THE PROGRAMME OF SPAIN

It Will Be Carried Out with Firmness.

Prompt Action Will Be Taken in the Case of Philippine Islands, Where the Situation Admits of No Delay. Woodford Has Received No Instruc-

Madrid, Oct. 5.-Senar Moret, the minister for the colonies, it is semiofficially announced, has decided to apply as soon as possible all the measures which are comprised in the programme of the Liberals regarding the Antilles, including all that is necessary for the application of autonomy for Cuba in the form permitted by the circumstances

It is reported here today that the United States minister, General Woodford, left at the foreign office yesterday an official note from Secretary

Premier Sagasta in an interview is quoted as saying that most important questions are before the cabinet ministers, who have a thorough knowledge of the financial position of Spain and possess accurate details of the war situation in Cuba and the Philippine islands. The government, Senor Sagasta added, will carry out its political and military programme with firmness and sagacity.

When the premier was questioned regarding the future of Captain General Weyler, he said he supposed Weyler would resign, adding that if he did not do so he would be recalled. In conclusion Senor Sagasta said that the most prompt action would be taken in the Philippine islands, where the situation, he explained, admitted of no

Washington, Oct. 5 .- It can be stated sitively that Minister Woodford has no additional instruction rom Secretary Sherman or any other government officer. His call was either one of courtesy to introduce himself formally to the new Spanish administration or to lay before it some matter not fully outlined in his talk eith the Duke of Tetuan. He bore no letter from Secretary Sherman, and it can be stated authoritatively that it is the policy of the administration to let the new Spanish cabinet becom settled in office and not press it to act

The cabinet at its meeting today took no action of importance. The Spanish-Cuban situation was considered in a desultory way in connection with a cablegram from Minister Woodford announcing the formation of the new Sagasta cabinet. The cablegram however, contained no new information, and the discussion was largely in the nature of comment and an exchange of views as to the effect of the change of government in Spain. No action was taken.

SAGASTA CALLS ON WOODFORD. Madrid, Oct. 5.-Senor Sagasta was the first visitor at the United States egation this morning. His interview with General Woodford was cordial. but absolute reserve is maintained a what passed in the conversation.

### HENRY GEORGE HAS ACCEPTED

Democratic Candidate for Mayor of

Greater New York .- An Ovation at Cooper Union -- Hundreds Are Unable to Gain Entrance.

New York, Oct. 5 .- Henry George ac septed the nomination for mayor of Freater New York at Cooper Union tonight. It was in the same hall and be ore many of the same people that he accepted the nomination eleven years ago. In 1886 he received 68,600 votes. It was the greatest outpouring of the people seen in this city during the presen campaign. The doors were opened at 7.15 and in less than two minutes every scat in the big hall was occupied and the airles as far as the police permitted were crowded.

Hundreds were turned away during the next fifteen minutes, and by 8 o'clock several thousand, unable to gain admis-sion, assembled outside and held open air meetings in the plaza, which were addressed by several local speakers. Henry George's appearance before the meeting was the signal for an outburst of cheer-ing that lasted three minutes. Jerome O'Neill, of the Central Labor

union, presided. The chairman said it was the purpose of the meeting to give the greater city of New York an op-portunity that had been denied by the machines of both political parties to go forth on its new career in charge of one who will see that all the people have

equality before the law, The chairman mentioned the Chicago platform, whereupon the entire audience rose to its feet as one man, hats and handkerchiefs were waved in the air. and the cheering continued for several minutes. The secretary then read the following telegram from C. A. Walsh. secretary of the national committee, and member of the committee from Iowa:

"There is no Democracy save the De-nocracy of the Chicago platform. The anization that refuses to r Democrats of this country cannot be the regular Democratic organization. address of welcom At the conclusion of Mayor Nichols' address, Colonel Harvey called president Tittle to the stage and presented him with a gavel, the hammer of which was made of coal taken from the Twin shaft, at Pittston, in which fifty-nine men lost their lives in June,

President Tittle then read his annual address. Among the recommendations he made were the following;

I am of the belief that at the next ses on of the legislature there should be a bill introduced, under the auspices of the law committee of our association, mak-ing it obligatory upon the brokers of other states doing foreign insurance busi-ness in Pennsylvania to pay their pro rata share to the state treasury, whereby the revenue of the state will be inreased and the firemen benefitted ac Speaking of the condition of the fire

department of the state, the report

Notwithstanding the continued depres sion in business, now happily passing away, the men in the different fire departments of the state are full of san-guine hopes for the future. I am well ware that to keep a fire department in first class condition requires money, tim and constant attention to details, and the volunteer department must be kept up mainly by the contributions of the embers. You are also aware that in all the municipalities of the state, and especially where the volunteer departments are still in existence, the amounts ap-propriated for their subsistence are very carre indeed, and the consequence by hat the members are severely keep their companies affoat and the apparatus in first class condition. This will pardly apply to the members of the paid lepartments, because the authorities of e municipalities there are required to appropriate sufficient sums to meet the emands for their respective depart

During the year 1896-97, I visited many of the departments throughout the state, and found most of them equipped with more improved and modern apparatus."

SECRETARY'S REPORT. Secretary Wunder offered a detailed report, which contained the following

figures; Total receipts, \$1,062.50; ex-

penditures, \$683.89; balance, \$378.61. There have been sixteen new departments added to the roll and many companies have paid up their back dues. The corresponding secretary, James A. Green, submitted his report, expenditures, \$54.66, used in his correspondence during the year. He also reported

flattering progress in the work of or-The report of Treasurer John Slingluff, including the receipts and expenditures for the year ending Oct. 4, 1897, was as follows: Receipts, \$1,817.18; expenditures, \$683.37; cash in treasury, \$1,133,31. The executive committee' report dealt mainly with the legislative action on the firemen's pension bill. Section 18 of house bill No. 502 was successfully attacked and the bill in its present shape is a benefit to all

members. The fight against the amend-

ment killed the motion in committee

This evening the visiting firemen were tendered a banquet at the Ninth regiment armory. In the absence of Judge Woodward, Frank Wheaton, esq., presided. Covers were laid for eight hundred. Among the subjects discussed were the following: "Should Not Tool or Supply Wagons Be Adopted in all Fire Departments?" "What Constitutes a Well Equipped Fire Department for Villages and Boroughs of 1.000 to 5.000 Inhabitants?" "What Method Would be the Simplest and Eest to Adopt to Prevent Crowding on the Firemen While in Service?" "Which System of Carrying Fire Hose is Best for the Preservation and Life of the Hose?-the Reel or Wagon?" "Should Not all Buildings Used for Manufacturing or Storage Purposes be Ex amined by the Officers of the Fire Department for the Purpose of Knowing Where Best to Enter Them in Cases of Fire?"

London, Oct. 5.- Bar gold was bought in small amounts in the open market here today, and the general belief is that it is destined for America. The demand for gold for this purpose threatened the withdrawal of eagles from the bank of England at one time

5 P. M.-There were small purchases of gold in the open market today for New York. This is not generally known. Every one says the demand is but New York was a buyer also. I cannot discover any actual engagement from Paris for New York, but

Opinions here differ widely as to whether eagles will go to New York from the bank of England, but unless nary turn the best opinions look for shipments soon.

### THE AUSTRALIAN PRODUCT.

New York, Oct. 5.-The millions of dollars of gold which was received from Australia at San Francisco is beginning to arrive in this city. It is being sent thither by registered mail. One bank received \$100,000 today, and a private banking firm was in receipt of \$400,000. The gold comes in canvas bags holding \$1,000 each, in shape like a sausage. The Populists and free silver men are said to have favored the abolishment of the law of supply and demand, but these little canvas by the fire-damp. The cause of the ac- show that the law is still in full force. The government having declined to transfer the gold from San Francisco to this city at government express rates, or to pay out currency for it here on telegraphic transfer, the importers, finding the ordinary express charges too operous, adopted the cheaper plan of sending it by registered mail will make a thorough investigation. taking out policies of insurance against loss. This necessitated a case of some sort lighter than wood for its transmission, and the result is the little canvas bag, with a strip of leather sewn on one side, into which is slipped a piece of cardboard bearing the necessary postage. Thus the bags can be used over and over again. The coin that is being received consists of new \$20 pieces of 1897 mintage, which is paid out at San Francisco in exchange for the Australian gold deposited there. In a "shipment" by mail of \$500,000 in gold in this way, consisting of \$20 pieces, it will be seen that there must be 500 bags, each bag containing fifty coins.

The actual rates for sterling exchange were reduced today, the rate for demand being 4.841/2 for the first time this season. At that rate, coupled with the present price of gold in London, foreign bankers said immediate gold imports were probable, especially as the call-money market here was easy at 21/2 per cent., and a large supply of cotton bills is certain.
