Business of the Open Session in the Senate.

SENATOR CHANDLER'S RESOLUTION

Calling for List of Navy Officers. House Passes an Urgent Deficiency Bill .- Lively Debate Over the Provision in the Bill Requiring Owners of Bullion to Pay Cost of Transpor-

Washington, Jan. 12.-The open ses on of the senate was very brief today. The only business was the adop-tion of a resolution presented by Mr. Chandler, asking the secretary of the navy to furnish the senate a list of the active officers of the navy in each corps together with those who are at sea and those who are on shore duty, and those who are on waiting orders.

IN THE HOUSE.

The house today passed an urgent deficiency bill carrying \$1,574,843. One of the items authorizing a further expenditure of \$520,000 for the soldiers' home at Danville, Ill., for which \$150,-000 was appropriated in the last sundry civil bill was used by Mr. DeArmond (Dem., Mo.) as a basis for a bitter personal attack upon Chairman Cannon, whose home is at Danville. He charged the chairman of the appropriation committee with having used his powers and position to secure the location of the home at Danville. Mr. Cannon in reply branded Mr. De-Armond as a common scold who would have been ducked under the town at half the former said he would stand or fall on his record. The house by a vote of 123 to 74. sustained the appropriation.

There was also a lively debate over the provision in the bill requiring the owners of bullion hereafter to pay the cost of transporting bullion from assay offices to the mints. The western members and the free silver advocates generally took the position that this change of policy on the part of the government (which now pays these charges) would discourage gold production, appreciate its values, and might result in driving the gold to foreign mints. The Republicans and some of the Democrats, including Mr. Sayres, of Texas, denied that it would have any such effect and meant simply the repeal of a bounty granted to miners since 1879. The motion to strike out the proviso was defeated, 110 to 125, Messrs. Henderson (Rep., Ia.,) and W. A. Stone (Rep., Pa.,) spoke briefly of the testimony showing the necessity for a new soldiers' home in the Mississippi valley, and the propriety of locating it at Danville.

When the item appropriating \$50,000 for the repair of dry dock No. 3 at New York was reached, Mr. Bennett (Rep., N. Y..) said it had been his intention to oppose any further appro-withdrawn his opposition.

Mr. Cannon also said that the secremartial to probe this scandal. The M. K. & Tex., Pr. . 36%, 36% appropriations committee, he said, rec-

# THE MARKETS.

ROYAL BAKING POWDER CO., NEW YORK

Wall Street Review.

New York, Jan. 12.—Today's market for securities was of much the same character as yesterday's. The principal interest was centered in Union Pacific and a number of its affiliated companies, and in Northern Pacific, which were the leading factors of strength, while on the other hand Sugar continued under a weight of depression as was the case yesterday. A new feature of special strength was Chesapeake and Ohio, which advanced a point on heavy buying. The transactions were on a very large scale, and the heavy dealings of large operators back by powerful interests were manifest all through the market. These large operations at-tracted a considerable following both amongst the smaller traders and from outside sources. Commission house bustness was in fact quite noticeable in the day's trading. It was obvious, however, that realizing on a large scale was going on in different parts of the list coincidently with the strength in other parts. A striking example of this process was striking example of this process was seen in the two Northern Pacific stocks, the common being advanced over a point while realizing in the preferred carried it before the close below last night's ing-ure. The Grangers outside of St. Paul were also reflecting a supply of stock fully equal to the demand. The anthra-cite coalers were weak and continued to
