BUNCOERS ABROAD : BEWARE !

It is the trick of the Bryanized Democracy this fall to make false charges against Republican methods. raise a big dust, hire Republican maicontents to organize Republican boits to desert their party on the representation that "party ties needn't count for anything in an off year." By this trick, if it shall work, the Bryanites will get a foothold for a hopeful fight in national campaigns, and make just so much more trouble for Mckintey, the Republican congress and the cause of sound mency.

You now see through this trick. Are you going to let it work?

#### ARE TRYING TO RAISE MORE MONEY

Candidate Schad: Asked to Make Another Contribution to the Fund.

HE AGREED, UPON A CONDITION

Money Is to Be Used for Charles H. Schadt and No One Else .- Desperate Effort 1s to Be Made to Pull Schadt and Horn Through -- Trying to Sccure Pledges of Votes for Them in Republican Strongholds.

While Democratic orators on the hustings are howling about the use of boodle in politics the campaign managers are bending every energy to raise money. The fat-frying process goes merrily on in every direction that gives hope of being attended with results. Matthew Norton, the candidate for prothonotary, was bled until he posi-tively refused to contribute anything

more to the campaign fund. Thursday night the managers of the financial end of the campaign held a neeting to devise ways and means of raising money to debauch the voters of the county. It was suggested to candidate for sheriff Schadt that as he was at the head of the ticket, and was besides a man of abundant means, he should contribute another slice of the \$55,000 he will take out of the treasurer's office with him as a result of his three years' labors there.

Schadt made contributions to the campaign fund heretofore and Thursday night told the campaign managers was willing to part with more of his eorn but it must be used for Charles H. Schadt and no one else, He was through putting up for other fellows, he said, and would during the remainder of the campaign settle his own core, but that was all,

FEEL DESPERATE. It is apparent from the feeling about Democratic headquarters that there is little hope of electing any of the can didates and from now on until election day the minor nominees will be traded off and desperate efforts made to pull Schadt and Horn through. The for-mer's friends are actively at work trying to secure pledges of voters in the Republican strongholds of the county. The West Side is the particular object of their attention and they are doing what they can to foment discord over there. John J. Gaffney is one of the men who is trying to influence West Side voters in the interest of Schadt and he is also actively engaged in cir-culating some loud-smelling yarns that he believes will be of assistance to his

Henry T. Koehler is another Schadt lieutenant who is engaged in like missionary work and is incidentally tack-ing the candidacy of Koch, for register, onto the end of the Schadt kite. He is very anxious to see Koch elected, because he is to run the office while Kech will continue to manufacture cigars.

Koehler was tempted to run for register himself this year, but his defeat for the same office three years ago, followed by the thrashing that Hon, A. T. Connell gave him last fall, has warned Koehler that his political star is declining. Accordingly, Koch was nominated as Koehler's proxy.

COMEGYS AT IT AGAIN.

is not causing any very general expressions of satisfaction around headquarters. Four years ago Mr. Com-egys was rather suddenly stricken from he roll of campaign speakers and did not again appear on the hustings during that campaign. When his name is mentioned at headquarters now there some dubious shaking of heads followed by remarks that are anything but an endorsement of Mr. Comegys onduct four years ago.

County Chairman Fitzsimmons has een working day and night looking after the details of the campaign, but his plan of battle, sad to relate, is not looked upon with favor by all the candidntes

Recently C. G. Boland has been giving freely of his time and advice in assisting the colonel in scheming and executing. Persons who know the regard these gentlemen have for each other realize what a happy combination this is.

There's a large sized explosion due and then coax individual Republicans at Democratic headquarters within a few days if he of the glad hand continues to appropriate chairmanship

### PREPARING A RESOLUTION.

It Will Have to Do with the Matter of Fake Advertising.

The publications committee and Sec retary Atherton, of the board of trade, are at work on a set of resolutions in relation to fake advertising, a matter that was discussed by the board at its last meeting, and referred to the committee to suggest a remedy. While no definite action has been decided upon by the committee, its general dess have been made known.

Business men are constantly being aportuned to patronize various kinds advertising schemes, many of them a decidedly fakish nature or prompted under the plea that the profit derived from the advertising will go to ertain organizations, labor unions,

It is probable that the committee will recommend something like the following plan for the approval of the board;

The members will not give an advertisement to anyone, excepting repsolicitor shows a certificate from the board of trade. The certificate will contain three important pieces of information: Whether the solicitor is duly authorized; what percentage the beneficiary receives; a general description of the society or organiza-tion for whose benefit the advertisement is solicited and the object and

circulation.
From the individual sentiment of the committee it has been suggested that the cermicates contain some pointers for me benefit of the board members: First, it shall be demanded that the solicitor sign the contract; second, that a properly signed contract be retained by the advertiser; third, that a contract shall contain the regular advertising rates with an under-standing that if rates are cut the contract shall be null and you; that no advance payments be made for adver-

#### NEW BRANCH RAILROAD.

place of a corps of railroad engineers. They are surveying a new route from Orangeville to Shickshinny and are now about three miles from Orange

The work is supposed to be for a branch line which will extend from Orangeville, where it will connect with the Wilkes-Barre and Western, to Shickshinny, where it will connect with the Delaware, Lackawanna and West-ern. The distance is short. The construction of the branch would give the Delaware, Lackawanna and Western a good wastern connection. It is looked upon by rallway men as an excellent move on the part of the latter road .-Wilkes-Barre Record.

#### RAILWAY COMPANY SUED.

J. W. Sherman Wants \$2,000 for Alleged Injuries.

Sherman, who alleged he was njured by a North Main avenue car. instituted suit yesterday to reover \$2,000 damages from the Scranton Hallway company.

He was driving along the thorough fare in question, he alleges, when his wagon was run into and upset by a which came dashing along at a reckless speed and without giving any warning of its approach. He was thrown out and sustained a badly bruised arm and other injuries. Vos-burg & Dawson are his attorneys.

#### NEW TRIAL ASKED FOR.

Reasons Why One Should Be Granted Filed by Ex-Collector T. E. Boland's Attorneys.

Hon. M. E. McDonald and Hon. John . Kelly, attorneys for ex-Tax Collector T. E. Boland, of Dunmore, yesterday made application to Judge Edwards for

a new trial. The principal reason advanced for the granting of the request was that court erred in charging the jury; that the maliness of the amount alleged to have en embezzled-\$7.20 or thereaboutsshould not be taken into consideration as it might be that the prosecution only showed sufficient to establish an intention to embezzle; and again, it could be presumed that as the defendant was also collector of borough and school taxes and used the same exoneration lists for all three taxes, that he also did not properly account for some of these moneys.

This, the attorneys for the defense argued, was an unfair inference as there was no evidence before court to show that there was any cause for complaint in the collection of the school and borough taxes.

It was also advanced among the reasons for a new trial that court misinterpreted the evidence regarding the payment of the \$7.20 to the county treasurer. In the charge it was stated to the jury that Mr. Boland turned the money after he had discovered the mis-take he had made in checking off the exoneration list. The truth of the matter was that the money was turned in before he discovered the mistake. In fact he turned in \$7.20 more than was called for by his accounts; then discovered his mistake; notified the county commissioners of his discovery, and agreed to credit the money to its proper items when he was making his final report and accounting.

in a general way it was also argued that the verdict was against the veight of the evidence and further that it was against reason and common For the first time in several years sense that a man of Mr. Boland's stand-Attorney Cornelius Comegys is on the ing would lay himself open to proshustings talking for Democratic can-didates and principles, but this fact crimes against the public at large for the sake of enriching himself to the extent of \$7.20.

Mr. Scragg appeared in opposition to the motion. Judge Edwards took the papers, saying he would pass upon the matter tomorrow.

#### NEWSPAPER IS SUED.

John Steigerwalt, of the West Side, through his attorney, ex-Judge W. H. Stanton, yesterday instituted a slander suit against J. A. and R. M. Scranton, proprietors of the Republican, a local morning paper.

The allexed defamatory article ac-cused Steigerwalt of desertion and non-support, and of being an habitual wife-beater.
