The Sad Fate of an Inquiring Chicken at Cascade.

PRIZE TURTLE STORY OF THE DAY

Schreider, the Conklin Centre Criminat, Is Jaited .- A Snake Kills a Cow at Starracca .- Brief Items Concerning the Railrond Boys -- Various Susquehanna County News Notes.

Special to the Scranton Tribune.

Susquehanna, Pa., Oct. 12.-Two Susquehanna fishermen were on Saturday spearing fish in the Susquehanna near the Cascade. When returning they saw in the water a large turtle of the snapping variety. In an instant the spear went down, and between the prongs, when it came up, was the neck of the turtle. The reptile was lifted out on the bank, and the spear pressed down in the soil. The head was then cut off and left fast to the spear, which remained sticking in the ground until morning, the turtle being taken home. Next morning the spear was wanted, and one of the youngsters about the farm brought it in, bearing it aloft with the head of the turtle still re-maining between the prongs. It was set down in the door yard and remained there until nearly noon. About that time an inquisitive chicken began picking at the head of the turtle. Suddenly the mouth opened and again clos d, and between the jaws was the head of the inquiring chicken. It was evening before the strength had left the jaws of the turtle sufficiently to allow the chicken's release. The chicken's head had been crushed, and the poor, little fellow was dead. It is probably the most remarkable case on record, where gangliac motion has been retained for nearly twenty-four hours.

THE CONKLIN CRIMINAL JAILED. Schreider, the Conklin Centre criminal, who assaulted and robbed the widow Murphy, was on Friday taken from Susquehanna to the Wyoming jail to await a requisition from Governor Black, of New York. Schreider, or Hoffman, or whatever his right name may be, still insists that he took but about \$250 of Mrs. Murphy's \$1,100, as much of it was in silver and hence too heavy to carry. He says that who-ever first entered the house after the widow gave the alarm gobbled the bulk of her lucra. The fellow may be telling the truth. So far as his punishment is concerned it matters little whether he stole \$250 or \$1,100, Schreider claims to be able to speak seven languages. He says he has been in the country eleven years, and at the Murphy farm four weeks.

### TO CURE NERVOUS DYSPEPSIA.

BUDGET OF NEWS To Gain Flesh, to Sleep Well, to Know What Appetite and Good Digestion Mean, Make a Test of Stuart's Dyspepsia Tablets.

Interesting Experience of an Indianapolis

Gentleman. No trouble is more common or more misunderstood than nervous dyspepsia. People having it think that their nerves are to blame and are surprised that they are not cured by nerve medicine and spring remedies; the real seat of the mischief is lost sight of; the stom-ach is the organ to be looked after.

Nervous dyspeptics often do not have any pain whatever in the stomach, nor perhaps any of the usual symptoms of stomach weakness. Nervous dyspep-sla shows itself not in the stomach so stomach weakness. Nervous dyspep-sia shows itself not in the stomach so much as in nearly every other organ; the co., stock brokers, Mears build-ing, rooms 705-706. in some cases the heart palpitates and is irregular; in others the kidneys are affected; in others the bowels are con stipated, with headaches; still others are troubled with loss of flesh and appetite, with accumulation of gas, sour

risings and heartburn. Mr. A. W. Sharper, of No. 61 Prospect St., Indianapolis, Ind., writes as follows: "A motive of pure gratitude prompts me to write these few lines regarding the new and valuable medi-cine, Stuart's Dyspepsia Tablets. I have been a sufferer from nervous dys pepsia for the last four years; have used various patent medicines and other remedies without any favorable result. They sometimes gave tempor ary relief until the effects of the medicine wore off. I attributed this to my sedentary habits, being a bookkeeper with little physical exercise, but I an glad to state that the tablets have vercome all these obstacles, for I have gained in flesh, sleep better, and am better in every way. The above is written not for notoriety, but is based on actual fact."

Respectfully yours.

A. W. Sharper, 61 Prospect St., Indianapolis, Ind. It is safe to say that Stuart's Dys sia Tablets will cure any stomach weakness or disease except cancer of stomach. They cure sour stomach, gas oss of flesh and appetite, sleepless ness, palpitation, heartburn, constipation and headache.

SNAKE KILLS A COW. On a farm belonging to a Starrucca man a cow was noticed making repeated and furious charges at a dense thicket. An investigation by the owner showed that she was fighting a big black snake and trying to stamp it to death with her forefeet. The thicket was an isolated clump of laurels, and the snake did not seem disposed to leave it and trust its life to country. Finally the cow owered her head and attempted to impale the snake on her horns. In an instant the snake sprang on the cow's head and coiled itself about her horns. The cow was dazed for an instant and then set off on a run, occasionally kneeling to rub herself against the ground, but she was unable to rid herself of her enemy. The cow finally seemed to realize that all her efforts were useless, and set off at a full galop. The men on the farm made an effort to follow her and turn her back. When cornered she would charge everything in sight. Occasionally the snake would half untwist itself and its head would play before the cow's eyes. On these occasions the poor animal would bellow with terror and go backward to escape from the snake. Finally the poor brute dropped from sheer exhaustion and panted out her life. The snake was immediately dispatched, and on being measured was found to be six feet in length.

# THE MARKETS.

Wall Street Review New York, Oct. 12.—Much parade was made yesterday of the alleged conver-sion of some of the leading bears on the exchange to the bull side of the market. Today's developments prove that there s a very large and aggressive contingent till eft in the market. The hardening of prices last night and the further advance this morning looked like a termina-tion of the bear campaign, yet in the final two hours today the bears succeeded in working a sharper decline throughout the whole list than has been accomplished on any day of their campaign. The nominal motive of the selling was the fear that our relations with Spain were in danger of rupture as an outgrowth of the policy which General Woodford was ordered to pursue at Madrid. Total sales were 493,-800 shares.
