THE SCRANTON TRIBUNE-FRIDAY MORNING, SEPTEMBER 17, 1897.

TO CURE DYSPEPSIA. A New Remedy Which Will Do It.

Chronic dyspepsia is considered by many people to be nearly if not quite incurable. No good reason can be given why they think so except that perhaps they have tried various reme-dies without much, if any benefit. But

the progress in every branch of medicine has been such that among other things a lasting cure for indigestion in its chronic form as well as temporary has been discovered and is now placed before the public strictly on its merits as a permanent cure for all stomach troubles or difficulties with the digestive organs.

This new treatment is called Stuart's Dyspepsia Tablets, being put up in tablet form so as to be easily taken and also to preserve its good qualities

for an indefinite length of time. This remedy has produced surprising effects in the worst forms of indigeston, and in many cases where ordinary remedies failed to give even relief, Stuart's Dyspepsia Tablets have

fully cured. The splendid results from using this preparation are owing to the fact that it is prepared and intended for Dyspepsia and stomach troubles only. It is not a cure-all like so many advertised remedies, claiming to cure everything under the sun, but it is claimed that it is a certain cure for Dyspepsia and anyone suffering from any form of indigestion cannot fall to get permanent CAMP LATTIMER

relief and cure from its use. It is so prepared and the ingredients are of such a nature that when the tablets are taken into the stomach they digest the food no matter whether the stomach is in good working order or not. You get sustenance and strength to mind and body by reason of the food being properly digested and at the same time the much abused stomach is allowed to rest and recuperate. Notwithstanding the great benefits to be derived from Stuart's Dyspepsia Tablets, the price is but 50c. for full sized package and all druggists sell

them. A little book on Stomach Diseases mailed free by addressing the Stuart Co., Marshall, Mich.

It got me out of the house in twenty-four hours. I took to my bed with Rheumatism nine months ago and the 'MYSTIC CURE' is the only medicine that did me any good. I had five of the best physicians in the city, but I received very little relief from them.
