BUNCOERS ABROAD : BEWARE !

It is the trick of the Bryanized Democracy this fall to make false charges against Republican methods, raise a big dust, hire Republican malcontents to organize Republican bolts and then coax individual Republicans to desert their party on the representation that "party ties needn't count for anything in an off year." By this trick, if it shall work, the Bryanites will get a foothold for a hopeful fight in national campaigns, and make just so much more trouble for McKinley, the Republican congress and the cause of sound money.

You now see through this trick. Ar you going to let it work?
