MR. CASEY'S SCHEME FAILED TO WORK

Innocent Inspector Knew of No Danger from Steam Boilers.

NO EFFECT ON SCHOOL BOARD BIDS

If the Boilers Had Been Reported as Dangerous It Might Have Affected Action on the Bids--City Treasurer Makes His December Report on School Funds--The Session Had Little Routine Business to Transact--'Twas a Short Meeting.

The board of control held a hurried meeting last night, the first in the recent history of that body but it may be explained in the fact that there was not much business to be done.

During the session Mr. Casey said he had understood that at least one boiler in the building committee, to be present at the meeting, was in danger of exploding.

Mr. Barker asked for information as to the building committee's consideration of a proposition of a boiler insurance company to cover by blanket insurance all the boilers owned by the city.

BOILERS ALL RIGHT.

Mr. Casey tried to have the inspector bring out some fault or danger in some particular boiler but the effort failed.
