admitted owing the bill, but denied having any disposition to defraud.

Inasmuch as it appeared from the

evidence that Quick had removed the

greater part of his effects from Pur-

SILK MILL BONDS.

The trustees of the silk mill have so far arranged affairs that the bonds will be issued next week. The title papers have been cleared, the mortgage signed and obtained from Klots Aldenville. Bros., the liens against the building paid off, so that the bonds will be given to the subscribers. The remaining stock, \$16,500, has been taken within the past few weeks. The interest on the bonds can then be paid and will prove a first-class investment. The Klots company is in a prosperous condition. The mills are working night and day. More help is needed in the mill. The bondholders feel that they are well secured by the valuable property they hold.

FIRE AT SIMPSON.

Yesterday afternoon at 2 o'clock a fire started in the saloon of Peter Go-gotz and soon gained great force, as a strong west wind was blowing. At once the building adjoining caught fire land. and other structures, until five were in flames. The houses were occupied by Polish tenants and there was great | tage at Crystal Lake. confusion and excitement in the effort to save their effects. Some twelve or fifteen families suffered loss. The buildings consumed were owned by the following: Philip Gogotz, Timothy Hawran, Barney Feslinsky, Fritz Marchuck. A bucket brigade was formed and pumps used, but the heat was so intense that efforts to save the buildings were useless.

MEETING OF COMMON COUNCIL.

The regular meeting of the common council was held on Monday evenng. The contract for constructing the Spring street sewer was given to Hugh Atkinson. An invitation for the ccuncils to accompany the Mitchell Hose company to Wilkes-Barre on Oct. 7 was received and placed on file. The ordinance fixing the salary of the chief of the fire department at \$100 per year was passed on two readings. A number of resolutions from the select council were concurred in. A number of street improvement bills were ordered 'paid.

LAST CHANCE STRIKE.

It is thought that the miners at the Last Chance colliery will return to work if the company will again open the mines. A large number of the striking miners favor returning to work. It has been reported that the work will not begin before spring, on account of the cost if working in winter. The miners have not asked the company to open the colliery, but a meeting was called yesterday to decide as to a course. It is the general wish that the mines may open again

MEETING OF HOSPITAL BOARD.
