#### STARBUCK TALKS.

Frank Starbuck, the winner, said: "From the shet of the starter's pistol, I was of the opinion that I would be the first man in America to defeat Michael, I was very confident of success and never tired once in the journey. I was in superb condition and found that no pace was too hot for me. It was a great race, but I can not call it a hard one. I have all along been of the opin-ion that I could bent Michael and I am greatly pleased to know that thousands of my friends witnessed the event."

There was a suspicion of a sob in Michael's voice when he said: "I have no excuse to make other than that my pacemakers did not work to suit me, Several times their work was so bad that I was compelled to follow Starbuck. It was a great race and Starbuck deserves credit for his victory, I can defeat him though, and will prove ancing that the last lap was on, my pacing seemed to get worse than be-

O. S. Bunnell, Starbuck's manager, fairly beamed on the interviewers. He

"We had the best material and won. I have always claimed that 'Star' could heat Michael, and he proved that I was right. Starbuck has never been rightly tried out, not even in today's race. He is the best rider in the world,

Dave Schaefer. Michael's manager, taid: "It was our day off. Our pacing machines went back on us. I do not mean to take any credit away from to \$300 that my boy could beat him, it was a great race, the most exciting I have ever witnessed, but I am of the opinion that Michael would have won had his pacing machines not gone back on him. Jimmy can beat Starbuck at any time!

Exhibition Season Opened in Real Earnest on Saturday.

EACH OF THE BIG ELEVENS WON

Pennsylvania, Cornell, Harvard, Yale and Princeton Won Their Games and by a Big Majority in Nearly Every Game .- Bucknell, Lafayette, Westeyan, Williams and Lehigh Among the Losers.

The college season of foot ball opened with a concerted rush on Saturday. Nearly every college eleven in the east had a game scheduled and the winners were almost without exception those teams which have been for some time in training. Some of the games fol-

Detroit, Mich., Oct 3.-Yesterday's National Circuit cycling races wound up with five of the fastest of the racing stars badly spilled along the track. Just after the last eighth mile of the final event of the day in the two mile open professional was reached Cooper's wheel struck that of Butler. Both were thrown, and Bald, Mertens and Kiser tumbled over them in a bad mixup, Mertens' right side was pain-fully injured. Bald received a bad blow in the side, and all had a severe shaking up. This gave Loughead the race, which he was already in fair way of winning.

Wood and Carlson, amateurs, went a mile on a tandem in 1.54 beating the world's amateur record and equaling the professional tandem record. Sum-

#### IRISH BULLS.

#### Many of Them Have Been Prepared with Great Care.

From the New York Sun. Among the members of the old Irish Parliament there were many who loved a joke and who believed that, while any fool might make a good pun, no fool could make a grand bull. Sir Boyle Roche used to prepare his bulls with the greatest care, and many of them overed a withering sneer, while others, applied to certain conditions, contained sound advice. Two examples will suffice: Commenting upon the exaggerations of the period, he wrote to a friend: "The country, as you know, is in a dreadfully disturbed condition. While I am writing this letter I have a sword in one hand and a pistol in the other." "The best way to avoid the

threatened danger is to meet it plump," But, without going back to the days of Sir Boyle, it is only necessary to refer to the report of one of the compara-tively recent census officials in Ireland. He gravely stated that in a certain county "more men were married than women!" On being taken to task by his superiors for his "atrocious Irish bull," he denied its existence, and had the laugh on them when he said that in the county in question handsome and well-to-do widows were always in de-mand, and some of them had buried two or three husbands. That was precisely the state of affairs that put the At Franklin Field the Pennsylvania marriages among the men in the ma-
