## WILLIAMS & MANULTY'S TO IMPROVE THE CURRENCY

(Continued from Page 1.)

not exceeding 3 per cent. per annum in gold coin, on the amount with which they shall severally stand credited on such books in the same manner and at the same dates as if they were the holders and owners of registered bonds of the United States; and he shall also pay to those so registered the principal amount originally deposited, in gold coin, at the date of maturity of such registered bonds. Suitable arrangements shall be made at each and every office of the government for the United States for receiving such payments into the treasury on like terms, as well as for the transfer, on proper identification, of any registered bonds in the books in Washington, or of any part thereof not less than fifty dollars (\$50). No interest shall accrue or be paid on such registered bonds, or on any part thereof, unless such interest has been reduced below fifty dollars (\$50). No charge of any kind shall be made by any department or officer of the government for any service in connection with the receipt or transmission of the lawful money, nor in the transfer of inscriptions on the books at Washington.

### ISSUE AND REDEMPTION.

12. The division of issue and redemption shall on demand at Washington, and at such sub-treasuries of the United States as the secretary of the treasury may from time to time designate—  
 (a) Pay out gold coin for gold certificates.  
 (b) Pay out gold coin in redemption of United States notes or treasury notes of 1891.  
 (c) Pay out silver dollars for silver certificates of any denomination.  
 (d) Issue silver certificates of denominations of \$1, \$2 and \$5, in exchange for silver dollars and for silver certificates in denominations above \$5.  
 (e) Pay out gold coin in exchange for silver dollars.  
 (f) Pay out silver dollars in exchange for gold coin, United States notes or treasury notes.  
 (g) Pay out United States notes or treasury notes, not subject to immediate cancellation, in exchange for gold coin.  
 (h) Pay out and redeem subsidiary and minor coins as provided by existing laws.  
 (i) Pay out United States notes in exchange for currency certificates.

### UNITED STATES NOTES OR TREASURY NOTES ONCE REDEMPTED SHALL NOT BE PAID OUT AGAIN, EXCEPT IN GOLD COIN, UNLESS THERE SHALL BE AN ACCUMULATION OF SUCH NOTES IN THE DIVISION OF ISSUE AND REDEMPTION WHICH, BY THE PROVISIONS OF THE ACT, IN WHICH CASE THE SECRETARY OF THE TREASURY SHALL HAVE AUTHORITY, IF IN HIS JUDGMENT THAT COURSE IS NECESSARY FOR THE PROTECTION OF THE PUBLIC INTEREST, TO INVEST THE SAME OR ANY PORTION THEREOF IN BONDS OF THE UNITED STATES FOR THE BENEFIT OF THE REDEMPTION FUND; SUCH BONDS TO BE HELD BY THE DIVISION OF ISSUE AND REDEMPTION, SUBJECT TO SALE AT THE DISCRETION OF THE SECRETARY OF THE TREASURY FOR THE BENEFIT OF THE DIVISION OF ISSUE AND REDEMPTION, AND NOT FOR ANY OTHER PURPOSE.

15. The secretary of the treasury shall be authorized to sell from time to time, at his discretion, any silver bullion in the division of issue and redemption; and the proceeds in gold of such sales shall be placed to the account of the gold reserve in the division of issue and redemption.  
 16. The gold certificates and currency certificates shall, whenever presented and paid or received in the treasury, be retired and not reissued.

### DENOMINATION OF NOTES.

15. No United States note or treasury note of 1891 of a denomination less than \$5 shall hereafter be issued; and silver certificates shall hereafter be issued or paid out only in denominations of \$1, \$2 and \$5, against silver dollars held by or deposited in the treasury.  
 16. The assistant treasurer in charge of the division of issue and redemption shall on demand, pay in gold coin all United States notes and treasury notes presented for payment, and also pay in the same up to the amount of \$50,000.00. After that amount shall have been paid and cancelled, he shall then from time to time cancel such further amounts of notes as paid as shall equal, but not exceed, the increase of national bank notes issued subsequent to the taking effect of the proposed act.  
 17. If at the end of five years after the taking effect of the proposed act any United States notes or treasury notes

shall be outstanding, a sum not exceeding one-fifth of such outstanding amount shall be retired and cancelled each year thereafter, and at the end of ten years after the passage of the proposed act the United States notes and treasury notes then outstanding shall cease to be legal tender for all public and private, except for dues to the United States.  
 20. The secretary of the treasury may, in his discretion, transfer from surplus revenue in the general treasury to the division of issue and redemption any United States notes or treasury notes which on such transfer could then lawfully be cancelled under the provisions of the proposed act if they had been redeemed on presentation; and when so transferred the same shall be cancelled. The secretary of the treasury, in his discretion, whenever there may be United States notes or treasury notes in the general treasury which are not available as surplus revenue, and which upon transfer to the division of issue and redemption could then lawfully be cancelled under the provisions of the act, may exchange such notes with the division of issue and redemption, for gold coin, and such notes shall thereupon be cancelled.  
 21. (In substance.) Vested rights not to be affected.

### BANKING SYSTEM.

22. The total issues of any national bank shall not exceed the amount of its paid-up and unimpaired capital, exclusive of any surplus, and the amount of such notes shall be of uniform date and quality, and shall be made a first lien upon all the assets of the issuing bank, including the personal liability of its stockholders. No such notes shall be of less denomination than \$10.  
 23. Up to an amount equal to 25 per cent. of the capital stock of the bank, the whole of its capital being unimpaired, the notes issued by it shall not exceed the value of United States bonds, to be held as heretofore provided, and with the treasurer of the United States. The additional notes authorized may be issued without further deposit of bonds beginning five years after the passage of the proposed act, the amount of bonds required to be deposited before issuing notes in excess thereof shall be reduced each year by one-fifth of the 25 per cent. of capital herein provided for; and thereafter any bank may at any time withdraw any bonds deposited in excess of the requirements thereof.  
 24. Every national bank shall pay a tax at the rate of 2 per cent. per annum, payable monthly, upon the amount of its notes outstanding in excess of 50 per cent. of its capital, and a tax rate of 6 per cent. per annum, payable monthly, upon the amount of its notes outstanding in excess of 50 per cent. of its capital.  
 25. Any bank may deposit any lawful money with the treasurer of the United States for the retirement of any of its notes; and every such deposit shall be treated as a reduction of its outstanding notes, and the extent and effect of such above provided for shall cease as of the first of the following month on an equal amount of its notes.

### VALUE OF BONDS.

26. The secretary of the treasury shall annually fix the value of each series of bonds of the United States bearing a rate of interest of 3 per cent. per annum, and such valuation as fixed by the secretary of the treasury shall be the value at which the bonds will be receivable upon deposit. Bonds payable at the option of the government shall be receivable at 75 per cent. of their then market value as determined by the secretary of the treasury. If any bonds shall be issued hereafter payable at a date named and bearing interest at 3 per cent. or less, they shall be receivable at par.  
 27. The comptroller of the currency shall from time to time, as called for, issue to any bank the capital of which is full paid and unimpaired any of the notes herein elsewhere provided for, and the payment of the treasurer of the United States, in gold coin, at the option of the bank, of notes thus called for, which payments shall go into a common guaranty fund for the payment of the notes of any defaulted national bank. The failure of any bank to redeem its notes, they shall be paid from the said guaranty fund, and the amount of such payment shall be taken to collect from the assets of the bank and from the stockholders thereof, if necessary, a sum sufficient to repay to such guaranty fund the amount of such notes that shall have been paid to redeem said notes, and also such further sum as shall be adequate to the redemption of all the unpaid notes of said bank outstanding.  
 28. Persons who, having transferred their shares, or any of them, to others, or registered the transfer thereof, within sixty days before the commencement of the suspension of payment by the bank, shall be liable to all such shares held or subscribed for by them, as if they held such shares at the time of suspension of payment, saving their recourse against those by whom such shares were then actually held. So long as any obligation of the bank shall remain unsatisfied, the liability of each stockholder shall extend to, but not exceed in the whole, an amount equal to the par value of his stock.  
 29. If the said guaranty fund of 5 per cent. of all the notes outstanding shall become impaired by reason of payments made to redeem said notes as herein provided, the comptroller of the currency shall make an assessment upon all the notes outstanding, sufficient to make said fund equal to 5 per cent. of said outstanding notes.

### ANY BANK MAY DEPOSIT ANY LAWFUL MONEY WITH THE TREASURER OF THE UNITED STATES FOR THE RETIREMENT OF ANY OF ITS NOTES, AND EVERY SUCH DEPOSIT SHALL BE TREATED AS A REDUCTION OF ITS OUTSTANDING NOTES, AND THE EXTENT AND EFFECT OF SUCH ABOVE PROVIDED FOR SHALL CEASE AS OF THE FIRST OF THE FOLLOWING MONTH ON AN EQUAL AMOUNT OF ITS NOTES.
