other day that during his sojourn here other day that during his sofourn here of a number of years, he had noticed the many former resi-dents returning to this place to die. The significance of this fact may be that quietude is one of the most napicuous aspirations of some of our good people and hence most congenial surroundings in which to spend the closing days of one's earthly pilgrimage. A number of people from this place attended the Allen town fair this week. MICHAEL EDEN.

Writes a Letter to Dr. Hartman,

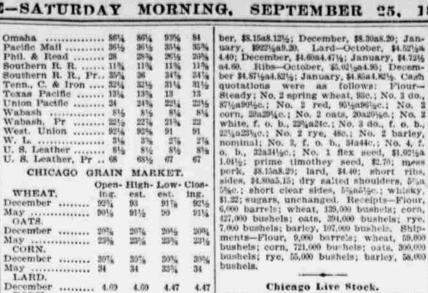

Columbus, Ohio. Michael Eden, Keokuk, Iowa, in a recent letter to Dr. Hartman, says: "Your medicine is not gold or silver, but the health of life; and health is worth more than gold. We have had your Almanacs for years. My wife was alling, and I told her to try Pe-ru-

na. She replied that one Almanac said one thing and the others another thing. That she did not know whether Pe-ru-na was any better than other medicines. But I told her to go to town and get some Pe-ru-na, which she did. My wife began to take it immediately, and in two or three days she began to talk differently, and say that the medicine did her good. In a week she was able to do the work. After that she had a sick spell, and Pe-ru-na cured her again. The doctors charge from \$2

to \$5 a visit to ride out in the country; \$5.75; do, in bulk, \$3.25. they get their money, but the sick one is not well. But a bottle of Pe-ru-na, which costs \$1, restores the health. My wife was thin, feeble, no appetite, everything hurt her, cramps, headaches

ways in the house." R. Heiser, a popular druggist of Keokuk, confirms the above letter, as follows: "Mr. Michael Eden requests me to state that his wife suffered six or seven years with score pairs in the seven prints, 21c. William Jeffery, of Fourth street, is making for himself a reputation as a doctor of rheumatism. He has been successful in making some remarkable cures and is having an increase of patients. He makes his own medicine, producing it from herbs gathered from the fields and forests. He first discover d this remedy and applied it to himself a number of years ago, when severely afflicted with this disease. Amon the cures which Mr. Jeffrey has treated and entirely caused is George Smith, of Maltby, who for a long time received treatment from some of the best physicians in Luzerne county without any beneficial results.

The ladies of the Presbyterian church are arranging for the rendition of an operetta in the near future. The first rehearsal will be held on Tuesday evening next under the direction of E. J. Hanell.

It is reported that farmers about this vicinity are shipping car loads of tomatoes to Maryland to the canning factorics in that state. This ought to be a thought worthy of consideration by those who have in mind the establishment of a coming factory in this place. There is apparently no reason why such an industry would not meet with great success in this valley. It is certainly necessary that a factory be properly equipped with modern machinery and it be managed by the best of labor in the coming business, that first-class goods be turned out. The excellent home market would uncoubtedly give a ready patronage to day and date, J. F. Wells was united such an industry. Mr. and Mrs. Gasper Oberdorfer gave

a dinner to a number of their friends at their home in Harding on Thursday. Among the guests were: Mrs. George Wilson, of Mt. Zion; Mr. and Mrs. Lewis Oberdorfer, of Harding, and Rev. Mr. and Mrs. Robert R. Thompson, of Wyoming.
