INDUSTRIAL WORK.

The Ladies of Scranton Street Baptist Church Have Made It a Big

In May of this year the Industrial and Mission band of the Scranton Street Baptist church was organized and taken in charge by Miss Anna Morgan. Though the results were uncertain at first, the band, under the careful supervision of Miss Morgan and with the assistance given her by the other ladies interested, has grown until there is an average attendance of forty-five girls and twenty boys.

Six meetings were held before the Jennie summer season. Last week the work was resumed with many features for this winter's success. The band is divided into two classes, the girls in one and the boys forming the other. They are taken into membership in ages ranging from 6 to 12 years and are taught simple acts of manual labor adaptable to both sexes and great interest is shown by the pupils.

The products of their skill will this year be forwarded to Miss Marietta Reeside, of Oklahoma territory, where they will be used in the Indian mission work. Beneath this simple form of kindergarten work is found the idea of a moral trend, fostering in the young a spirit for future work in larger fields of Christian pursuits. Great credit is due Miss Morgan for her unceasing attention and to the other ladies who devote a portion of their leisure time to the work.

The ladies who have charge of the girls are Mrs. William Fowler, Mrs. Mitler, Mrs. Jacoby, Mrs. A. Banning, Mrs. Bartholomew, Mrs. Randolph Jones, the Misses Merrifield and Annie Peters. The boys are looked after by Mrs. Bush and Mrs. Armstrong.

BUNCOERS ABROAD : BEWARE !

It is the trick of the Bryanized Democracy, this fall to make false charges against Republican methods, raise a big dust, hire Republican malcontents to organize Republican bolts and then coax individual Republicans to desert their party on the representation that "party ties needn't count for anything in an off year." By this trick, if it shall work, the Bryanites will get a foothold for a hopeful fight in national campaigns, and make just so much more trouble for McKinley, the Republican congress and the cause of sound r chey.

You now see through this trick. Ar you going to let it work?

Mrs. John Tansey, of 130 Baker Street, Detroit, Michigan, is one of those women who always know just what to do in all trouble and sickness. One that is a mother to those in distress. To a reporter she said:

"I am the mother of ten children and have raised eight of them. Several years ago we had a serious time with my daughter, which began when she was about sixteen years old. She did not have any serious illness but seemed to gradually waste away. Having never had any consumption in our families, as we come of good old Irish and Scotch descent, we did not think it was that disease. Neither did she have a hacking cough, yet she grew thinner and paler each day. Our doctor called the disease by an odd name which, as I afterward learned, meant lack of blood.

"It is impossible to describe the feelings John and I had as we noticed our daughter slowly passing away from us. As a last resort I was induced to try Dr. Williams' Pink Pills for Pale Peopie, made by the Dr. Williams Medicine Company, Schenectady, N.
