Neither the quality of the game as it is served up by the players of the Eastern league nor the membership of the league itself commends itself to the progressive people of the Queen City. DIAMOND DUST.

Cochran, the new Buffalo pitcher, comes rom the Caradian league Not since the days of the Cincinnati Red Stockings, the team that had a season of uninterrupted victories, has any team created the record of Lancaster for this year, of twenty-one consecutive victories. The best previous record was that made by the Baltimore team the first year it picked up the pennant—1591—eighteen straight cames before years by the Orleice. straight games being won by the Orioles.

Arthur Irwin recently expressed it to
the author of this column that he was prepared to sell his Toronto franchise. ir-win also remarked that he had had enough of the Eastern league and its methods. This paragraph from the Syra-cuse Herald may furnish the key for an interpretation of the true import of his remark: "It has been an open secret for a long time that some of the managers in the league are after Irwin, who is not particularly popular, with a big stick, and if Toronto finishes the season in first place, the pennant will not be surrendered with-out a hard struggle." Artie is apt to be confronted with some ideas that are un-pleasant when the directors come togeth-er.—Wilkes-Barre Record er.-Wilkes-Barre Record.
