\$8.00 to \$25.00 Coverts, Coverts--it's nothing but Coverts everywhere. It is the popular fabric for the Fall Overcoat, and if you haven't got a Covert Coat you're "not in it." New York has gone wild on Covert Coats and it's the same in Scranton and all over the United States. Let us tell you right here, that it's worth your while to look into the merits of the best ready-made clothes before turning to a cheap tailor--in fact, any tailor. The old bugaboo tale, "a ready-made look," no longer applies to the rightly made kind, though if you want quality in clothes you must go where quality is. Our Overcoats for fall come up to the mark. They fit, they are stylish, they are well made from the lowest to the highest--\$8.00 to \$25.00. See them in the window. Pants You'd think that pants were the most important part of man's dress, to hear King talk about his famous trousers. He fairly goes in ecstasy over them. "See," he says, "how the leg hugs the heel, the graceful hang over the instep--not a wrinkle--the shapely curve of the leg that seem to touch all over and yet do not cling too close--this neat fit over the hips, all as perfect as if done by the tip-top tailor." He puts in the same cloth the custom tailor uses and pays tailors' prices for cutting and making; he guarantees to fit any man, from the slimmest to the stoutest. Try "King's" pants next time. \$4.00 to \$7.50. Samter Bros. Clothiers, Furnishers, Hatters.
