracted measles, which affected the entire left side. This stroke of paralysis was followed by convulsions, and from the time little Fannie was ten months old she has been a constant sufferer from the most distressing nature.

The family was all broken down with care, and Mrs. Adams states that for one year she did not go into her kitchen to superintend her household work. All the fingers of the right hand of the little girl are enlarged and misshapen, caused by her biting them during the fearful suffering. The mother and father were nearly driven mad and they were frank to say that they could not determine the cause, or prescribe a remedy to aid the afflicted child.

But what a change now in that household; for little Fannie has recently been released from her six years of agony, which brings the heart of her father and mother to tears. In January, this year, Mrs. Adams, who had purchased some of Dr. Williams' Pink Pills for Pale People for her four-year-old daughter, determined to try their effect upon little Fannie.

After three or four doses, she noted an improvement and she then told the father when she had taken five pills, and up to this time six boxes have been used. The first pills, Mrs. Adams states, were given in January, the latter part, and certainly not earlier than the fifteenth or twentieth, and the child had her last convulsion on February 23, nearly three months ago. Her general condition has improved in every way, and it was not a month after the first pills were taken when she began to walk without assistance.

The pills were bought at the drug store of Dr. Schellon, in Umatilla. In answer to the question, did he, to his personal knowledge, know that the remedy had benefited Fannie Adams, as was stated by her parents, the doctor said that he was a regular practicing physician, and as such was loath to recommend any proprietary medicine, but still he was ready to state that he knew of other children in the village who had been benefited by their use.

Dr. Williams' Pink Pills for Pale People are sold by all druggists, or will be sent post paid on receipt of price, 50 cents a box, or six boxes for \$2.50 (they are never sold in bulk or by the ton) by Dr. J. C. Williams' Medicine Co., Schenectady, N. Y.

THE MINERS' CAMPS ARE ABANDONED

The Pittsburg Strikers Are Anxious to Go to Work at the 65 Cent Rate. Dolan's Diplomacy.

Pittsburg, Sept. 7.—The convention of mine workers today to select delegates to the Columbus convention tomorrow was one of the largest ever held, and probably had been here extended in excitement and importance. The future of thousands of miners, their wives and children depended on the action of the gathering.

The delegates left tonight over the Pan Handle for Columbus, in the best frame of mind. This morning was the time set for the second presentation in court of the petition of the New York and Cleveland Coal and Gas Company, praying the court to issue an attachment for contempt against Patrick Dolan, and other miners' officials.

The hearing was postponed. The attorneys say the proceedings have not been dropped, but when the petition will be presented they could not say. The striking miners who were encamped at Irwin left for their homes today and abandoned their camp. The strikers said they were satisfied to take 65 cents, and will go to work. All the men of the Westmoreland and Penn Gas Coal company were at work today. At Hermine the miners are actually on the point of starvation.

They were receiving 62 cents, and voted to remain at work. The strikers from the river marched to Hermine and got the men out. The Berwind-White company then closed down their mine, fenced in the pits and shipped their mules to Cleveland. The miners are now out of work and out of money, and their condition is serious. They have begged the company to open the mine and let them return to work at the old price. But the company has not yet signified its intention of granting the request.

At the same condition exists at shaft No. 4 at Sewickley. The men there were receiving 65 cents and were satisfied. They were forced out by the river miners, and the Penn company has since then turned the mules out to pasture. Now the men are in want and wish to return to work.

Killed in a Runaway. Altoona, Sept. 7.—While Farmer George Moore, of Scotch Valley, and his daughter, Miss Clara, aged 20, were driving on Ninth street, this city, last evening, the horses ran off, throwing both occupants out of the wagon. Miss Moore was severely cut on the head and suffered internal injuries which resulted in her death this morning. Mr. Moore escaped with slight injuries.
