SECRETARY LONG INSPECTED THE NAVY

The Many Improvements in League designating the organizations may be Island Yard.

CRAFTS IN THE DELAWARE RIVER.

The Cruisers Minneapolis and Colombia and Ram Katabdin Receive Attention .. The Secretary Declined to Give any Opinion Regarding the

Philadelphia, Oct. 29.-Secretary of the Navy Long today made an inspection of the improvements under way in the Delaware river and visited League Island navy yard as the guest of members of the Pennsylvania delegation in congress. The trip of the secretary to this city was the result of the recent report of the naval board of experts who ignored the claims of the friends of League Island as a site for a big fresh water dry dock. Mr. Long went on beard the steamer "Columbia" at 10 o'clock this merning. He was greeted by a number of business men, councilmon and members of congress interested in the deepening of the Delaware river and the improvement of League Island, Under the escort of Commodore Howell, commander of the pavy yard, and United States Senator Boics Penrose, Secretary Long made a thorough inspection of the navy yard and looked over the cruisers Minneapolis and Columbia, the ram Katahdin, and the monitor Miantonomah, anchored in the Delaware river, and also viewed the seven monitors anchored in the Schuylkill river in the rear of the navy yard. Secretary Long declined to give any opinion regarding what he saw further than to say that he had an altogether new impression of the yard and its advantages.

Senator Penrose expressed the hope that the secretary would recommend the erection of a dry dock at League Island of sufficient size to accommodate the largest ships of our navy, The secretary intimated his belief that the yard possessed natural advantages as a site for a great fresh water basin which the ships of the mavy could ride at anchor when not in active service. When Congressman Entler, of Chester, called the attention of Secretary Long to the advantages of Chester as a location of a government armor plate plant the secretary made the significant remark that he did not favor the government manufacturing articles that could just as well be made by private individuals. Congressman Loudenslager, of New Jersey, who is a member of the naval committee, explained to Secretary Long the great engineering work being performed at Diamond shoal, below Chester, Pa., where an immense ledge of quartz is being blasted away. The secretary returned to Washington tonight.

NANSEN'S OPINION.

He Sees No Reason Why Andree's his followers the generous sympathy of North Pole Scheme Should Not Succeed.

Philadelphia, Oct. 29.-Dr. Fridijof Nansen, the arctic explorer, read a paper to the American philosophical what position would be taken by the of his recent exploration. Dr. Nansen was elected a member of the society

Professor Nansen said his sole aim in going north was for the purpose of scientific research. He added; no reason, as daring as Andree's scheme appears to have been, why he should not return in safety, and with an interesting account of the results of his trip."

carried. "All Inbor organizations intending to take part in the procession of Sunday evening are requested to communicate at once with John Brisban Walker, chief marshal.

"The pall-bearers have not yet been selected. Mr. George was an Episco-palian, but was not very regular in his attendance at the church. His widow is a Catholic and it was often said that her husband intended to embrace Catholicism.

The widow and her daughters recained in the room with the body until 10 o'clock, when they were induced to retire for much needed rest. Mrs. George is bearing up well under the strain, but her friends fear that she will soon give way. There is talk of taking her out of town immediately after the funeral. A guard of honor, composed of prominent George men, will watch the dead body until its in-

OPINION OF LEADERS.

Low is Ready to Receive the Votes ... Senator Platt Asserts That Tracy will Lose no Votes.

New York, Oct. 29 .- Mr. Low, candidate for mayor of Greater New York on the Citizens' union ticket, regarding Henry George's death, said;

The sudden death of Mr. George tiefield ever gave his life for his country more evidently than Mr. George has | alty nomination. laid down his life in behalf of the city if New York. Pure in motive, highninded, absolutely devoted to the services of his fellow-men, as he thought they could best be served, he has fallen In the thick of the battle against the tyranny and corruption of one-man power controlling the political machine and thus depriving the people at once of their rights as free men and of controi of the government of the city in the public interests.

"I would like to avail myself of this opportunity to express to the family of Mr. George my sincere sympathy in their irreparable loss.

"During the campaign Mr. George repeatedly recognized that fundamentally this is a fight against bossism and all that that implies in political degradation and corruption. In view of Mr. George's death, I wish, therefore, say to the people of the city that I shall give myself to this contest in their behalf with a new and higher resolve as though I had received it a last charge from his dying lips."

The campaign committee of the Citizens' union unanimously passed a resolution deploring the death of Henry George, in whom the committee recognized "a pure, high-minded man, an unselfish patriot and a brave and uncompromising champion of the people's rights against political tyranny and

Chairman Quigg, of the Republican make any statement until he knew society today on the scientific results | George Democrats. He was very reticent regarding the death of Mr. George,

SENATOR PLATTS REMARKS. In a statement issued this afternoon,

Senator Platt says: "Unless the Jefferson Democrats are votes will be easily consolidated upon the other candidates. The disreputable deal between Johnson and the Citizens' union has further possibilities so far as Johnson is concerned, but not so far as the real friends and followers of George are concerned. They are not deliverable in bulk to anybody except to another bona fide candidate of the party.

"General Tracy will not lose a single Republican vote as the result of Mr. George's death. The Republican party will poll its strength with substantial entirety for General Tracy, and nothing could or can effect that fact. Republicans recognize the Low movement as a Democratic conspiracy, They see in Low an attempt to revive Clevelandism and to betray the Republican party by another of those characteristic tricks of the Cleveland Democracy.

"It is an old and well understood thing in every political crists during the last twelve years that the Cleveland Democracy has undertaken to divide the Republican forces by withdrawing from the Republican candipurposes.

"In the existing situation as it is, and manouevres, but the Republicans understand their game. They rememthe Republican party in former periods. Attempts to stampede them now excite only their indignant disgust.

"They will support the party, their party's trusted principles and their party's unconquerable candidate. If the George party should be split up, the Socialistic-Democratic element may be carried by Johnson to Low. Low is something of a Socialist himself, or rather he is so much of a demogogue that, as he says, he is willing to stand on any platform that will fetch him a handful of votes. This will affect General Tracy's chances favorably,

"If George had lived he would have secured an enormous labor support that will now come to General Tracy. The working people appreciate what the Republican party has done for them not only at Washington by restoring prosperity, but also at Albany by protecting them and encouraging the derelepment of their organizations. Tammany cannot get this vote. It eccome estranged from Tammany Hall end in this election it is supporting Tracy, and it will now support him more strongly than ever. HENRY GEORGE JR., NOMINATED.

The Thomas Jefferson Democracy Substitutes the Son.

New York, Oct. 29 .- The Thomas Jefferson Democracy this afternoon substituted the name of Henry George, jr., for the name of his father, Henry George, as candidate for mayor of Greater New York. The nomination was tendered unanimously, and George

accepted. Henry George, fr., is the oldest son of the late mayoralty candidate. He is about 35 years old and like his father, is literary in his tastes. He was at one time managing editor of the Jackson-

WISE ADVICE TO HUSBANDS.

Those Who Have Ailing Wives Will do Well to Accept It.

Do not wrangle and quarrel, and finally rush into the courts and try to get a separation from your faithful wife; but just stop a moment and think! Your wife, who was even-tempered and amiable, and all that was lovely when you married her, has changed. Now she is poevish, irritable, jealous, discontented and miserable-in a word, she has uterine

disorder of some kind. Law is not the remedy for this condition, she needs medical treatment, her uterine system is at fault.

My advice to you is, sit down and write a letter to that friend of women, Mrs. Pinkham, of Lynn, Mass., state fully and freely the

whole case to her and she will honestly advise you what to do. Give your wife that chance, good man! If you do not wish to write about your wife, bring her a bottle of Lydia E. Pinkham's Vegetable Compound, watch its effects, you will soon see the beginning of the improvement; then get her another and

keep it up until she is restored to you, the same

lovely woman you married years ago. Following we relate the circumstances of a case of this nature. Mrs. MELVA ROUTON, of Camby, Ind., says:

"I have used Lydia E. Pinkham's Vegetable Compound and found it to be of great benefit to me. The doctors said I had womb trouble. I had the headache all the time, also a terrible backache, was nervous, cross and irritable. I looked so pale that people would ask me what was the matter. I suffered in this way for about four years, until one day about in despair my husband brought me a bottle of Lydia E. Pinkham's Vegetable Compound. I commenced its use, and much to every one's surprise, it cured me. It has completely changed my disposition for the better also. Several of my neighbors, knowing what the Pinkham medicine has done for me, are taking it, and are much pleased with the result "

The most wonderful selvent yet disbetrayed by Tom Johnson, who has covered is Naptha, a by-product of been their hoodoo from the start, their petroloum, and it is used by all profesof fabric, being harmless in its use, For years soap makers have endeavered to add naptha to seap so as to have one combination of these two great cleaners. Owing to the volatile nature of naptha the result sought has never been reached except in the case of Pels-Naptha Soap made by Fels & Co., Philadelphia, and now being introduced into this city. Its use gives the double effect of soap and naptha, and much of the work that is now done by ordinary soap and the fired arms of women is done away with. The napthe in this roap loosens the dirt and grease and the soap takes them out. By its use wash day is shorn of most of its disagreeable features; boiling or hardships of wash day, is entirely unnecessary. The soap does its work in cold or inkewarm water only; all that necessary is to rub scap over the clothes, soak them thirty minutes or more and then light rubbing makes them as white as snow. Every woman can appreciate how much labor, time and distress are saved if no hot water is needed for washing clothes or any date the support of Republican votors other household purposes.
