

THE MARKETS.

## Everybody Is <br> Buying 系 Footwear

## Great Sheriff's Sale,

217 LACKAWANNA AVENUE.

The store is crowded from morning till night, and it is no wonder. Listen :-Any pair of $\$ 3.00, \$ 3.50$ or \$4.00 Shoes, either Ladies' or Gentlemen's, can go this week at $\mathbf{\$ 2 . 4 9}$. Remember, also, that no house in this city ever carried a better shoe at these prices than did the Standard Shoe Store, all of which stock is being sacrificed to close out entirely within sixty days.

No matter what you want in Footwear, if we have it, it can go at a small portion of its real value.

Men's Rubber Boots this week........................................75
Men's Lumberman Leggings............................. 49 c
Ladies' Rubber Boots...................................
Better buy all you need THIS WEEK, as they are cheaper than any previous sale ever held in this city. Don't forget the place.
