#### FOOT BALL GAME.

The Carbondale High school team met the Dunmore High school eleven at Alumni park on Saturday. The game was well matched and very interesting. Two twenty minute halves were played and Carbondale won by a score of 4-0. As Dunmore had but nine players the ranks were filled by substitutes from the College team. Charles Johnson, of this city, was referee and D. Moyer, of Jermyn, acted as um-

### HIS SIGHT RESTORED.

James Kirkwood, of this city, has been under treatment for several weeks at the Wells eye hospital in Philadelphia. He suffered from a cataract which was removed from the eye, so that his sight is restored to one eye The operation has resulted in giving him sight, though not in both eyes.

### LOCAL AND PERSONAL NOTES.

Mrs. O'Connor and her family are soon to take their departure for a new home in West Virginia. The choir and congregation of the Berean Baptist church will lose a prominent and valued member of their congregation when she leaves the city. For some years she has been one of the leading soprano singers of the choir, and her services

were highly appreciated.

Ill health is a luxury that only the rich can afford, and that no one can en an uninteresting invalid, for there never

was an interesting one.

The woman who suffers from weakness and disease of the distinctly feminine organs is certain to become an invalid. No woman can suffer in this way and be a healthy, happy, amiable wife and a compe-tent mother. Troubles of this nature sap the strength, rack the nerves, paint lines of suffering upon the face, destroy the temper, make the once bright eyes dull and the once active brain singgish, and transform a vivacious woman into a weak, sickly

The one sure, speedy, permanent cure for all disorders of the distinctly feminine nature is Dr. Pierce's Favorite Prescription. It acts directly on the delicate and important organs concerned, and makes them strong, healthy, vigorous and elastic. It cures the internal ulceration and inflammation that give rise to a debilitating drain on the system. It is the best most form the system. It is the best medicine for overworked, "run-down" women.

"About six years ago my wife became ufflicted with female weakness." writes the Rev. I. J. Coppedge, of Elmo. Kanfman Co., Texas. "Sile could not stand on her feet or get in any position in which ahe did not suffer great pain. Sie despaired of ever again being well. She took six bottles of Dr. Pierce's Favorite Prescription and has been well and happy for twelve months."

SOME RELIGIOUS STATISTICS. Increase in the Number of Churches and Preachers in the United States in Ten Years.

The United States is the only coun try in which an official census omits matters relating to the religious belief of the inhabitants. In every European country, In Canada, South America, India, and Australia, when a census is aken by governmental or local author ity, inquiry is made into the religious belief of the inhabitants, and the cus tom is universal to ascribe to the mine children of a family the religious creed of the parents or guardians. In the United States, however, the antipathy to any admixture of religious with sec ular matters has always served as a bar against inquiries by census officials on religious matters, and the near est approach to such information has come, therefore, from statistics of church sittings. There is kept. too, but not by any official authority, a record of the number of ministers of each religious denomination, and comparison of the figures for the last few years is interesting as showing the changes which are going on in the

various denominations. Ten years ago there were in the United States 38,522 Baptist churches and 25,377 Baptist clergymen. There are now 45,802 Baptist churches and 31,572 Baptist clergymen. Ten years ago there were in the United States 48,263 Methodist churches and 28,073 d. After a brief service at the house clergymen of the Methodist creed the remains were conveyed to the Suschurches and 23,69! Methodist clergy he funeral sermon was preached by men. There are thirteen sub-division of American Baptists and seventeen of American Methodists, but for purposes of ordinary computation they are spoken of as Methodists and Baptists collectively. Ten years ago there a strong company, presented "Lit- in the United States 6.919 Catholic churches and 7,658 Catholic clergymen There are new 12,627 Catholic churches and 9,966 Catholic clergymen. years ago there were 7,392 Lutherar churches and 4,215 Lutheran clergymen. There are now 9,493 of the for mer and 5,685 of the latter, the in crease being due in considerable measure to the large and steady emigration from north Germany and Scandinavian countries to the United States, Ten years ago there were returned in the United States 369 Jewish synagogue and 303 rabbis occurring pulpits in Jewish synagogues. There are now re turned 548 synagogues and 299 rabbi though obviously the latter is much too low, and the disparsity arises from the fact that there are a consider able number of rabbis who do not appear in the church records as such, as they also follow other pursuits. years ago there were in the United States 12,437 Presbyterian churches and 9,654 Presbyterian ministers. By the last figures at hand there were 14,530 Presbyterian churches and 13,476 Presbyterian clergymen. Ten years ago there were 3,540 Episcopal churches and 4.139 Episcopal clergymen in the United States. There are now 5.979 of the former and 4,580 of the latter, All religious organizations in the

United States have grown in membership and church accommodations during the last ten years, but the gain, as the figures show, has been somewhat unevenly distributed.
