CORONER'S INQUEST AT HAZLETON

Investigation into the Deaths of the Lattimer Victims.

A LARGE ARRAY OF ATTORNEYS

Nearly All the Testimony Adduced Was a Repetition of That Brought Out at the Hearing at Wilkes-Barre—Witnesses Unite in Declaring That Sheriff Martin Pulled a Revolver on the Strikers.

Hazleton, Pa., Sept. 23.—Coroner McKee this afternoon began inquest into the deaths of the Lattimer victims. A two hours' session was held, during which a score of witnesses were examined.

There was present quite an array of attorneys and they occasionally suggested questions to the coroner, who carried on the examination. District Attorney D. A. Fell, of Luzerne county, was there, and H. A. Fuller, of Wilkes-Barre, appeared for the coroner. State Chairman Garman, John McGahren and B. F. Loughran, for the prosecution, and George H. Troutman, of Hazleton, for the deputies. Dr. Theodorovich, secretary to the Austro-Hungarian consulate at Philadelphia, and Dr. Cooke, attorney for the consulate, were also present. Nearly all the testimony adduced was a repetition of that brought out at the hearing of the deputies in Wilkes-Barre. Most of the witnesses were foreign strikers who were in the march halted by the deputies' deadly fusillade. They gave the details of the affair as already published and all declared that none of the strikers was armed. That Sheriff Martin pulled a revolver on them but no one attempted to take it from him; that no violence had been offered that official, and that the miners had no intention of making an unlawful demonstration. The hearing will be resumed tomorrow.

The strike situation remains unchanged today except for the return to work of those Harwood miners who were afraid to go back yesterday. Every colliery in the region worked and there was not the slightest disorder anywhere.

The question of the withdrawal of the militia remains undetermined, but that it will be sent to the end of the week is felt by those at headquarters to be almost a certainty.

Tonight the convention of delegates from the mine workers of the region is in secret session discussing the situation.

RECEIVER ASKED.

Bill in Equity Filed Against Glass Workers' Association. Pittsburg, Sept. 23.—A bill in equity was filed today asking for a receiver for the Window Glass Workers' association of America, local assembly No. 209 of the Knights of Labor, to distribute the funds and property of the association. The bill was filed by the officers of the Window Glass Flat-toppers and Cutters' association, and is the outcome of the recent dispute over the settlement of the wage scale. The plaintiff alleges that there is now in the treasury \$150,000 and they demand a division of the funds among the four trades comprising the association. They also ask for an injunction restraining the defendants from settling the wage scale on the basis proposed.

FEMALE ENEMY OF SPAIN.

Woman Who is Laboring for the Insurgents in the Philippine Islands. Philadelphia, Sept. 23.—Philadelphia is harboring a woman for whose capture Spain would pay a heavy reward. She is a native of the Philippine Islands, and her courage and bravery in behalf of the insurgent cause has resulted in the formation of a big expedition of arms, ammunition, and men now on the way to Japan, where the filibustering crew will be made up and will, within two months, sail for the islands. Marina Comenol Orbi Hozae Rizal is the widow of Dr. Hozae Rizal, who was executed by General Polavieja on December 5, 1896. Dr. Rizal was the

Many cases of arms and ammunition have been shipped by her to Canada, whence they will be sent to Japan. The work has been so shrewdly done that the presence of Mrs. Rizal in this city has been known only to two or three of her most trusted friends. She has been here a month.

DOCTOR TAKES HIS LIFE.

Preying Over Patient's Condition, He Took Poison. Reading, Sept. 23.—Word has reached Reading of the suicide of Dr. T. M. Augustadt, a native of this county, at Mahone Bay, N. S. He lived for many years near Lobsenzville and was a graduate of Muhlenberg College and of the M. L. A. M. Theological Seminary. He served a four years' pastorate of the Lutheran church at Mahone Bay, when he retired from the ministry and going to Philadelphia took a course in Jefferson Medical College. He then returned to Mahone Bay, where he has enjoyed a large practice. He became very much interested in the case of a young man named Enos Eisenhower, who suffered terrible agonies and piteously appealed to Dr. Augustadt for relief. This so preyed upon the young doctor's mind that he went to a barn and took poison.

Miss Darlington, who is the first woman ever admitted to this bar, announces it as her intention to open an office in this place immediately. She graduated with high honors from the law department of the University of Pennsylvania last spring.

WILL TEST OLEO LAW.

Commissioner Wells Retains Counsel and Will Enter Suit. Pittsburg, Sept. 23.—Levi G. Wells, state dairy and food commissioner, has retained a local firm of lawyers to enter criminal suits against Pittsburg oleomargarine dealers, with the purpose of testing the law against bogus butter. These criminal suits will be the first of their kind to be entered. Past suits under the oleo law have been of a civil nature. It is the desire of all parties concerned to have a final decision on the constitutionality of the law and with that end in view the cases will be carried to the United States supreme court. The suits are to be entered before the end of the week.

McLurg and Jacob Bauer, all firemen. The fire broke out about 5 o'clock in the grocery store and spread with great rapidity. Soon after the firemen arrived there was a loud report and the side wall of the building, which was three stories high and built of brick, fell and sent bricks flying in all directions. The unfortunate spectators and firemen who were struck by the flying debris were hastily removed to the hospital, where it is said, they are all in a serious condition.
