RECOVERED HER CAPE.

While attending a social at Mears hall, Saturday evening last, Miss Mary Watkins, of North Rebecca avenue, had valuable cape taken from the chair upon which she laid it, while dancing. A still hunt was begun by Constable Timothy Jones, which resulted in finding the cape in the possesion of Miss L. Schimburg, of the central city. The young lady was given a hearing before Alderman Johns yesterday morning and she claimed that she took the cape in mistake for her own. The capes closely resembled each other. Miss Schimburg could not furnish the \$300 bail required and was held. Mrs. Beynon, however, relented later in the day and having recovered the lost cape and the accused girl agreeing to pay the costs, the case was dismissed.

SEARCH WARRANT ISSUED

Bartl and Smith Want to Recover Notes of a Survey of Proposed Bicycle Path.

A search warrant was served yesterday on Arthur Frothingham at the instance of Bartl and Smith, the civil engineers, to recover notes made by them on the survey of a bicycle route to Hawley. Mr. Frothingham was taken before Alderman Millar and was compelled to surrender the important papers. The trouble is associated with mysterious disappearance of a valuable map from Bartl and Smith's office on Oct. 22, for which a great hunt has been made with no definite success.

The notes were wanted by the sur veyors to be used in a case which, they say, they will institute against those interested in the proposed bicycle path to recover \$926, due for work done in surveying the route and constructing a map.

Mr. Frothingham obtained the notes in Bartl and Smith's office and yesterday Mr. Smith learned that Street Commissioner A. B. Dunning, jr., was p. m. about to make another map from the notes of the survey.

A search warrant was sworn out before Alderman Millar and was placed in the hands of Special Officer John Tierney, Accompanied by Mr. Smith, Officer Tierney entered Mr. Dunning's office and found Mr. Frothingham with the notes in his hand. He was taken before Alderman Millar and after a short hearing surrendered the notes. Surveyor Smith stated last night that t warrant charging Mr. Frothingham with larceny by ballee has been sworn out and will be served today.

In regard to the map which was probably stolen, Surveyor Smith states that it was the result of twelve days' field work of a corps of engineers and six weeks' office work in engrossing

Mr. Frothingham last night, in speaking of the notes in question, said; 'Mr. Smith read off those notes and I took them down in lead pencil and was to have six copies made, one for court and one for Bartl and Smith, one for the company, the others for the attorneys. They can have the copy any time. To copy these notes it took parts of five or six days, I did it when Mr. Smith had leisure from his mine work and sometimes his men would read them to me. Mr. Smith swore I took those notes from him. I will have him arrested for perjury."

He offers to leave the settlement of Bartl & Smith's claim to any three disinterested civil engineers in this city.

When Eppstein had departed Kayak examined the watch and found it to be worthless. Hastening down town railroad. Soon after its arrival it was he discovered Eppstein in a saloon and taken to the quarters of the company. | had him arrested.
