THE MARKETS.

Wall Street Review.

New York I see, 14.—There was a disposition today on the part of holders of stock to realize profits on the reaction by free short selling. There was one of two exceptional instance of strength in the market and some covering of shorts before the close by timid hears, so that net declines do not indicate the extreme fall in prices. But the general tone of speculation was heavy one no aggressive shipments—Flour, 17,000 bushels; corn. one of 18,000 bushels; barrey, 103,000 bushels; corn.
The S0,000 bushels; oats, 706,000 bushels; rye was 2,000 bushels; barley, 18,000 bushels, speculation was heavy one no aggressive disposition to buy was manifest. The firmer tone of the call money market was undoubtedly the cause of the nait in the built movement. The market was almost wholly teconical the strength of the Coalers, with no news to account for it, serving to sustain values somewhat. Total sales were 200,000 shares.

BABY'S SMOOTH, FAIR SKIN

A Grateful Mother Writes this Letter-Tells all about Hor Troubles when Baby Broke out with Scrofula Sores.

"At the age of two months, my baby began to have sores break out on his right cheek. We used all the external applications that we could think or hear of, to no avail. The sores spread all over one side of his face. We consulted a physician and tried his medicine, and in a week the sore was gone. But to my surprise in two weeks more another scrofulous looking sore appeared on baby's arm. It grew werse and worse, and when he was three months old, I began giving him Hood's Sarsaparilla. I also took Hood's Sarsaparilla, and before the first bottle was finished, the sores were well and have never returned. He is now four years old, but he has never had any sign of those scrofulous sores since he was cured by Hood's Sarsaparilla, for which I feel very grateful. My boy owes his good health short time ago he was compelled to put up and smooth, fair skin to this great med- with a ready-made suit. We make a suit icine." Mrs. S. S.
