The weather
man says "It's going to blow up cold;" so look after your outer and your inner wear now.

Before you buy listen to a few common sense words that may be the means of saving you money.

Business is founded upon honesty and good judgment. Test both this way at a money-back-if-you-want-it store.

Buy something. If it's good, so much to the credit of judgment; if it isn't good, so much against judgment-go back for your money. If you don't get your money, that's enough-the merchant is dishonest. If you get your money, try again; you may have struck the only bad bargain in the store.

Above all, satisfy yourself as to both honesty and good judgment; but be sure of honesty, for that protects you against loss if judgment should fail.

Clothes-especially ready-made-often look right
the store, but a week after don't fit.
We have but one answer to that: your money back
Yes; another answer; Suits and Overcoats that fit undess you have been here lately
Let the windows speak to you-the prices talk-
they shout at Samter's.
