FLURRY IN WHEAT.

New York, Nov. 4.—Renewed efforts on the part of the Chicago wheat clique to drive out long stuff today met with un-expected success, considering the news. Although naturally most pronounced in the home market, local prices suffered an early break of Fac, a bushel in a space of ten minutes, which was quite sufficient to set the pit in an uproar and upset stop less orders on all sides. For an hour wheat held on slim margins pour into the market, scared out by news from Chiwheat held on slim margins pour into the market, scared out by news from Chiscago. After a sheer drop of 31gc, a bushel at the west, clique traders reversed their tactics and began loading up on the break, which started a sympathetic recovery in all other markets. Again, near the clese, however, long wheat appeared once more, and price weakened locally to almost the lowest point. December's total range was from 1850c, to 39c, closing 375cc, total transac-98%c, to 99c, closing 97%c, total transactions were 6,311,000 bushels. Exporters took advantage of the break to buy upwards of 100 loads, or nearly a million bushels at New York and outports.

CATARRH OF THE STOMACH.

A Pleasant, Simple, but Safe and E fectual Cure for It. Catarrh of the stomach has long been

considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied ing sensation at the sour or watery risings, sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs, and difficult breathing; headaches, fickle appetite, nervousness and a general played out, languid feeling.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surface of the stomach, To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlandson the safest and best treatment is to use after each meal a tablet composed of Diastase, Asceptic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will folow their regular use after meals,

Mr. N. J. Booher, of 2710 Dearborn St., Chicago, Ill., writes: "Catarrh is l local condition, resulting from a neglected cold in the head, whereby the onds, 20a25c. I have found flesh. appetite and sound rest from their use. Wall Street Beview New York, Nov. 4.—Today's business of he Stock exchange was larger than the f yesterday, but the losses in the price quoted at the close are nowhere near so larg as those of yesterday. Although the liquidation has been heavy, large blocks of stock being thrown on the market, there has been good support fortheoming at the decline. Although the ceneral course of the market was down ward, this course was constantly inter-supted by rallies, and as one of these peiodical recoveries came in the last half our of trading, the day's net declines are small except in some of the less active stocks.
