COAL LAND IN DISPUTE.

George F. Nesbitt Brings an Action in Ejectment for It.

George F. Nesbitt yesterday, through Willard, Warren & Knapp, began an action in ejectment against I. F. Everhart and others, defendants, and the Austin Coal company, terra tenant, to recover possession of 35.66 acres of land in Ransom township.

The land is underlaid with coal and is very valuable.

PRICEBURG.

Fred Wieland has returned from the West, after an absence of twenty years. He is a brother to George W., Theodore and Jacob Wieland.

The Ladies' Aid society of the Primitive Methodist church will hold their annual dinner at the parsonage tomorrow afternoon. All members of the aid are requested to be present.

Mrs. Robert Birkbeck and son, Robert, were callers in Scranton Saturday.

John Palmer, of Carmalt street, is able to be out again after an illness of several weeks.

The Ladies' Aid society of the Primitive Methodist church are assisting the trustees in getting up an entertainment which will take place on the 25th of this month. The object of the entertainment is to pay the interest due for the balance of the indebtedness of the parsonage. Tickets, 15 cents.

James Oliver, while at his work in the new Johnson Coal company breaker, had the misfortune to have his leg broken. Dr. Bilheimer is attending him.

The Knights of Golden Eagle gave a public installation and entertainment on Friday evening. Charles Williams was elected chairman. The glee party from Olyphant rendered several selections as follows: Accordian and zither solo, John Smithberger and son; solo, Luthur Lewis; solo, Pearl Smith; recitation, W. Cooper; song, Arthur Wilson. The officers installed were: Past chief, John D. Bray; noble chief, M. Hawies; vice chief, James Oliver; H. P., William Wear; V. H., Jacob Muck; keeper of exchequer, George Cooper; clerk of exchequer, John Sirwatka; master of records, James Margetson; S. H., Edward Jackson; W. B., Eli Box; W. C., William Bray; ensign, William Morris, esq., Gomer Davis; T. G., Reese Williams; S. G., William Kennedy. Quite a large crowd attended.

The athletic woman is the woman of the day. The past twenty years has seen wonderful progress in this respect. That this tendency will result in a more robust womanhood, better able to bear the burdens and duties and pleasures of life, there can be no question. But this result will be accomplished by the building up of those women already in reasonably robust health, and the killing off of their weaker sisters. Athletics will make a naturally strong woman stronger and healthier; they will make a naturally weak, sickly woman weaker and more sickly, and if indulged in to excess, may result fatally.

A woman who suffers from weakness and disease of the delicate and important organs distinctly feminine, cannot hope to recover her general health through athletics, so long as she remains locally weak. A woman suffering in this way is unfitted to bear the strain of athletics just as much as she is unfitted to bear the duties and burdens of wifehood and motherhood. There is a sure, safe, speedy and permanent cure for all disorders of this description. It is Dr. Pierce's Favorite Prescription. It acts directly on the organs concerned in wifehood and maternity, making them strong and healthy and vigorous. It soothes pain, allays inflammation, heals ulceration and tones the nerves. It fits a woman to indulge in, and be benefited by, athletics. All good medicine stores sell it.

"Your valuable 'Favorite Prescription' cured me of female weakness and a catarrhal discharge from the lining membrane of the special parts," writes Mrs. T. H. Parker, of Brooklyn, Jackson Co., Mich. "I am now perfectly well."

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good."

MILK COMBINE IS NOT YET A SURETY

Enough Small Dealers Haven't Consented to Join the Fold.

PROMOTERS HOPEFUL OF SUCCESS

They Say the City Consumes 20,000 Quarts Daily and That a Combination of Interests Can Handle and Deliver This Big Supply Cheaper and with Better Satisfaction to the Consumer Than at Present. Many Dealers Approve of the Plan.

From information gathered by Tribune reporters yesterday the much-heralded milk trust has not become an assured fact nor will the consumers be sorry if the trust is eventually formed, providing its promoters keep their promises. The plan is very nearly the same as that known as the Bedford-Jermyn scheme but which failed to materialize.

E. L. Fuller and a half-dozen or more of the larger dealers are forwarding the new enterprise but the result of their efforts cannot be determined until it is known how many of the lesser class of milkmen can be induced to join. If the combination can be made so as to represent the major part of the trade, the trust will be formed, just as soon as that comes to pass; otherwise, the effort to combine will be dropped.

From information obtainable yesterday the prime-movers in the matter have succeeded in getting enough options and promises of combination to assure them of eventual success. It is not believed, however, that the preliminary matters of formation will be attempted before Jan. 17.

WHAT A DEALER SAID.

"In order to understand the situation and the propriety of our plan," said a well-known dealer who, for obvious reasons, wishes his name witheld, "it is necessary to present some figures. There are now nearly 120 milk dealers in this city. Some of them sell in only such communities as are near their depots; others sell in other or all parts of the city. The daily total consumption of milk is 500 cans or 20,000 quarts. Now isn't it reasonable to presume that one company could distribute say from 12,000 to 15,000 quarts of this supply cheaper, easier and more satisfactorily to the consumer than can forty or fifty dealers?

"Most assuredly it could, and that's our plan though I would not wish to be quoted as to accuracy on the figures given you. The number of the dealers and the consumption, I believe, are very nearly correct but the other figures I mentioned merely for argument's sake."

It is believed that the combine promoters have secured options and consent to join from dealers, wholesale and retail, representing nearly 50 per cent. of the city trade. When 60 or 70 per cent. are obtained definite steps will be taken to close the deal. The big houses are the Scranton Dairy company, Conrad, Stone Bros., Shedd and Schrieber. It is proposed to use the present Conrad dairy in Green Ridge, the Scranton Dairy company depot on Linden street and Schrieber's depot on the South Side for distributing points.

WOULD BE RETAINED.

The proprietors of all these interests and of the other larger concerns and the smaller dealers who entered the combine would be retained as employes or granted reasonable compensation for loss of employment.

One point in favor of the plan is that if one company controlled two-thirds of the present trade, one delivery wagon, one man and one horse could do the work of three wagons, three men and three horses used at this time. The saving would permit a reduced cost for milk and would facilitate its handling and inspection. These are arguments of the combine promoters.

It is intimated, but not promised, that if the plan is definitely concluded one cent. per quart will immediately be taken from the selling price.
