MILE RECORD BROKEN BY JIMMY MICHAEL

The Welshman Clips 2 1-2 Seconds from the American Paced Mile.

PACED BY SEXTETTE AND A QUAD

Mile Was Covered in 1.36, and One Quarter in .23 3-5, the "Little Demon" Calling on His Pacing-masters for Faster Time--He Will Go for Records from One to Thirty-three Miles Tomorrow.

Philadelphia, Oct. 7.—"Jimmy" Michael, the little Welsh wheelman, on the Willow Grove track today clipped 2 1-2 seconds from the best American record for one mile paced. The record was 1.38 1-5, made by Eddie McDuffie, of Boston, about six weeks ago. Michael's time today was 1.36.

The fastest world's mile was made by J. S. Stocks, in England, about one month ago, when he covered the distance in 1.15 2-5. Stocks was paced by motorcycles, and his time was not recognized on that account.

Michael was paced by a sextette and quad, and established the record after one trial, in which he equalled the track record of 1.38 4-5.

Michael has been training all this week on the track for trials at all levels from one-third of a mile to thirty-three miles, to be made next Saturday. He received special sanctions for each day of the week, and his managers considered him in condition to make a trial for the mile record.

The timers were H. D. Simmons, Louis A. Hill and J. B. Fontaine; the judges were James Dorsett, W. H. Webster and Harry D. Lecato. Abe Powell represented the L. A. W.

The first trial was made in 1.38 4-5. On the quarter of the second trial the remarkably fast time of 23 3-5 was announced. After the half Michael showed his ability to hold by calling on his pacers to go faster.

Amateur Two-third Mile Record.

Cincinnati, O., Oct. 7.—Harry Sidwell, of Covington, Ky., broke the world's amateur cycling record for two-third of a mile in a race against time this afternoon. Sidwell's time was 1:09 2-3. He was paced by a quad.

Played by the Boston and Baltimore Clubs at Worcester.

Worcester, Mass., Oct. 7.—The Boston and Baltimore league teams played here today. The game was merely an exhibition contest, and in consequence the men played rather listlessly. LOCAL FOOT BALL NOTES.

The Carlisle Indians will play the Bloomsburg State Normal school team at Bloomsburg tomorrow. The Normal school team is very strong this year, having held Lafayette down to 14 points. The reputation of the Indians is known far and wide. This will probably be the only opportunity of seeing the Indians play in this section of the state. The Normal team, notwithstanding the loss of Owens, of this city, and Worthington, who is now playing at Lafayette, is as strong as ever before and a good game is expected.

The second team of No. 14 school and No. 18 school first team played an exciting game of foot ball yesterday. The feature of the game was the second-yard dash of Ernest Griffiths for a touchdown. The line-up was Beavers, center; Jones and Kocky, right guard; Phelps and Paine, left guard; Thomas and Coor, right tackle; Stevens and S. Louis, left tackle; Shother and Trayer, right end; E. Beavers and Eynon, left end; Dale and Blair, quarter; J. Thomas and Griffiths, left half; Louis and Williams, right half; Powell and Carpenter, full back; Dawes, touch down; Griffiths, referee.

The Sanderson Hill Comets would like to hear from some of the managers of Sunday teams, and arrange games with them for the rest of the season. For further particulars see E. Croft, manager; E. Todd, captain.

The Sanderson Hill Comets would like to hear from any team not averaging over 100 yards for a game Sunday, Oct. 10, 11 and 12, on any grounds. Answer soon and name the grounds. E. Croft, manager; E. Todd, captain.

WEDDED IN ST. LUKE'S CHURCH.

George Taylor and Miss Mary J. Hughes Made Man and Wife.

Miss Mary J. Hughes, daughter of Mrs. William J. Hughes, of 1166 Luzerne street, was quietly married to George Taylor, of Monroe avenue, yesterday afternoon at 2 o'clock. The ceremony was performed at St. Luke's Episcopal church in the presence of a few intimate friends. Rev. Rogers Israel, rector, officiated. The bride, costumed in a pretty traveling suit of brown cloth, was attended by Miss Lane, of the Lackawanna hospital, while Harry Taylor, a brother of the groom, acted as best man.

Mr. and Mrs. Taylor left on the 3:30 Delaware, Lackawanna and Western train for New York city, on their wedding tour. They will in all probability reside there. Mrs. Taylor is a charming young woman who has a large circle of admiring friends. Mr. Taylor is a traveling salesman for a large New York city hardware company, and is very well known throughout the valley as an instructor of dancing.

ALMOST A PANIC.

Children Made a Rush to Get Out of St. John Parochial School.

There was almost a panic in St. John's parochial school on Fig street yesterday afternoon. The furnace had been heated for the first time this year and before the chimney became heated it did not draw well and there was a considerable amount of smoke in the building.

A woman who was passing saw smoke issuing from the windows and rushing into the building shouted out that the structure was on fire. The children made a rush for the exits but owing to the presence of mind of the sisters in charge of the school a degree of order was restored and the children got out without injury.

ALWAYS ON TIME.

Western Drama Holds the Boards at Davis' Theater.

A drama with a strong flavor of the wild west about it is "Always on Time" which was seen at Davis' theatre yesterday afternoon and evening. It is a drama with a clean cut plot and plenty of wholesome, honest sentiments. The drama is well staged and interpreted by a competent company.

During the action of the play specialties are introduced by Anna Little, W. H. St. James and Daniel McCoy. The drama will continue to hold the boards at Davis' this and tomorrow afternoons and evenings.

THE BEST OF ALL KINDS.

Wonderful Feast of Good Things Within the Reach of All Next Sunday.

Not content with inaugurating a special train service which will bring the great Philadelphia Sunday Press to this town in advance of the arrival of other papers, the publishers have arranged a feast of good things for next Sunday's Philadelphia Press, (October 10), which has never been equaled in a single issue of any newspaper. A representative of the Philadelphia Sunday Press, at the risk of his life, investigates the precautions taken to keep the yellow fever out of this territory. The interesting discovery has been made that there are millions of germs for everybody. One of the foremost scientists of the day advocates a revolution in the method of brain study. S. R. Crockett begins a new series of absorbing interest. Walter Camp and George Woodruff write exclusively for the Sunday Press on the foot ball outlook. In addition to all this a beautiful picture, entitled "Sweet Reverie," is presented free to every reader. You had better order next Sunday's Press today.

SELECT COUNCIL IN VIGOROUS MOOD

Sets a Good Example for Other Scranton Municipal Bodies.

BIG LOT OF BUSINESS HANDLED

Lower Branch's Award of Asphalt Repair Contract to the Barber Company Was Concurred in—Property Owners, Scranton Railway Company and the City Will Pave Upper Lackawanna Avenue—Railroad Gates for North Main Avenue.

The select council has quite frequently of late been setting the other Scranton municipal bodies examples of how to dispatch a big volume of business properly and with speed. It did that same last night.

City Solicitor McGinley on Sept. 16 wrote to councils as follows in relation to the Seventeenth district main sewer: "The viewers have reported that the total costs . . . would be \$26,000 of which the city is assessed with \$22,963.75 and the abutting property owners with \$13,036.25. I have appealed from this report so far as it relates to the assessment against the city. If you desire that this report shall stand and the city pay this assessment of \$22,963.75, so advise me and I will withdraw the appeal. If you conclude that the city should not pay this assessment and desire it contested, instruct me accordingly and I will continue the proceedings already instituted."

The judicial committee, through its chairman, Mr. Lansing, submitted the following report: "Your committee approve the action of the city solicitor in taking an appeal and recommend that no further action be taken in regard to this sewer as there is no \$22,000 available at present but they would suggest that an ordinance be passed asking the people of the city to authorize the issue of \$100,000 bonds for general sewer purposes."

MR. ROCHE OBJECTS.

Mr. Roche advocated withdrawing the appeal and permitting the construction of the sewer. He contended the contractor could secure his pay by petitioning court which would direct a levy to cover judgment. Mr. Roche further opposed a "dribbling" issue of bonds. He thought a much larger issue than \$100,000 should be made, if any.

The report was adopted, a number of members not voting.

A complaint from the board of health concerning the unsanitary locality at the corner of Brick avenue and Oak street and along McDonough avenue was referred to the councilmen and the city engineer with power to act.

The payment committee's report was adopted recommending that the contract to pave Dix court from Linden street to Mulberry street with vitrified brick on a concrete base be awarded to M. J. Ruddy at \$1.75 per square yard for pavement, 49 cents per foot for sidewalk, and 5 cents per lineal foot for curbing curb.

The claim of Casper Sasson for \$637.51 for grading Fig street, was ordered paid on recommendation of the judicial committee.

The contract for erecting an iron fence on Railroad avenue in the Sixth ward is referred to the city engineer. The contract for erecting a fence on the Scranton Iron Fence company, the price being \$69.

An opinion was received from the city solicitor regarding the city's liability for injuries resulting from excavations, etc., inside fence lines. The opinion was that the city was liable to erect barriers and take precautions against injury to pedestrians but was not liable for injuries to persons using or entering the properties in question.

ONE POINT OVERLOOKED.

City Solicitor McGinley did not state what recourse the city has to compel property owners to guard against possible accidents. As this was one of the questions submitted for an opinion the city solicitor's communication was referred back to the author for a future opinion.

Common council's resolution awarding to the Barber Asphalt Paving company the contract for repairing asphalt pavements was adopted. Other concurrent resolutions were adopted as follows: Providing for a fire hydrant on the corner of Irving avenue and River street; directing the fire committee to investigate the sanitary condition of Century Hose house; permitting property owners on the south side of Linden street, between Webster and Clay avenues, to connect with a sewer on Alton place to connect with the Webster avenue sewer; directing the city assessors to place a nominal valuation of \$100 on the grounds and plant of the Realing, David & Shoen silk factory for a period of ten years; providing for a fire hydrant at the corner of Irving avenue and River street.

Mayor Bailey's nomination of James O'Boyle as inspector of the lateral sewer on Farber court between Olive and Ash streets, was confirmed.

A resolution was adopted directing the city engineer to prepare plans for laying flagstone on the sidewalk and gutters on Clay avenue between Myrtle and Pine streets.

The common council ordinance providing for a sewer on Von Storch avenue between Main and Glen streets passed by readings. A common council ordinance passed referring to gutters on sidewalk on Meridian street between Luzerne and Ninth streets.

LACKAWANNA AVENUE PAVE.

The select council ordinance providing for paving Lackawanna avenue between Main and Washington avenues with asphalt at the expense of the property owners and city, three-quarters and one-quarter respectively, the city to pave the intersections and the Scranton Railway company to pave within its tracks, was adopted.

The city engineer presented an ordinance providing for a sewer on Leggett's creek branch of the Delaware and Hudson railroad on North Main avenue and imposing a penalty of \$10 per day for each day the gates are not operated within sixty days after the passage of this ordinance.

An ordinance providing for the opening of Wyoming avenue between Olive and Ash streets was introduced by Mr. Roche and referred to committee.

A rather ambiguous resolution and one that the members thought needful of investigation was introduced by Mr. Burns and was referred to committee. It provided "That the practice of having claims against the city approved by city councils shall be disposed with, except in cases where a member states
