THE TALK OF A COMBINE

It Has Subsided, Pending the Republicans claim that the Democrats Official Count.

Republicans Claim a Majority of Five on Joint Ballot -- Democrats Serve Notice That Contests Will Follow Election Returns .- Senator -Elect Louis Voight Gives an Independent Republican Sentiment.

Columbus, O., Nov. 4.-Many talk about a crisis in Ohio. Some believe that a crisis is impending. The talk about a combine in the legislature against Senator Hanna has subsided pending the interest in the official counting of the vote in close counties. As the official canvass of the vote in the 8 counties proceeded today, the Republican plurality on the state tick-et increased, and on the legislative tickets it appeared to be getting to-ward a very close shave. While the Republican plurality on the

state ticket exceeds 28,000, the vote on the legislative ticket is almost as close as it could be. For this reason there is still unusual anxiety at the respective state headquarters of both parties. The Republicans still claim that the legislature stands 75 Republicans to 70 Democrats on joint ballot for senator and that their candidates for representatives in three of the close counties have been elected by the following pluralities: Delaware county, 29; Wood county, 28; Noble county, 85 a total of 142 in the three counties. A change of 72 votes properly distributed in these three counties would therefore have turned the result in the legislature by giving these three representatives to the Democrats. Then the legisla-ture would have stood 72 Republicans

and 73 Democrats on joint ballot. When it is remembered that the total vote of Ohlo last year was over 1,900,000 and is almost one million this year. It is readily seen that 72 is such small percentage that it cannot be clearly expressed in figures or language, and this is what makes the Democratic state committee continue claim the legislature and the Republican state committee to be so closely on guard in watching the counting in the close counties. The official count of Delaware county is in, out with profests and notices of contest from the Democrats. The same is true of Noble county. The official court of Wood county may not be completed until Saturday, although they expeet to get through tomorrow.

In Wood county today the Democrats protested against counting the vote of precipet where the place of voting was outside of the precinct, but within the ward. Had this precinct been thrown out it would have elected the Democratic candidate for representa-tive by a plurality of 5 instead of the Republican candidate by 28. The vote of the precinct was counted and the Democratic protest filed. Other technicalities are expected in the progress the vote in that county tomorrow In Noble county there was a long contest over 27 serntched tickets that were finally thrown out because they were net properly marked. This was a Republican loss. Every point is being contested in the official count of the close counties.

CHAIRMAN NASH'S VIEWS. Chairman Nash says tonight that th Republicans have a safe majority of five on joint ballot in the legislature. He admits that the pluralities are small in some counties but claims they are safe. He has no doubt of the result in many of the counties which he claims except possibly Wood county, and in the event of the loss of that representative, he says the leg-Islature would still stand 74 Republicans to 71 Democrats and have a ma jority of three on joint ballot for senator. Chairman Nash said the returns from the thirteenth district showed that the Republicans had a piurality of 432, so that there is no longer any of the state senators in doubt and the senate will stand 19 Democrats

to 17 Republicans. At Republican state headquarters Summit county is not considered doubtful as heretofore, and its two representatives are being conceded to the Dem ocrats. This would make the house 58 Republicans and 51 Democrats,

Chairman McConville does not admit that the Republicans have carried the thirteenth district for their candidate for state senator and he still claims the representatives from Noble, Delaware, Wood. Muskingum and other counties claimed by the Republicans. He also expects the official count to give the Democrats two of the twelve members of the legislature from Cuyahoga county. In all those counties and in others, he says, there will be contests for the seats in the event of certificates of election being given

to the Republicans. USUAL CRY OF FRAUD

Chairman McConville charges fraud in the close counties and in some Republican counties. He says nearly all the close countles have gone Republican heretofore and the Republicans still have the machinery in these counties. He says the returns have been held back and it looks suspicious. Other counties have completed their counting while the doubtful counties are He says the result was known definitely in Cincinnati yesterday morning and he cannot get defin results even tonight from Cleveland where he expects the vote to be very close on two or three members of the legislature. Chairman McConville will remain here until the official count of all the counties is completed.

CLEVELAND'S PART IN IT

Effect of Grover's Venezuelan War Message.

The Possibilities of a War with the United States That Would Isolate the British Interests in the West Indies Has Been the Incentive Leading to an Organization -- The Stock in the New Company Nearly All Subscribed.

New York, Nov. 4.-A special cable dispatch from London to the Evening Post says:

Today's issue of shares and deben-tures by the direct West India Cable company (limited) marks the beginning of the end of England's dependence on the United States for cable connection with the West Indies. But for President Cleveland's Venezuelan war message. England would probably izing the house and appointing the have been quite content to continue to depend upon the United States' lines, Developments are expected tomorrow via Florida and Cuba, but directly the in the policies of both parties so far as officials here realized the possibility of a war with the United States and the ensequent isolation of the West Indian colonies, they set about the negotiations which after a long hard fight with Louis Voight, one of the independent rival United States telegraph interests, resulted in an imperial subsidy of \$40.-000 yearly for twenty years to the political matters. Mr. Voight replied: British Canadian capitalists who own the Halifax-Bermuda cable for its extension from Bermuda to Jamaica, and ultimately to other leading West Indian islands and South America. The cable will be completed by the first week of February next. As showing the spirit of the new enterprise, it may be said that of today's issue of \$300,000 in shares and \$600,000 in 41/2 per cent. "That I will not say, nor will I say debentures, more than two-thirds were subscribed privately before the issue Will you attend the Republican was offered to the public.

A similar imperial undertaking, the Pacific cable project, is still a subject of departmental inquiry. The Canadian proposal for a cable to Australasia. from Vancouver has now been supplemented by a rival project to connect Australia with England via Cape Colony without touching foreign territory.

CONCERNING ARBITRATION. Washington, Nov. 4.-Julian Paunce fote, the British ambassador who is just back from London, probably will onfer with Secretary Sherman at an er ly day concerning the reopening of gotiations for an Anglo-American treaty of arbitration. There is said to be no disposition on either hand to press the subject unduly, but rather to allow it to develop along natural lines and responsive to public sentiment. Mr. Sherman made known to the British authorities some mouths ago that the president would view with favor a repening of the negotiations and was hepeful that a peace treaty ultimately would be secured. The British officials were much gratified at this suggestion, but no negotiations were entered upon. Since then Sir Julian has visited London and has had an opportunity to learn the views of the foreign office as well as the state of British feeling on the subject. All the tendencies on the other side are favorable to arbitration. although there is a general indisposition to take up the treaty question as long as there is a chance that it would meet the same fate as the Olney-Pauncefote treaty. As a result of that treaty, an arbitration league has been formed throughtout England, its aim being to bring about peace compact tween that country and this. While Sir Julian was in London he was called upon by Mr. Creamer, the member of parliament who has been foremost in advocating arbitration and who visited the United States on that mission, Mr. Creamer is as hopeful as ever that arbitration between the countries will be secured.

HAMMERSTEIN FAILS.

The Manager of Great Theatrical Enterprises Makes an Assignment.

New York, Nov. 4.-Oscar Hammerstein the theatrical manager, has falled. The habilities will be between \$50,000 and \$75, 000. His counsel said the assignment was a temporary matter which will doubtles, have little visible effect on Mr. Hammer stein's affairs.

Mr. Hammerstein's principal assets are his theatrical properties, consisting main-y of the Olympia, that cost him \$1,700.00. There is a mortgage of \$90,000 on it. This mortgage is less than the price paid for the land on which the house stands. He also owns his residence on West One Hundred and Twentieth street, and a facbuilding on Avenue D and Tenth Speaking of his assignment, Mr. Ham

merstein said tonight:
"I am physically unable at the present time to conduct the business of the institution. I have made and superintended in person three great productions within the past six weeks. They were "The Cat and the Cherub." "Grand Opara Tableaux" and "La Poupee." By the desertion of the principal woman in "La Poupee," it will be necessary to reorganize the production. I am unable to do this and attend to my finances. In order to secure for my creditors every dollar owing to them, and at the same time avoid being harrassed. I have made an assignment. My total indebtedness will hardly exceed \$59,000. Although the Olympia is in the name of my wife, the Olympia is in the name of my wire, the property will be used as security to insure full payment of my indebtedness, most of which is for merchandise and discounts. I will never again conduct the Olympia single handed. It ought to be run by a corporation, there being four places of amusement under one roof. Many circumstances combined to make the last season unprofitable. 1 have worked too hard and feel the neces-

sity of taking a rest."
Incidentally, Mr. Hammerstein said that it cost him \$30,000 to bring Anna Held from Europe. The assignment has brought all the performances at the Olympia to a sudden stop. The place was closed tenight.

UNCLE SAM'S BIG DEPOSIT

Arrangements Made for the Distribution of the Cash Received from the Union Pacific.

Washington, Nov. 4.-Assistant Secre-tary Vamierile has returned from a brief visit to New York, where he arranged for the transfer by the reorganization committee of the government's share of the purchase price of the Union Pa-cific railroad. Several of the prominent New York city banks have made appli-cations for the deposit with them of such amounts of the purchase money as the treasury department may deem necessary in order that there may be no disturbance of the money market in consequence of the reorganization committee's heavy withdrawais. The National City bank will accept \$15,000,000; the Chase National, \$2,000,000; the Hanover National, \$2,000,000; the National Bank of the Republic, \$500, 500, the American Evchange National and the American Exchange National and the Scaboard National, \$500,000 each, making a total of \$30,800,000. Other banks will also apply for considerable amounts and furnish the required indemnity bonds should it be deemed necessary. The fact, however, that the reorganization committion candidate. The vote for Berry tee has decided to make its payments ac-cording to the dates fixed by the court instead of paying the whole amount at terially. According to treasury calcula-tions the exact amount of the government's share of the purchase m \$58,448,223. Of this amount, \$27,236,512 is principal outstanding; \$30,830,181 interest due and unpaid, and \$381,530 interest accrued but not due. Against this gross sum there is a credit of \$4.537,921, representing the cash in the sinking fund, and \$11,445 being the amount of the interest on the bonds in the sinking fund due Nov. 1, making a total credit of \$4,549,538, which being taken from the gross amount of the purchase price leaves a balance of \$22,898,856. Of this amount \$8,084.828 less the amount of cash in the sinking fund will be due in fifteen days after the confirmation of the sale, which is expected to take place within the next few days. The second payment will be made fifteen days after the first, and will aggregate \$12,590,848. The three remaining payments will be made within forty, fifty and sixty days respectively from the late of the confirmation of the sale and will be for \$12,590,848 each.

The amount of government bonds issued in aid of the Pacific railroads, which

mature on Jan. 1 next, is \$29,904,952, as Central Pacific, \$10,614.129; Union Pacific \$15.919.512; Kansas Pacific, \$1.423.000; Central branch Union Pacific, \$329.000; Sioux

TRIUMPH IN MARYLAND.

Republicans Control Both Branches of the Legislature.

Baltimore, Nov. 4.-An official count of the ballots cast on Tuesday last in most of the counties leaves no further room for doubt that the Republicans have control of both branches of the legislature and that a Republican will succeed Arthur P. Gorman in the United States senate. Five memters of the assembly and one senator were taken from the Democratic list of probabilities and added to that of the Republicans. Three of the members and the senator are from Talbot county, and one member each from Prince, George and Carroll. This gives the Republicans 49 members in the house and leaves the Democrats but 42, It also gives the Republicans 18 senators to eight for the Democrats and a majority on joint ballot of 17. The result in Talbot county arose from the fact that 18 votes in Tilgh-

man precinct were found to have been counted twice for the Democratic ticket: this being corrected gave the Re publican legislative candidates majorities ranging from 16 to 19 votes. In Prince George a similar correction elected Underwood, Republican, by four votes, while in Carroll the recount showed that Stansbury, Republican, defeated Crouse, Democrat, by 23 votes. The doubtful votes in Montgomery and Washington counties also went into the Republican column by small

The Democratic state headquarters were closed up today and all the memers of the state committee have gone to their respective homes. Before ing, however, Chairman Murray Vandiver gave out the following statement: "As far as the joint convention of the general assembly is concerned, the matter is not entirely settled, and will not be until the official returns are

made up.
"In regard to the house of delegates, I am still of the opinion that the Democrats will have a majority in that body and will organize it. The election in several of the counties is to close that it is impossible to tell at present which side has won, and I believe a recount will be demanded in Montgomery county by the Democrats, who claim that the have elected at least one and possibly two members of the house, while the Republicans claim that they have elected all three. A ecount may also be demanded in Talbot and Carroll countles to determine the result with certainty. At any rate, we have not given up our expectation of controlling the house, whether we have a majority on joint ballot or not

Democratic candidates who have been defeated in the close counties have been in many instances noted as anti-Gorman men, while in the same countles the Gorman men have been elected. In one or two instances which I could specify, these men were cut simply because they were not be lieved to be Gorman men. This shows that the anti-Gorman outcry did not hurt the Democrats in the counties for there he senator has always had his stronghold. To a large extent I am more convinced than ever by the resulof this election that the anti-German sentiment is almost entirely confined to the city of Baltimore and that the Democrats of the counties are measurably free from it. In my opinion,

even if it should turn out that the senator is defeated, he is stronger today in the country districts of the state than he ever was." Among those most prominently men-

oned as the probable successor to Senator Gorman are Alexander Shaw, former Congressman John V. L. Findlay, Postmaster General Gary, and Congressman Sidney E. Mudd.

NEW YORK RETURNS.

Judge Parker's Pinrality -- Complexion of the Legislature.

New York, Nov. 4.-Complete returns from all counties in the state except Cattaraugus, Greene, Steuben and Yates, show a plurality for Alton B. Parker, Democratic candidate for chief judge of the court of appeals, of 56,-258. The final returns will reduce this plurality. Judge Parker's plurality in Greater New York is 133,968.

Complete returns from the Nine-teenth and Twenty-first districts of New York county, heretofore doubtful, elect Weill and Murray, Democrats. The assembly stands Republicans, 79; Democrats, 63; Citizens' union, 2; doubtful, 6.

REPUBLICAN GAINS.

Fusionists Admit That the Republi cans Have Gained Votes.

Kansas City, Nov. 4.-Two-thirds of the 10 Kunsas counties so far reported show the Republicans to have elected a ma jority of the county officers. The Re-publicans also elected seven district judges and the Fusionists six, a gain of two for the Fusionists. While the returns show a gain in offices for the Fusionists over 1896, it is a fact that they have lost votes in almost every county, and that the Republicans gained fully twenty per cent. in the vote compared with last year.

The Fusionists admit the Republicans have gained in votes but declare it was caused by many silver Republicans vot-ing for Republican candidates on personal preferences because of the absence of the silver issue this year.

Shaw's total vote is the largest ever cast for a Republican candidate for governor, being 15.700 greater than the highest before. It is also higher than the vote cast for any Republican candidate for president in bila state, except that for for president in this state, except that for McKinley last year.
