

### YELLOW FEVER MARCHING ON

#### New Cases Are Appearing at Every Hand in New Orleans.

#### SEVEN CASES AT MOBILE

#### Two Deaths Are Also Reported.

#### Considerable Alarm Is Felt at Montgomery—Four Cases Cause Consternation at Galveston, Texas—An Opinion That the Complaint Is Dengue.

New Orleans, Oct. 10.—The fever situation here grew no better today. New cases appeared in various portions of the city, many of them, however, being reported in houses where there was already infection. There were several deaths, and in one case the fatality occurred not long after the report of the case to the board. Three persons were reported sick in the Call family this morning, and during the day one of them died. The second death among the cases in Algiers was reported today. Two of the deaths today were in Carrollton, which, relative to population, has furnished more fatal cases than any locality in the city. Miss Carrie Gieker, who died today, was only reported ill yesterday. Tonight her mother was announced to have yellow fever. Today's record was five deaths and thirty-five new cases.

Mobile, Ala., Oct. 10.—Seven cases of yellow fever, two deaths in the city and one at Magazine Point, and three recoveries, make the record for this city for the past twenty-four hours. Montgomery, Ala., Oct. 10.—Considerable alarm was caused here in the past twenty-four hours by the report that a malarial fever named Stebbins had been introduced into the city. After examination today an order was issued announcing that Stebbins' death was due to poisoning from eating canned salmon. There is no reason to suppose that there is any yellow fever in the city. Galveston, Tex., Oct. 10.—Dr. Guleras today reported four cases of yellow fever here. He says he is sure of his diagnosis. The opinion of a majority of physicians here is that there is no yellow fever at Galveston, but a type of dengue fever has existed for the past sixty days; that there have been fifteen thousand cases of dengue and not a single death.

#### BEHIND GEORGE'S CAMPAIGN.

#### Danger of the Movement Pointed Out by Mr. Watterson.

Louisville, Ky., Oct. 10.—In the Courier Journal yesterday morning Mr. Watterson points out to the country the threat in the Henry George campaign for mayor of New York. He shows that Mr. George embodies all that is wrong in the Chicago platform. After declaring that the self-governing principle is now as distinctly on trial as it was in France a hundred years ago, he says: "Another danger has passed and, turning from the lessons of the reign of terror of France to the results of the victory for will and religious freedom in the United States, we see that liberty threatened by the license which inflamed the French; we see all that was achieved by the wisdom and moderation of the American revolution menaced by the lineal descendants of the fathers of the Reign of Terror. In Governor Alge, behind Robespierre; in Tillman, Danton; in Henry George, a possible reproduction of that incisive writer and humane philosopher who, manacled by too much brooding over the wrongs of man, became the bloody Marat."

#### HAUL OF \$10,000.

#### Home of Francis Scott, of the Century, Burglarized.

New York, Oct. 10.—The home of Francis H. Scott, president of the Century Magazine company, in Orange, N. J., was entered by thieves on Friday, and articles of wearing apparel and household goods amounting to \$10,000 in value were carried off. The police of this city have arrested three persons and have recovered most of the property. The thieves were Mary Rogers, alias "Chicago May," and when the detectives broke into her room two revolvers were lying on the bed. She tried to shoot them to the men, but was overpowered.

#### QUIET DAY AT WILLIAMSPORT.

#### Mrs. Annabelle Holvey Delivered an Address to a Large Audience.

Williamsport, Oct. 10.—No work was done today by the Woman's Christian Temperance union, but several addresses were delivered. Nearly every pulpit in the city was supplied by a delegate. In the afternoon Mrs. Annabelle M. Holvey, of West Pittston, delivered an address to a big audience in the court house, and this evening people were turned away from Pine Street Methodist Episcopal church, where Rev. Anna Shaw delivered the convention sermon.

#### FLOURING MILL BURNS.

Atelison, Kas., Oct. 10.—Fire this morning destroyed the flour mill and warehouse of John M. Cain, together with the Central mill, the Cain block and five small frame buildings. The aggregate loss is \$75,000. Insurance about one-third. The Cain warehouse contained 3,000 barrels of flour and the mill several thousand bushels of wheat. Cain's total loss is \$52,000. Insurance, \$21,000.

Steamship Arrivals. Southampton, Oct. 10.—Arrived: Bremen. New York for Bremen, and proceeded. Havre—Arrived: Le Hampe. New York. Queenstown—Sailed: Umbria (from Liverpool), New York.

### CHICAGO BREWERS WAR OVER PRICES

#### Capacity for Manufacture Exceeds Demand.

Chicago, Ill., Oct. 10.—A beer war is now on here that threatens to test the capacity of the brewers, for prices have been cut from \$5 to \$3 per barrel, and the figure may go even lower than that. The trouble is that there is in Chicago a capacity for the manufacture of 10,000,000 barrels of beer and a sale for only 3,000,000 barrels. The cut was made by the Chicago and Milwaukee Brewers' association after a careful study of the situation. It made no attempt to regulate prices, but sought to prevent each firm from taking any other firm's customers. Any brewer making more than his percentage allotment turned \$3 per barrel on all surplus into the association each month. Any brewer who made less than his allotment drew out \$2 per barrel for each barrel he was short.

The clause in the agreement forbidding any brewer to take the business of another did not apply as against a brewer outside of the association. This finally furnished a loophole whereby the members of the association avoided the agreement. Outside brewers were enabled, through the connivance of those members, to sell beer to customers of another member at any low price, and to attract the "pirates" that the members of the association in good standing began to cut prices.

#### BARRIOS MEETS SUDDEN REVERSES

#### Guatemalan Rebels Administer Decisive Blows to the Government, Capturing Important Towns.

New York, Oct. 10.—A special from Santa Ana to the Herald says: Just at the moment when it seemed certain that Dictator Barrios, of Guatemala, would triumph over his enemies and end the rebellion there, news comes which shows decided and unexpected reverses for the government forces. Now it is predicted on all sides that the rebel government will certainly fall within a short time. This sudden change in the aspect of the situation is due largely to the fact that Jose Leon Castillo, who was one of the candidates for president of Guatemala, has contrived, despite the efforts of the rebels, to escape from the hands of the rebels from Salvador with a large force and capture the cities of Jutiama and Cuajiniquila.

#### Rebels Defeated at Totonicapan.

Guatemala, Guatemala, via Galveston, Tex., Saturday.—The long expected battle commenced yesterday around Totonicapan at half-past eleven o'clock in the morning, and continued until sundown. From the rebels' point of view the battle was a complete success. The rebels' forces were repulsed. Other advice, however, says that Jutiama was captured. The government now has 2,000 men and thirty-eight pieces of artillery in defensive and offensive action. A train load of volunteers was sent from Totonicapan for Champerico. Late last night more reinforcements were sent to Totonicapan.

### GENERAL WEYLER WILL BE LOYAL

#### Though Recalled, He Says He Will Make No Trouble.

#### EXCELLENT PROMISES FOR CUBA

#### Premier Sagasta Says Cuba Shall Have a Model Government—Situation in the Philippines Serious, Spain Is Hard Pressed for Money.

Madrid, Oct. 10.—The cabinet today held a four hours' session, at which the decision previously arrived at regarding the recall from Cuba of General Weyler was confirmed. El Herald makes the announcement that the captain-general of Porto Rico will be appointed acting governor of Cuba pending the arrival of Marshal Blanco.

In reply to an inquiry by Premier Sagasta, General Weyler has called the following statement to the government: "The principles which constitute my character as well as my well-known military history are strong guarantees that I have never created, nor will I ever create, any difficulties for the constituted government, be that whatever it may."

I have always been, and in every case shall ever be, the first man to accept, respect, obey and enforce the government's orders. If you wish to see a demonstration to go beyond the expression of personal affection and the approval of my policy. In replying to a number of Cuban senators who had offered their support to the government, Premier Sagasta said that the government would devote itself, before all else, to the pacification of Cuba and would then introduce in the island a model administration. The government, the premier added, considered that the pacification of Cuba would facilitate the restoration of peace in the Philippine Islands, where the situation now is serious.

Havana, Oct. 9.—Following the appointment of Marshal Blanco to succeed Captain-General Weyler, the Marquis Palmox, civil governor of Havana, and the other provincial governors have tendered their resignations. Madrid, Oct. 10.—The "Imparcial" says that the Spanish government will take rapid and energetic measures on account of the spread of the rebellion in the Philippine Islands. It is said that General Primo de Rivera, the former Captain-General of Madrid, who succeeded General Polavieja in March last as Governor of the Philippine Islands, has resigned.

Advice just received here from Manila, capital of the Philippine Islands, says that earthquakes shocks were felt at Mindanao during the last days of September. Great damage was done to property, and there was considerable loss of life. The worst effects were experienced at Zamboanga and Zamboanga, where poisonous vapors, issuing from fissures in the earth, asphyxiated many people.

London, Oct. 10.—An American diplomat who has just arrived here from Madrid says the condition of Spain is even worse than the correspondents depict. Whoever sends to Cuba, he adds, will attempt to buy off the insurgent leaders.

The diplomat further says that the Spanish government is so hard pressed for money that it is attempting to sell all the public lands and buildings that can be disposed of. Not only is the pay of the soldiers unpaid since last March, but the pension lists are in arrears.

All social intercourse between the American Minister at Madrid and the Spanish officials and the Diplomatic Corps has been suspended for more than a year. This has partly due to the fact that Hannis Taylor, the former United States Minister to Spain, was persona non grata to most of the members of the Diplomatic Corps. For eighteen months Mr. Taylor had not been on speaking terms with the French and Austrian Ambassadors and with the Papal Nuncio. The rupture with the French Ambassador was because Mr. Taylor protested against being omitted from the list of guests at a reception given by the Ambassador.

London, Oct. 10.—A dispatch from Madrid says that the Queen Regent has ordered that assistance be given to the families of the Anarchists executed at Barcelona some time ago, and that their children be educated at her expense.

Madrid, Oct. 10.—Captain General Blanco will sail for Cuba on the fifteenth, and Captain General Weyler will return to Spain immediately. General Castellanos assuming the direction of affairs in the island until Blanco's arrival. The Marquis de Alameda, who was Captain General Weyler's second in command, has resigned.

At the meeting of the cabinet yesterday it was decided to send reinforcements to the Philippine Islands. Marshal Primo de Rivera, who succeeded General Blanco as governor-general of the Philippines, will be recalled immediately.

#### LONDON COMMENTS.

London, Oct. 10.—The Times, commenting this morning on the Cuban situation, says: "If Senor Sagasta fails to adopt a bold reform policy in Cuba likely to disarm American jingoism, it might turn out to have been wiser to have left General Weyler to finish the war in his own fashion." The Standard, after asking why General Weyler is recalled, it is intended to continue the campaign, says: "It seems only too plain that Senor Sagasta's counsel hardly deserves the name of policy. It is almost a device for parrying America's impudent questions. We suspect that General Woodford presented something very like an ultimatum, and that, but for American pressure, nothing would have been heard of creation. We doubt that a Cuban settlement is much nearer. There will be more fighting and more negotiations. Senor Sagasta must walk warily if he proposes to be more than a diplomatic match for the American ambassador."

"On the other hand, the Washington cabinet has need to be circumspect. Spain has only Cuba and honor left, and any open interference with her rights over Cuba would kindle a fire

### DR. SWALLOW WOULD MAKE A BARGAIN

#### Desires the Assistance of Mr. Thompson, of Pittsburg.

#### WANTS A "GOOD ROUSING MAJORITY"

#### If Elected the Doctor Promises to Show the Taxpayers What Has Been Done with Their Money—He Expects to Be Elected and Will Leave Nothing Undone to Reach the Goal.

Harrisburg, Oct. 10.—Rev. Dr. S. C. Swallow, of this city, the prohibition candidate for state treasurer has written a letter to William R. Thompson, of Pittsburg, the independent candidate for treasurer, explaining his recent statement that he "found Quay's friends in the western counties of the state trying to persuade Republicans who have determined to vote for me (Swallow) to vote for Mr. Thompson. I do not desire the office and would not accept it," the preacher says he is sorry that his opponent made this admission for it leaves no ground on which those who know Thompson favorably can stand for his defeat. Dr. Swallow says he desires the election that he may get hold of the books in the state treasury and show the taxpayer what has been done with their money; that if elected he will serve to the best of his ability, and that he expects to be elected and shall leave nothing undone to reach the goal.

#### ANNIVERSARY OF CHARLES PARNELL

#### Five Thousand Nationalists Parade the Streets and Deck Their Famous Leader's Grave with Immortelles.

Dublin, Oct. 10.—Today is the sixth anniversary of the death of Charles Stewart Parnell, the Irish nationalist leader. A large number of the streets in the city were decorated with the colors of Ireland. The demonstration was unique. It was devoted of all the trappings and to the government. The procession, which was led by the Irish nationalist leader, was a triumphal procession. The country people were brought in by crowded excursion trains and the streets were lined with the poor of Ireland who walked in their bare feet, but the attempts at uniform for the procession were abandoned. The procession was a funeral procession, and the streets were lined with a faded green sash or a spray of ivy on the coat.

The day was wet, windy and cheerless, and the procession was not very large. The day was the most conspicuous feature. It was drawn by four black horses and carried by a team of four oxen. The procession was a funeral procession, and the streets were lined with a faded green sash or a spray of ivy on the coat.

After this came the members of the Irish parliamentary party, headed by Mr. John Redmond. They were followed by the various officers of the demonstration committee, the staffs of the Irish Daily Independent, the Evening Herald and the Irish National League of Great Britain, and then by the carriages containing Mr. John Parnell, M. P.; Mrs. Dickinson, the widow of the late Parnell, and other members of the Parnell family, though the venerable Mrs. Della Parnell was unable to be present.

The lord mayor and corporation of Dublin, the mayors, sheriffs and municipal dignitaries of Cork and Limerick, rode next in gilded coaches. After them came the various trade unions, carrying many banners. There were more than thirty bands in the procession, and every county and large town, as well as scores of smaller towns, were represented. The procession was a funeral procession, and the streets were lined with a faded green sash or a spray of ivy on the coat.

#### HENRY GEORGE IS DENOUNCED

#### The United Labor League of Philadelphia Regards the Alleged Friend of the Workingmen with Distrust.

Philadelphia, Oct. 10.—A resolution to endorse Henry George's candidacy for mayor of Greater New York was almost unanimously defeated at a meeting of the United Labor League of Philadelphia last night. The resolution was offered by Delegate James A. Powers, of Typographical union, No. 2. During the discussion that followed Charles and Ulrich, who are prominent labor only as far as the corporation agents represent labor for the benefit of capital. He is but the mere representative of labor for business enterprises in which he is interested."

Philip Morris, another delegate, aroused a bitter exchange of personalities when he said: "I have no objection to Henry George, but I have no objection to anything that will help the poor. I am for the poor, and I am for the poor."

On a vote the resolution was tabled by a vote of 15 to 2.

#### RELIEF WILL BE AFFORDED WITHOUT THE CALLING OF AN EXTRA SESSION.

London, Oct. 10.—In reply to a petition signed by 61 members of the Irish party in the house of commons asking the government to call a special session of parliament to deal with the exceptional distress in Ireland, Arthur K. Balfour, first lord of the treasury, and governor leader in the house of commons, has written to John Dillon, the Irish leader in the house, as follows: "The government has observed the partial failure of the potato crop with great concern and is watching anxiously the condition of the people in the three southern districts. There is no need, however, to summon parliament earlier than is customary, because, should the apprehensions of the government be unhappily realized, the executive is empowered to adopt the necessary measures without waiting for the sanction of parliament."

#### CRUSHED BY A BICYCLE PEDAL.

Special to The Tribune. Pittston, Pa., Oct. 10.—A 4-year-old son of Patrick Kelley, of this city, was run down by a bicyclist on Wyoming avenue yesterday afternoon and was killed at the point of death at his home. The bicyclist rode an old-fashioned machine with vertical pedal movements. When passing over a little hollow one of the pedals in moving down pressed against the boy's abdomen tearing a large gap in the flesh. The cyclist escaped without being identified.

### WILL-O-THE-WISP ESTATE.

#### The Heirs of Joseph Ball Will Get No Cash.

Washington, Oct. 10.—The treasury department has today issued a decision from time to time about the alleged estate of one Joseph Ball, of Philadelphia, which is supposed to be held in trust in the name of the government. The estate of this trust and of an alleged 30 years' lease given by Mr. Ball to certain valuable property in Philadelphia. Some time ago it was stated that the government was interested in an attorney in the estate. Many hundreds of people all over the country have been drawn into the snare of the money which they erroneously imagine lies in the treasury awaiting distribution.

To all of these inquiries replies are sent informing the "inquirers" that there is no such fund and that the only record in the treasury department of Joseph Ball, of Philadelphia, is a claim of about \$5,000 which he filed as an underwriter against the government in 1871 for cargoes seized by the French. The claim is one of the ordinary French spoliation claims.

#### GEORGIA'S CONVICT PROBLEM.

#### Governor Recommends the Appointment of a Prison Commission.

Atlanta, Ga., Oct. 10.—Governor Atkinson yesterday made the position of his message to the general assembly, which meets on October 27, in which he discusses the disposition of the state's convicts or the expiration of the present leases. The governor recommends the appointment of a prison commission of three persons, in whom shall be vested the power to locate and prepare a penitentiary, with separate quarters for boys, men and women. The equipment of the penitentiary should be sufficient to accommodate the boys, women, men not classed as able-bodied, and such able-bodied convicts as may be needed to carry on the work in which they may be employed by the prison commission.

#### KAISER THANKS THE SULTAN.

#### Grateful for a Present of Captured Greek Cannon.

Constantinople, Oct. 10.—The sultan has received a telegram from the emperor of Germany, in which the latter thanks the former for a number of cannon, captured from the Greeks during the recent war. For blocks around scattered by his German majesty by Abdul Hamid. The emperor in this letter praises the "wise moderation" exhibited during Turkey's negotiations for the cessation of peace with Greece, and assures the sultan that he enjoys the faithful friendship of Emperor William.

#### CROTON WATER MAIN BURSTS

#### Ten Million Gallons of Water Run Into the Streets of New York in the Heart of the Fashionable District.

New York, Oct. 10.—A large Croton water main burst early this morning at the corner of Madison avenue and Forty-eighth streets, in the heart of the fashionable district, and wrought such havoc with property that not even a partial calculation can be made of the financial damage at present. For blocks around scattered by a building escaped injury by reason of the volumes of water which poured into the streets, cellars and basements. The damage will probably be in the thousands. The sewers were choked by the great rush of water and then the flood rose in the streets. The big water main was probably cracked from the top of the earth by a severe excavation late Saturday afternoon. Then in the night time when the strain on the pipe was greatest, it gave way and the flood followed into the thousands of the four-foot pipe was announced by rumbling noise, and a column of water shot in the air so high that it reached almost to the top of the Croton dam. The water was probably in the vicinity of the corner. For five hours this column shot up, and in that time ten million gallons of water had run down the avenue and into the streets.

#### DEBS TALKS ON THE "PROBLEM."

#### Addresses a Large Audience at New York—Colonel Hinton's Plans.

New York, Oct. 10.—Eugene V. Debs spoke to an audience of one thousand in the Grand Central Palace last night on "How to Remedy the Social Problem." He used the same argument as he has advanced on other occasions. Colonel Richard Hinton, a member of the colonization commission of the Social Democratic party, was also present. He commended and said that within a month they would be able to colonize five thousand families in one of the great western states.

### AMERICA IN THE LEAD

#### Interesting Facts Shown in a New Publication on Commerce.

#### REPORTS FROM CONSULS

#### How American Products Affect Foreign Markets.

#### The Volume Known as "Commercial Relations of the United States" Will Contain Compilations of an Interesting Character Regarding the Demand for United States Goods in European Countries.

Washington, Oct. 10.—The bureau of foreign commerce of the state department is just now busily engaged in the preparation for publication of the volume known as "Commercial Relations of the United States," embodying annual reports from United States consuls in every country in the world upon the trade conditions in their respective districts. The forthcoming volume is of larger scope than its predecessors, and instead of being dry compilation of figures that it was formerly the "Commercial Relations" for 1896-97 will present a mass of information of such variety as to be valuable and interesting. An indication of the character of the work is afforded by the extracts that have been given the benefit of advance publication.

From Hanover comes an account of the installation of an electric railway for handling heavy freight; suggestions for placing American tools in Germany; and talk of an opening for breakfast cereals.

The consul at Barcelona reports upon the trade of Spain as affected by the Cuban war; upon the Spanish woman's aversion to the bicycle and upon the tariff and financial question.

The depressing effects of American competition upon the Swiss watch trade is described by the consul at Geneva, who also tells of the preference for American bicycles and the growing demand for American canned goods, California fruits and sole leather.

The inroads that American lead pencils are making into the formerly exclusive German market is the subject of a chapter in the report of the consul at Nuremberg.

#### KLONDIKE TREASURE.

#### Six Miners Return with \$12,000 Between Them.
