

BOTH COUNCILS HAD ON FIGHTING CLOTHES

Neither of the Sessions Was a Love Sitting.

NORTH END MEMBERS AT WAR

And When It Was Over Mr. Kearney Had the Best of His Colleague, Mr. Grier—Mulberry Street Property Owners File a Long Objection to the Method of Making the Paving Assessments Against Them—Appointments of Mayor Confirmed.

Through Mr. Keller's common council, last night, received a petition from the property holders on Mulberry street, whose places about on blocks traversed by street cars asking that the contemplated plan of assessing the cost of the new pavement pro rata for the whole street be changed so that each block shall be separately assessed.

They believe that those who do not have the annoyance of a street car track in front of their houses should not share in the benefits which arise from the street car company being compelled to pay for the paving between the tracks. It is signed by Ralph Grant, Charles C. Neule, Mrs. Barber, Henry T. Koehler, Robert P. Koehler, B. Bohle, P. W. Stokes, Ellen B. Jessup, William DeLoe, J. W. Hornbaker, Charles Schlager, Nellie McManis, L. T. Eisenbush, Timothy Costello, W. P. Bennett, P. J. Honan, Joseph P. Roddington, Charles T. Rafferty, John J. Scanlon, E. A. Newing, Mrs. Sarah E. Coon, Mrs. Kelly, A. J. Thomas, Christ Minich, L. L. McGraw, H. C. Sanderson, S. Norton, W. P. Connolly, Victor Koch, Scranton Private Hospital, A. R. Raub, B. E. Leonard, J. H. Gunster, Charles Graham, P. D. Higgins, Thomas Conroy, George T. Bernard. An ordinance covering the matters contained in the petition was also presented.

MR. KELLER'S REMARKS.

In presenting the petition Mr. Keller said that while he believed that what the property holders asked was right and proper, according to good sense and justice, it was almost useless for them to petition as the law prevents their request being granted. He thought it advisable, however, to refer the matter to the judiciary committee and city solicitor. Both the petition and ordinance were so referred. Mr. Keller made the statement that it is the intention of the property holders to seek redress of their grievances through court if they can not secure it from council.

The Third ward night flared for a while in the proceedings of the lower branch. After Mr. Kearney had succeeded in inducing select council to table Mr. Grier's measure looking to the erection of a new house for the Cumberland house company, the latter gentleman came back to his own branch and introduced the following resolution:

Resolved, By the common council of the city of Scranton, the select council concurring, that the auditing committee is directed not to pass favorably upon the bill of Michael Healey for rent of the Cumberland house until the building is put in repair.

IN BAD CONDITION.

Mr. Grier remarked that the hose house in question is in such an uncomfortable and unsanitary condition that it is fit for neither man nor beast and that council should be arrested in a body for being a party to the maintenance of such a nuisance. Mr. Grier's resolution passed.

Captain Mohr's ordinance for an electric light in the Ninth ward was opposed by Mr. Kearney and Mr. Gordon who said they also wanted lights in their ward and favored a general ordinance providing for all the lights that are needed in all the wards. After much discussion council passed the ordinance.

An ordinance providing for two electric lights in the Sixth ward, on Landis street at the Corbett avenue and Duffey street intersections; a resolution providing for three banks in the Excelsior hose house, and a resolution directing the street commissioner to repair the broken sewer on South Broadway avenue, were among the new measures favorably considered.

The ordinance for the construction of a sewer system in District No. 19, Bellevue and the ordinance for two electric lights in the Fifteenth ward passed first and second readings. The following ordinances passed third reading: Providing for an electric light in the Ninth ward; providing for repairing the Center street station house; providing for the paving of Lackawanna avenue, between Washington and Adams avenue, and providing for the grading of Delaware street.

IN SELECT COUNCIL.

There Was an Unusual Amount of Lively Business.

The session of the upper branch of council opened with another movement in the Kearney-Grier squabble and through the medium of a report from the fire department committee which recommended concurrence in the resolution of the lower branch awarding to P. F. Calpin the contract for building the proposed Cumberland hose company house for 1897.

Mr. Kearney said he was opposed to the resolution as the site proposed was not in a proper locality and the money could be better expended for repairs to culverts in the ward, the Third. This view he said was shared by his constituents. He made a motion, seconded:

Nature makes the cures after all.

Now and then she gets into a tight place and needs helping out.

Things get started in the wrong direction.

Something is needed to check disease and start the system in the right direction toward health.

Scott's Emulsion of Cod-liver Oil with hypophosphites can do just this.

It strengthens the nerves, feeds famished tissues, and makes rich blood.

Scott & Bowne, Chemists, New York.

THE HOMELEST MAN IN SCRANTON

As well as the handsomest, and others are invited to call on any druggist and get for a trial bottle of Kemp's Balsam for the Throat and Lungs, a remedy that is guaranteed to cure and relieve all Chronic and Acute Coughs, Asthma, Bronchitis and Consumption. Price 25c. and 50c.

Oned by Mr. McCann that the resolution be laid on the table. The motion prevailed by a vote of 8 to 6, four Democrats and four Republicans voting affirmatively and two Democrats and four Republicans against the motion as follows:

Ayes—Kearney, Thomas, Roche, Chittenden, Manly, McCann, Fellows, Sanderson's votes. Nays—Clark, Durr, Wagner, Schroeder, Lansing, Burns; 6 votes.

TITLE QUESTIONED.

After the vote was announced President Sanderson read a letter from Attorney A. W. Berthoff, acting for the estate and heirs of the late Patrick Monahan, forbidding the city or its officers to occupy the premises proposed for the Cumberland building on West Market street, the writer contending that the property was owned by the estate. The letter was referred to the city solicitor.

Later in the meeting Mr. Kearney succeeded in still further burying the matter and in getting in another body blow on his colleague, Mr. Grier. Mr. Kearney offered a motion that the resolution be taken from the table. This being adopted he moved that action upon it be indefinitely postponed. This also being adopted, the resolution can never again be considered except by unanimous consent.

Mr. Roche presented a resolution to the effect that no payments be made to the Columbia Construction company until the judgment of \$25 obtained by the Hunt & Connolly company was paid. Mr. Chittenden said the claim was purely one of dispute between the two companies and it was not council's province to make itself a collection agency; he therefore moved the resolution be referred to committee. The resolution was sent to committee by a vote of 9 to 7. Messrs. Wagner, Manly, McCann, Fellows, Schroeder and Kearney voting with Mr. Roche.

Earlier in the morning action on a similar resolution involving a claim of \$1,200 by the Scranton Vitified Brick company was indefinitely postponed on motion of Mr. Chittenden who showed a receipt bill for the amount of the claim. It was stated that the resolution was introduced before the bill had been received at the Columbia company's office in Syracuse.

The resolution did not agree with the lower branch in the latter's resolution empowering the chief of the fire department and the joint fire department committee to lease or purchase a steamer at a cost not exceeding \$1,200 for the Franklin Engine company. Mr. Chittenden said it had been reported that the steamer now used by the company could be repaired for something like \$150 and he offered a motion, seconded by Mr. McCann, that the fire department committee be directed to employ an expert to examine the steamer and that his conclusion be reported to council. The motion prevailed.

President Sanderson said he would have ruled that the resolution was irregular as the contemplated purchase could not be made until after the city clerk had advertised for bids.

A resolution was presented containing the intention that the First and Third National banks, the Dime Deposit and Discount bank and the Lackawanna Trust and Safe Deposit and Scranton Savings Bank and Trust company were asked to equip their vaults with fire and burglar alarms. The resolution provides that permission be granted to place the appliances in the room of the sergeant of police and to permit the watchman, who is to be employed in connection with the system, to use the room as his headquarters. The resolution was adopted. It is understood that the alarm will be connected with banks other than those mentioned.

MAYOR'S APPOINTMENTS.

The mayor's nominations of James O'Boyle as inspector of the Farber court sewer work, Charles Raynor as inspector of sewer work on Prescott avenue and F. W. Zickelman as engineer of the New Engine company, vice Ernest P. Resinger, were confirmed.

A resolution was favorably reported by the finance committee directing that a warrant be issued by the city clerk and city controller for \$180 in favor of Mathias Stipp and charged to the account of Contractor P. T. Mulligan on his contract with the city for the construction of the Columbia avenue sewer. After a long session of debate it was made to appear that the city had in such cases established a bad precedent and a clerical liability. The resolution was referred to the city solicitor for an opinion.

The common council resolution extending the time for the payment of taxes without penalty to Dec. 31, was adopted.

The lower branch's amendment to the upper Lackawanna avenue paving ordinance, reducing the city's expense from \$5,000 to \$2,500 was concurred in, as was Captain Mohr's resolution providing that the city solicitor and a select council confer regarding some means of imposing a high license upon sale of bankrupt and fire stocks of goods by itinerant merchants.

A DIVERSIFIED ENTERTAINMENT.

Given by the Manhattan Company at Davis' Theater.

A delightfully diversified programme was rendered at Davis' theater yesterday afternoon and evening by the Manhattan Club Burlesque and Comic Opera company. The performance opens with a musical burlesque, "A Stranger in Turkey," and concludes with a satirical burlesque entitled "1925," which shows New York ruled entirely by women.

In the score of pretty girls and several clever male performers appear. Sam Collins is at the head of the fun makers of the company and proves a great favorite.

The bill has for its features Al Lubin, violinist; Carr and Tourtes, musical artists; Collins and O'Brien, dancers, and Manhattan Musical club. The company will be at Davis' for the remainder of the week.

WINTON BOROUGH SUEO.

Has Been Delighting in the Luxury of Arc Lights Without Settling.

The Crescent Electric company yesterday brought suit against the borough of Winton to recover \$2,165.25, which, it is claimed, is owing for electric light furnished during the year ending Sept. 1, 1897.

The company furnished thirty arc lights at the rate of \$75 for each light per year with the understanding that payments were to be made quarterly. The borough, it is claimed, has defaulted in the amount named.

Charles H. Wellen is attorney for the electric light company.

OFFICIAL COUNT OF THE BALLOTS

It Was Begun Yesterday Afternoon by Judge Edwards.

A SMALL ARMY OF ATTORNEYS

They Scrutinize the Tally Lists and Note Flaws in the Affidavits. Thirty-six Districts Are Tabulated, but No Serious Discrepancies with the Open Returns Are Discovered. Horn's Friends Claim That Jones' Majority is Less Than 250.

The work of making the official count of the vote cast in Tuesday's election was begun yesterday afternoon at 1.30 o'clock.

Judge Edwards is presiding and is assisted by D. J. Davis, T. P. Duffy, A. V. Bower and J. R. Burnett, recording clerks; B. F. Tinkham, M. J. Ruddy and Joseph J. Jeffreys, file clerks; J. E. Watkins and F. P. Timlin, reading clerks.

Major Everett Warren, Fred W. Fleitz, James H. Torrey, John F. Spragg, Hon. C. P. O'Malley, Milton W. Lowry, John H. Thomas, D. W. Poswell and Emil Horn, Republicans, and T. P. Wells, Hon. M. E. McDonald, O'Brien & Kelly, Hon. M. F. Sande, W. A. Wilcox, R. J. Murray, C. C. Donovan, D. J. Reedy and M. J. McAndrew, Democrats, sit about the tables carefully examining the returns and making critical examination of the affidavits.

Mr. Copeland and Mr. Norton were both present during the entire afternoon and with their attorneys eagerly watched the close vote on prothonotary.

RETURNS COUNTED THIS FAR. At 1.30 o'clock when adjournment was made for the day the returns from 118 districts had been read and recorded. Comparing with The Tribune table of yesterday the official table so far compiled shows very few changes. Langstaff gained one vote in the Third ward of Archbold and Norton and Warner each lost two. In the First ward of Bickley Daniel's vote should be 145 instead of 45. In the First ward, First district of Carbondale Kelly's vote should be 54 instead of 39.

In The Tribune's table Langstaff's vote in the Fourth district of the Third ward of Carbondale was 14. It should be 114. This however does not affect the total as the compilations were made from the copy before it went to the printer, where the error was made. Horn gained five over the open returns in the First district of the Fourth ward, Carbondale. Pryor's vote in the First district of the Fifth ward, Carbondale should read 181 instead of 118. Horn made a gain of 2 in the First district of the Second ward of Dunmore, which lessens the difference between him and Jones by eight.

Mr. Wilcox, attorney for George S. Horn, claims that Jones' majority is now only 250. According to their figures the lead yesterday was 230 and the returns so far cut that number down by 14.

RUMORS OF CONTESTS.

There were some rumors of contests, and friends of Horn, who were admitted that if the official count warranted it there would be a contest for district attorney. In view of the possibility of such, the attorneys for both sides are giving the closest scrutiny to the tally sheets and affidavits and dictating extensive notes of apparent errors to their stenographers.

A ballot with a cross in the Republican ring and another after the name of Dr. Swallow was sent in with the returns of the election board in the Third district of the Fourth ward of Carbondale. They evidently had had a dispute as to how the vote should be counted, and so referred the matter in this way to the court. Judge Edler reads and decides affidavits and tallies for all the Republican candidates, excepting Beacom, and that Dr. Swallow should get the vote for state treasurer.

The vote was not recorded, and will not be until the day of election is in full. The vote was not recorded, and will not be until the day of election is in full. The vote was not recorded, and will not be until the day of election is in full.

LOOK THROUGH

The Tribune "Want" columns. It may pay you well. Many good things are continually offered in that department.
