THE MARKETS.

Wall Street Review. New York, Nov. &-Prices of stocks finefuated very widely and very easily. traversing a range up and down many times in the course of the day. This indicated a feverish tone of speculative mind, a readiness to dispose of hold-ings on a slight intimation of possible untavorable developments and an equally nervous anxiety on the part of the short sellers to cover their contracts on any appearance of a hardening tendency in the market. The most formidable event in the day's happenings so far as any effect on values was concerned was the further postponement of the announcement of the upreme court's decision in the Nebmiska maximum freight case which was confidently expected today. A special weakness was induced also in the coalers by the very discouraging reports of the condition of that industry due to over production, cutting of ces, and the persistent mild weather. There was not lacking the stock Spanish war scare, which was made to do duty again today. These demora-lizing factors did not begin to be felt until some slight improvement over Saturday's close had been effected in prices, sugar leading the way. There as a notable improvement also from the low point before the close of the day due to covering of shorts and on a supreme court decision against the Interstate Commerce commission as to the regulation of tates unwer the ong and short haul clause where water rates are in competition. In onsequence of this rise at the opening and improvement at the close, net declines are much diminished, Total

You Admire Handsome Rugs

But they're so expensive that they are probably beyond your reach. Still once in a while a chance comes your way, for get-

That chance is here now, but quick buying is necessary, for there's only a few of them, and the reason for selling them at such absurd prices is simply this: A water pipe burst on our third floor. The Rugs soaked, and they're very slightly water stained, althought the damage is not sufficient to do them any real harm or spoil their appearence in any way. These are not Jute Rugs, but fine finished East Indian goods.

Dear Mr. Kimball: It is with great pleasure that I write to acknowledge the safe arrival of the Kimball baby grand plane. It is indeed a beautiful plane and has an exquisite tone. It has already been greatly admired by many connec-scurs who are all united in pronouncing it to be a chef-d'oeuvre. With kind re-gards, believe me, yours very truly, Adelina Parti Nicolini.
