WATER MAIN BROKEN.

The residents who are supplied with water in the district lying northeast of Jackson street, below Main avenue, were suddenly deprived of their supply yesterday. This fact occasioned surprise as no notice of a shutting off had been given. The mystery was soon explained when it was made known that the water main had been broken by a blast, fired in the excavations now being made on Chestnut street for a sewer. The strata here is rock entire and thus necessitates blasting. Shortly after 9 o'clock yesterday morning a blast was fired with the result that the water main was The shurt-off lasted several

A Thrilling Rescue.

A YOUNG LIFE SAVED IN A EMARKABLE MANNER.

Florence Sturdiyant, of Grindstone Island, Saved from an Untimely Death-Her Dangerous Predicament.

From "On The St. Lawrence," Clayton, N. Y.

Among the Thousand Islands is one called Grindstone. It is seven miles long and three wide. The inhabitants of this island are a well-informed class of people who devote their energies to farming and quarrying for a livelihood. In the home of one of these islanders resides Florence J. Sturdivant, the four-year old daughter of Mr. and Mrs. William H. Sturdivant. She had a remarkable experience recently.

Williams Pink Pills for Pale People, and I processed a box of the pills and began to ve them to Florence. This was in October, 1866. After using the pills a short time we could see an improvement. Her strength began to return and her appetite was restored. When she had taken one box the pains in her back and stomach ceased and her recovery seemed certain.

her back and stomach ceased and her recovery seemed certain.

"We eagerly purchased a second box of pills and watched with delight the change for the better that was being wrought daily. Florence finally became strong enough to walk a little. She gained in flesh and strength rapidly. By the time she had used three boxes of the pills she was evidently well. We continued the treatment using another box, the fourth, to prevent the possibility of a recurrence of the difficulty.

"We cannot praise too highly the value of Dr. Williams' Pink Pills. I am positive that without their use our child would have been a continued invalid."

(Signed) WILLIAM H. STURDIVANT. Subscribed and sworn to before me this sixth day of April, 1897.
