**SCHANK & SPENCER,**  
410 SPRUCE STREET.

**CITY NOTES.**

There was a clam bake at Koons' hotel on Lackawanna avenue last night.

A. W. Dickson, of this city, has purchased a controlling interest in the Pine Hill Coal company, of Minesville.

The Delaware and Hudson Canal company yesterday paid its employees at Nos. 1 and 2 and Powderly mines, Carbondale.

At Marberry's meat market two large deer are on exhibition which were killed by members of the Okell Rod and Gun club in Pike county.

The employees of the Pine Brook mines were paid yesterday. The employees of the Briggs mine will be paid today by the Lackawanna Iron and Steel company.

Ground was broken yesterday for two one-story store buildings to be erected on the lawn north of the Parrot house on Washington avenue by the syndicate of local men who own the property.

Reeve Jones, pianist, will give a concert on Monday evening, the 22d inst., at Tabernacle church on the West Side.

Mr. Jones will be assisted by Miss Freeman, soprano; T. R. Williams, tenor; J. W. Jones, basso; and Walter Davis, accompanist.

The concert will be for the benefit of the church. Nine hundred tickets have already been sold.

The condition of A. J. Saunders, the man who met with such a sad accident while out hunting near Nicholson Monday, was unimproved yesterday.

The sufferer, whose leg was amputated, remains at the Lackawanna hospital and has now fully awakened from the dreadful misfortune. In his waking moments yesterday he bewailed his loss in heartrending words.

**WILL BUILD THE ROAD.**

That is if the Property Owners Give Company Assistance.

The East Stroudsburg and Matamoras Railroad, which was sold for fifty dollars at sheriff's sale on Saturday afternoon, says the Stroudsburg Times, "has passed into the hands of the Delaware Valley, Hudson & Lehigh, the company controlling both charters. The new company will build the railroad if the property owners along the present line of survey will meet them in anything like a fair manner in regard to right of way. An official of the D. V., H. & L. Co., when seen said:

"If the public along the surveyed route desire to see the railroad and will offer our company right of way on fair terms we can assure them the road will be built and without any great delay. If they do not care to help then the new organization may run a new line."

**FOUR STORY BRICK BUILDING.**

J. W. Guernsey is to erect it at 314 and 316 Washington Avenue.

J. W. Guernsey has broken ground for a four-story brick store building at 314 and 316 Washington avenue. The building will extend back to Lee court a distance of 150 feet.

At present the front of the lot is occupied by a small one-story frame building. It is expected that the new building will be completed April 1. Mr. Guernsey will occupy the first floor.

**TRACTION COMPANY MULCTED FOR \$3,000**

**Verdict for That Amount in Favor of Mr. and Mrs. John Reagan.**

**ZURICH CASE TAKEN FROM JURY**

Defendant Company Succeeds in Securing a Compulsory Non-Suit. Isaac La Bar's Suit for Trespass on a Culin Dump Comes Up Again. Carbonate Young Woman Sues Rapid Transit Company for the Loss of Her Foot.

In the case of Mary Reagan and her husband, John Reagan, against the Scranton Traction company, the jury yesterday brought in a verdict for the plaintiffs in the sum of \$3,000. Two-thirds of this amount is for the injuries which Mrs. Reagan sustained and the other third for the loss of her services, for which the husband sued.

The case of Mr. and Mrs. Thomas Zurich against the Delaware, Lackawanna and Western company was non-suited by Judge Edwards yesterday afternoon. Major Warren moved for the non-suit on the grounds that the plaintiffs were guilty of contributory negligence and that no negligence had been shown on the part of the company. The father, according to his own testimony, Major Warren said, saw his little daughter playing in the pasture lot across the railroad track and knew that she would have to re-cross the track to get home. Despite his knowledge of the fact that the little one would be exposed to a danger with which she was not able to cope, he went into the house and paid no more heed to her.

Mr. Vosburg and ex-Judge Stanton for the plaintiffs, endeavored to refute these contentions by arguing that the little child was playing with some older children with whom she was accustomed to play, and who the parents had every reason to believe were capable of caring for her. As to the negligence of the company they pointed out the evidence adduced during the morning to the effect that the brakeman in charge of the trip of cars which ran over the child, was not properly attending to his duties, but instead was flirting with girls who stood in the doorway of a house alongside the track.

**RULE TO SHOW CAUSE.**

After allowing the motion for a non-suit Judge Edwards granted a rule to show cause why the non-suit should not be stricken off, returnable at argument court.

The trespass case of Isaac E. La Bar against the Greenwood Coal company was called for trial before Judge Edwards, just previous to adjournment. S. H. Price appeared for the plaintiff and Major Everett Warren for the defendant. T. H. Dale and George R. Brooks personally represented the defendant company.

The suit is over a culm pile. When culm dumps first commenced to be regarded as being of commercial value Mr. La Bar purchased the large one located at Greenwood on the lands now leased by the Greenwood Coal company.

When the company built its new breaker and started mining from the tract it helped itself to several thousand tons of the culm from La Bar's dump, part of it being used as fuel for the boilers and part for filling and ballasting. The company admits having taken about 6,000 tons, but alleges that since mining operations were gotten under way this has been returned with interest. Mr. La Bar claims that much more than this amount was taken and asks \$5,000 damages.

The case was tried four years ago and a verdict of \$3,000 found for the plaintiff. Judge Gunster granted a new trial on the ground that the verdict was against the weight of the evidence. Efforts have been made to settle the case, but as yet no agreement has been arrived at.

Miss Lizzie Gilmarin, of Carbondale, appeared as plaintiff in a suit before Judge Gunster for \$5,000 damages against the Lackawanna Valley Rapid Transit company for the loss of her foot and other injuries resulting from her being run down by one of the company's cars on the night of June 11, 1895.

Miss Gilmarin and her sister, Emma, were returning to their home in the southern end of the city on the night in question, after having attended a wake up town. The car tracks on Brooklyn street, where the accident happened, are laid on the right hand side of the road, too close to the fence line to leave space for a foot-path.

**USED AS A FOOT-PATH.**

The two girls, as is the common custom there, were making use of the track as a foot-path, when a car came along at a high rate of speed, and without any warning, rushed down upon them. Emma, who was in the lead, had stepped outside the rail to avoid a bad spot in the track, and the car barely missed her. Lizzie was struck squarely by the front of the car and run over. Her left foot was crushed so badly that it had to be amputated, her thigh was badly lacerated and she also sustained several other injuries of lesser severity.

They allege that they were constantly on the lookout for the approach of a car from behind as the north-bound car had gone up only a few minutes before, and they knew it would pass a south-bound car at the switch, a few hundred yards above. Had there been a headlight on the car, which they claim was not the case, they would have been able to see its approach, and the motorman, too, would have been able to see them, they allege.

The defense will be that the plaintiff was guilty of contributory negligence in walking on the track, with the confessed knowledge that a car was approaching, and liable to come down on them at any moment.

James J. O'Neil and O'Brien & Kelly appear for the plaintiff, and Horace E. Hand and W. S. Diehl, of Watson, Diehl, Hall & Kemmerer, for the defendant.

**COURT HOUSE NEWS NOTES.**

John S. Read was yesterday appointed guardian of Mable E. Seamans, minor child of the late J. M. Seamans.

The case of Collins & Hackett against A. Rundie was yesterday referred for settlement to Attorney R. J. Kerwan, under the act of 1869, by agreement of counsel, Raphael L. Levy, for the plaintiff, and Vosburg & Dawson for the defendant.

Marriage licenses were yesterday granted to John Malarkey and Agnes Langan, of Scranton; Harry A. Reynolds and Anna Heddoe, of Scranton; Thomas B. Hill, of Jersey City; and Elizabeth Lynsady, of Carbondale; William H. Boyce and Sadie McGowry, of Carbondale; William S. Richards and Clara McGowry, of Carbondale.

Jessup & Jessup, attorneys for the

plaintiff in the Hartley-Hull ejection case tried to seek for the sixth time, made application for another new trial yesterday. One of the principal reasons given for making the motion was that court made a mistake in not admitting certain testimony, and after the witnesses had been dismissed revised the ruling.

In the case of the Berlin Iron Bridge company against J. W. Bonta, Judge Edwards yesterday, on motion of W. A. Wilcox, granted a rule to show cause why the judgment taken against Emery Bontender, grantee, for want of appearance should not be stricken off, and later by agreement of counsel, made the rule absolute.

**REPAIRS ARE BEING MADE.**

**Street Commissioner Dunning Replies to Board of Trade.**

Street Commissioner Dunning has addressed the following open letter to the streets and bridges committee of the board of trade:

An Open Letter to the Streets and Bridges Committee of the Scranton Board of Trade.

Gentlemen: I notice from this morning's papers that by resolution you have been requested to call upon me and urge me to carry out the repairs of asphalt pavement at once.

As the matter has already become a public affair and in order to spare you the trouble and relieve an anxious public I take this means of publicly answering.

First let me say that the repairs have been going on continuously since Oct. 21, and every day except Oct. 20 and 21 and Nov. 9 and 10, when it rained. The following facts taken from the city records will explain why the work did not begin sooner:

Resolution to advertise for bids to repair asphalt was signed by mayor July 14, 1897.

Date of Barber company's bid July 22.

Open in common council and referred to committee July 22.

Approved by common council Sept. 22. (Here not two months delay.)

Approved by select committee Oct. 7.

Approved by mayor Oct. 12.

Contract signed by Barber company Nov. 3.

Please note the fact that the repairs were started 13 days before the contract was signed. They started on the Telephone company's ditches and the plumb lines and water cuts Oct. 21 and ended Nov. 11. Since then they have been working on regular repairs and are working today. Respectfully yours,

A. Dunning, Jr., Street Commissioner.

**LAST NIGHT'S MUSICAL.**

**Well-Known Artists Heard in Mr. Southworth's Studio.**

A delightful musical was given last evening at Mr. E. E. Southworth's studio which was attended by a select audience of invited guests. The program was given by Miss Cordelia Freeman and Miss Julia C. Allen, with Miss Blackman as accompanist.

The selections, it is unnecessary to say, were of a high order. Miss Allen played unusually well. Her violin work seems to gain a constantly increasing charm. In her first number, a Mozart sonata with Mr. Southworth, finished beauty of her playing surpassed almost any previous effort heard by a Scranton audience. Mr. Southworth delighted his listeners with several selections. A Mason number was his first and was given with the flawless technique and the spirited grace characteristic of his work.

Miss Freeman sang. Her powerful, true and limpid soprano has seldom been heard to better advantage. She received many encores. Perhaps in the Jewel song from Faust she was given best advantage. Her method is excellent. In the Beach solo, with the violin obligato, she rose to a splendid height of vocal triumph.

On the whole it was one of the most artistically pleasing musicales heard for some time.

**WILL EAT HIM IF TOLD TO.**

**Chief Robbing Is Not Particular About His Diet.**

Edward Tonery, the insane man, was not taken to the Hillside Home yesterday. He is still at the central police station, and will remain there until Chief Robbing obtains some legal advice with reference to him. Tonery recently came from Chicago and was placed in the police station by his brothers, who want to have him sent to the Hillside Home. They desire, however, to pay the medical fee for the examination that must be made before Tonery can be legally sent to an insane asylum.

Chief Robbing explained that it wasn't his place to pay the \$5 fee, and to the brother said: "You brought the man here, you seem to be most anxious to have him cared for; why don't you pay the doctor?"

Tonery declined.

"Well, I'll have to see the city solicitor," said the chief.

"I'll go and see him myself," retorted Tonery, and he started for that official's office. After being out but a few minutes and said to the chief: "what are you going to do about it, you can't turn him loose; you've got to do something with him."

"I'll do as the city solicitor says," answered the chief; "if he says eat him, I'll eat him."

The opinion is anxiously awaited.

**NEW HOTEL AT HARVEY'S LAKE.**

**Foundation for It Is Now Well Under Way.**

Next summer there will be a handsome new hotel at Harvey's Lake to take the place of the Lake Grove House. The foundation walls are now well under way and the visitor can begin to see the extent of the structure.

The building is being erected just back of the present hotel and when ready to be occupied the old one will be torn down and the ground where it stands will be a part of the front yard of the new one. The new house will be four stories high on the lake front, the first two stories being of brick, and the remainder of wood.

**HEARING AGAIN POSTPONED.**

**Edward Myers Will Not Be Arraigned Until Thursday.**

The hearing of Edward Meyers, of Petersburg, who is accused of assaulting the late James Phillips, was continued yesterday by Alderman Johns until Thursday evening.

The postponement was made because the coroner's jury will not pass upon the case until Wednesday night. Meyers' bail was increased from \$500 to \$750.

**Clothes wear longer, look whiter and smell sweeter when FELS-NAPTHA soap is used. The wash is done quicker and easier and in cold or lukewarm water.**

**MUCH TALK ABOUT THE ASSESSMENT**

**Action of the Board of Trade Monday Night Discussed in the City Hall.**

**ASSESSMENT IS NOW TOO LOW**

Does Not Permit of a Sufficient Sum of Money Being Raised to Defray the Expenses of Running the City Government—City Official Says the Action Must Be Directed Against the Public to Bring About a Reform.

About the city hall yesterday a topic quite generally discussed was Monday night's action of the board of trade upon J. M. Kemmerer's suggestion that the board launch an agitation tending toward a readjustment of the tax assessments.

Two opinions were commonly expressed: That the present tax rate should not be increased, and that the present revenue was not sufficient to properly meet the running expenses of the city. It has for several years been customary to base assessments on less than thirty per cent. of the actual valuation and there are many instances where the assessment does not exceed ten or fifteen per cent. The latter does not refer to coal lands.

In other cities it is the rule to make assessments on a fifty to seventy-five per cent. valuation. Aside from this difference, it is believed Scranton property owners suffer more from discrimination and that if assessments were uniform on a valuation of fifty or even forty per cent. the city would have many thousands of dollars more than now for general expenses. The present assessed valuation is less than \$21,000,000. A more uniform assessment at the present percentage would increase the valuation several millions. It would be increased \$10,000,000 and give the city perhaps \$100,000 more than now for general expenses if assessments were made on a forty per cent. valuation.

Said a city official to a Tribune reporter yesterday: "I guess nearly all city officers, including councilmen and assessors, will agree with the board of trade that the valuations now placed on property are too low and that there is discrimination. The greatest objection would come from the public itself, from those whose influence or friendship with the assistant assessors has been sufficient to keep their assessment down."

"Surely those councilmen who are members of the joint estimates committee which every year has to struggle mightily to keep expenses within the appropriations, and all their colleagues who are unable to have appropriations made for things much-needed will join hands with the board of trade—but the 'agitator' must be directed against the public and not solely against the board of city assessors."

**THE KNICKERBOCKERS COMING.**

**Open a Three Day Engagement at Davis' Theater Tomorrow.**

The "Knickers" are coming again, having been secured after much difficulty for a special return engagement at Davis' theater, beginning with a matinee tomorrow. This company is a vaudeville attraction of a better class than people have been favored with for many months, and the opportunity should not be neglected.

The company is first-class in every respect, the comedians are funny, the specialties are all top-notchers, the girls are all pretty, the costumes and scenery are very handsome and appropriate, and the entire performance
