SITTING AT TOWANDA.

Judge Archbold Carried to Adjudicate an Important Case.
Judge Archbold went to Towanda, Bradford county, yesterday to adjudicate a very important case, an appeal on the part of an association of taxpayers against the report of the county auditors.
It appears that the county commissioners were authorized by three consecutive grand juries to build a new court house. It was stipulated that the cost was not to exceed \$100,000, but when all the bills came in and were footed up it was found that over \$200,000 had been expended on the building. There was general dissatisfaction at this and also on account of the alleged loose management of the county poor house and after one or two charges of fraud were freely made the county auditors on Feb. 2 last began a public investigation.
The county commissioners were found to have made overpayments to the extent of \$5,809.06 on the foundations of the court house and had incurred an expense of \$12,000.00. What else, if anything, was found against the commissioners was never made known. The investigation was conducted privately after the discovery was made and if any like discoveries were made it didn't appear on the report of the auditors.
The people were determined to get at the bottom of the thing and took an appeal. Judge Peck, of Towanda, certified the case to Judge Archbold and it is now being heard before the latter in the court house which gave rise to the dispute.

AN ATTACK OF FITS.

Mrs. John Woelkers Stricken at Her Home on South Side.
Mrs. John Woelkers was stricken with fits at midnight last night at her home, 247 Willow street, South Scranton. She and her little 6-year-old son were alone in the house at the time.
The little fellow saw his mother writhing in agony and rushed out of the house crying for help. He was in his night dress.
The boy ran along the streets, barefooted, until he came to Lieutenant Zagab. This police officer went to the house and found Mrs. Woelkers lying full unconscious on the floor. She was suffering terribly.
The Lackawanna ambulance was summoned and at 12:30 o'clock the woman was taken to the hospital. The boy was brought with her.
The attack is not of a serious nature and after a brief treatment by the hospital physician, Dr. Newberry, the woman showed signs of recovery.

SCHOOL CONTROLLER WORMSER RESIGNS

Oldest Member of the Board in Point of Service.

EIGHTEEN YEARS ON THE BOARD

Mr. Barker and Others Attack the Supply Committee's Report on Coal Contract Awards and Secure a Partial Victory—Committee Wanted to Distribute Patronage, but Some of the Members Preferred to Husband the Finances.
Fred L. Wormser, school controller of the Eighth ward, submitted his resignation at last night's regular meeting of the board of control. The resignation was prompted by his intention of moving to his new home on Linden street in the Seventeenth ward about Feb. 1.
Near the close of the meeting Mr. Wormser presented his resignation. He was obliged to speak briefly and with great deliberation in order to sufficiently control himself to properly make his resignation known. He said:
On February 1, I shall remove from the Eighth ward which I have had the honor to represent for the past eighteen years. I deem it my duty to resign at this time, before retiring, take occasion to thank the officers and members of this board for the uniform courtesy shown me.
His expressed reluctance and regret were borne out by the apparent effort it cost him to finish his remarks.
Mr. Barker, in offering a motion that the resignation be accepted, paid a high compliment to Mr. Wormser's helpful business and financial talent and his strict integrity. The motion was seconded and remarks of a complimentary nature made by President Fombes, Mr. Wagoner, and others, in which they emphasized the fact that a loss would be felt no less by the city at large than by the board.
Mr. Wormser acknowledged the expressions of regard in the following words:
MR. WORMSER'S REPLY.
It is with feelings of regret that I leave this board, because my long continued service in the cause of education, to which I have given so much time and thought, has made its work pleasant and agreeable. I might say it has become second nature.
I have not one word to say in justification of the motives that have controlled me, either personal or public, in the exercise of my official duties. I am, however, confident that I leave it in the hands of those who have worked in the vineyard with me and to those who have gathered the fruits of our labors.
As I look over the years that have flown and recall the faces that gathered round the council tables, some of whom have gone to their reward, I feel that I should gratefully say that personal animosity never controlled my conduct. Whatever the results of my efforts in the cause of education are, I sincerely regret that I was not able to accomplish more. I shall always be glad to meet those who are willing to shoulder the burden of thought and their force to the cause of popular education.
On motion of Mr. Barker and with several seconders, it was voted "as an expression of courtesy and appreciation of Mr. Wormser" that he be accorded a seat among the members at all future meetings of the board.
The pay roll of the officers and janitor for \$616.67 and \$1,745 respectively, was approved.
On motion of Mr. Welsh it was voted that the examinations for admission to the High School be conducted at least one week before the opening of the term.

BILLS ORDERED PAID.

A number of bills for final payments to contractors on the heating, ventilating, etc., at the new Nos. 10 and 28 buildings, were yesterday paid. Mr. Welsh objected to the payment of the Smead & Wills company bill for the dry closet and heating systems until the work was accepted. Mr. Barker moved to refer the bill back to the building committee with instructions to report definitely on the condition of the work. The motion prevailed after that of Mr. Gibbons' to table Mr. Barker's motion had been lost. Later in the evening that part of the bill relating to No. 10 building was ordered paid.
Mr. Davis renewed in the form of a motion his suggestion at a former meeting that three lots at \$1,100 each be purchased for building purposes in the Fourth ward on the West Side of Fillmore avenue between Sweetland and Pettelone streets. Mr. Barker opposed it on the ground that it was possible that a differently constituted board would succeed the present body and it would not be wise to tie up any future board in a transaction that might not be approved. He thought the old No. 10 building was in use in that ward, the party could be improved at comparatively slight expense so that it would meet the demands of the locality in question.
Mr. Wormser's views coincided with those of Mr. Barker. Mr. Gibbons favored a purchase of Mr. O'Malley's. They argued on the beauty of the site and the probability of being able to sell it so desired. The vote on the question of purchase showed nine in favor and six against, but President Jennings declared the motion lost according to the rule which requires that a majority of all the members must authorize a purchase.

PLANS FOR NO. 3.

The plans of Architect Duckworth for a new No. 3 building in the Eleventh ward, which were submitted at the last regular meeting, were adopted and the secretary directed to advertise for proposals for furnishing the heating and ventilating appliances.
After many meetings the supply committee was able last night to present a report but which did not express the wishes of all its members on the award of contracts for furnishing the No. 3 building. Mr. Devaney, chairman of the committee submitted the following report which was signed by himself, Mr. Casey, Mr. O'Malley, A. Walsh and George H. Shires.
The supply committee recommends the accepting of the following bids for coal: Consumers' Ice company; First district; M. J. Ruddy, Second district; James Kearney, Third district; Clark Tunnel Coal company, Fourth district.
The members of the committee admitted the awards had not been recommended to the lowest bidder but had been divided by districts among four bidders in order to spread the board's patronage. Mr. Barker's motion that the contract for the First district be awarded to James Kearney whose bid was \$2.45 and \$1.45 as against the Consumers company whose bid was \$2.55 and \$1.50, was lost and the latter got the award. Messrs. Davis, Carson, Casey, Jacobs, Barker and Langan voted to award to the lowest bidder.
Mr. Barker, in considering bids for the Second district, moved that the award be to James M. Murray, whose bids were \$2.18 and \$1.40, instead of to M. J. Ruddy, recommended by the committee and whose bids were \$2.45 and \$1.42. It was argued in regard to Mr. Murray that coal furnished by him in the past was of poor quality. A motion to table Mr. Barker's motion prevailed. Messrs. Casey, Welsh, Jacobs, Schrieffer, Barker, Langan and Jennings voted negatively. Ruddy was then given the contract.
The award for the Third district was made without debate to James Kearney, whose bids were the lowest at \$2.45 and \$1.43.
In considering the Fourth district bids Mr. Barker moved that the award be made to James Kearney whose bids were \$2.45 and \$1.45 instead of to the Clark Tunnel Coal company whose bids were \$2.48 and \$1.45. The motion prevailed.
It was decided to have the new No. 15 building in the Twentieth ward opened next Monday morning and to attend the formal opening exercises at 2 o'clock that afternoon.

FELL DOWN A SHAFT.

Fred. Van Buren's Miraculous Escape in Board of Trade Building.
Frederick Van Buren, the janitor in the Board of Trade building, had a hair raising adventure yesterday morning. He was sliding one of the large wheels over the elevator shaft and was standing on the iron beam on which the wheel axle rests when the elevator car, which had no knowledge of the elevated porch, hit Van Buren, occupied, started the elevator.
The big wheel also started and Van Buren fearing the top of his shoe would be caught by the spokes of the revolving wheel changed his position to avoid this. In doing so his foot slipped and he fell into the shaft. At the sixth story his hands came in contact with the iron grill work on the side of the shaft and he clung to it with desperate determination. A moment later the elevator reached this floor and Van Buren was released from his perilous position.

DOBBS BARNSTORMING.
Does Two Boxing Turns Before a \$3.75 House in Bellevue.
About forty dead-heads and fifteen "quartars" saw a very poor sort of a punching bee in Golden's hall, Bellevue, last night. It was arranged that Bobby Dobbs should stop Curtis the "Alabama Rosebud" and "Reddy" Connolly, of Wilkes-Barre, in four rounds each. Connolly sprang his wrist while training for the bout, it was announced, and could not appear.
The Rosebud was there though and

TORE OPEN HIS CHEEK.

Cow, While Grazing, Suddenly Lifted Its Head and Struck Willie Reilly.
A cow's horn tore open the cheek of a little South Scranton boy Sunday in a peculiar manner. The cow is a double animal, a great favorite with children. Sunday afternoon 1-year-old Willie Reilly, son of Michael Reilly, of Preston avenue, was in the garden feeding the cow.
The animal's head was down and the boy unfortunately was leaning over patting the neck of the cow. Suddenly the cow lifted its head, the point of one of the horns striking the boy in the mouth and ripped the cheek open almost to the ear.
Drs. J. A. Meador and J. J. Walsh are attending the injury. The boy will be secured for life.
