#### DANGERS OF COASTING.

Boys Have a Hair-Raising Expererience on Sumner Avenue.

The ten boys who started from Price street to enjoy one of those hair-raising about 10 o'clock, will hardly forget it this winter. The trip was made all right with a dispatch sufficient to satisfy the most exacting, but the excitement of the journey paled into insignificance, when a vestibuled Washburn street car was seen crossing the

heaviest grade. "Down brakes" called William Elias, who was steering, and down they went with a will, but though he manouvered for position, a collision was inevitable and into the rear step

of the car they plunged. Fortunately for the coasters, the car ras moving down Washburn street and Elias turned his "bob" up the street. This was the first meeting for street, as they ran off Sumner avethis year and officers were installed.

# Globe Warehouse

Of ours to make a Special January Sale of Blankets every year, we certainly would not have done so now. The reason is plain. With the exception of the lower priced cotton grades, we have not a single pair of Blankets in stock that it would not pay us better to carry over till next season than sell now, because we'll have to pay more for them by a good big percentage than we are now asking. That's a Plain Business Proposition, over which there is no room for argument, and it will be to the interest of our friends to govern ern themselves accordingly.

JUST ONE WORD MORE-Hitherto it has been a rule with us to continue the special prices on Blankets all through the month of January. This year the Sale Lasts for 10 Days Only, and in any event is limited to the quantities named, whether they hold out
