THERE IS NO SECRET HIDDEN

In This The Truth is Laid Bare People Now Beginning to Realize the True Ments of Honest Advertis-

That the Chicago Combination Clothing Co., of 211 Washington avenue, opposite the Court House, are strictly living up to their advertisements is now fully assured. There is nothing hidden in their mode of doing business and the truth is laid bare. You will wonder why it is, and no doubt you will be astonished when you read their advertisements. When they announce the sale of such high-grade goods at such ruinously low prices. This firm can well afford to sell these goods at such prices, as they buy goods from people who are either giving up business and must raise money; also from bankrupt concerns, sheriff sales, and in fact from wholesalers who are hard pressed for money. The Chicago Comination Clothing Co, have eight steady buyers who are continually on the lookout for such stocks, and in a great many cases they are successful in obtaining these goods at from twenty- year, five to fifty per cent, on the dollar, on sale, adding a small percentage for profits and turning the stock quickly and giving the people such bargains that under ordinary circumstances they could not secure. Thus it will be seen when they announce a sale it is not mere fiction or newspaper talk, but actual facts. The great sheriff sale which is now in progress in their store is creating the talk of the town. If you are in need of any clothing for men, boys and children, make haste and come to this great sheriff sale, now in progress at 211 Washington avenue, opposite the Court House, Scranton, Pa.

New York, Nov. 26.-The latter part of he day showed an improvement in busiiess on the Stock exchange, both in the rolume of transactions and the increase in values over that recently prevailing. The standard railroad stocks, however, continued to be a good deal neglected, and the movement of prices in them were very narrow. The whole list was depressed during the early part of the day under the influence of lower prices for Americans in London and active selling here for London account. This was especially marked in St. Paul and this stock falled to recover at any time to Wednesfailed to recover at any time to Weines-day's close. Its weakness was due to the October statement of earnings which showed an increase in net of less than \$3,000. So far as this statement bears on the general situation, it is to be taken into account that St. Paul's October earn-
