# Oh, How Thankful

Pain Was Maddening and Hope Had Been Abandoned - Wonderful Results of Purifying the Blood.

"A very severe pain came in my left knee, which grew worse and worse, and finally a sore broke out above the knee. It discharged a great deal and the pain from my thigh down was maddening. Large, hard, purple spots appeared on my leg. I suffered in this way for years, and gave up all hope of ever being cured. My wife was reading of a case like mine cured by Hood's Sarsaparills, and she advised me to try it. I began taking it and when I had used a few bottles I found relief from my suffering. Oh, how thankful I am for this relief! I am stronger than I have ever been in my life. I am in the best of health, have a good appetite and am a new man altogether."

J. P. Moors, Lisbon Falls, Maine. Hood's Sarsa-parilla justice of the peace from the West | Is the best-in fact the One True Blood Purifier. Hood's Pills cure all liver ills. 25 cents.

## THE MARKETS.

Wall Street Review. New York, Jan. 14.-The course of today's stock market was decidedly irregu-lar and somewhat perplexing so far as a rception of the general tone of speculation was concerned. As the day prog-ressed the lack of sustaining power in strength of special stocks, which has been the marked characteristic of the market for several days past, came to be more and more felt. The disposition to watch closely for signs of a reaction became more marked and the final hour saw a very general throwing over of holdings by professional traders. There was no spe-ial news to account for the break and it as probably due for the most part to echnical conditions. Stocks which have been recently prominent for strength were conspicuous in today's break by reason of profit taking. There was a feeling of more or less uneasiness also over the tone of the news from Havana in regard to what is expected rather than what has happened. The fear that the Spanish government's scheme of reform is on the point of breaking down is coupled with the apprehension that the time is Imminent when intervention United States to save the island from an-archy will be imperative. The persistent weakness of Sugar, a more or less domimant factor by reason of the volume of trading in it, also helped to break the

market. Total sales were 4-7,000 shares. Furnished by WILLIAM LINN ALLEN & CO., stock brokers, Mears building, coms 705-706.

# A School Girl's Nerves.

From the " New Era," Greensburg, Ind.

portance. After the confinement of the result.

Mothers who have young daughters of school age should watch their health more carefully than their studies. The proper development of their body is of the first important to the control of their body is of the first important to the control of their body is of the first important to the control of their body is of the first important to the control of the control

development of their body is of the first importance. After the confinement of the school room, plenty of out-of-door exercise should be taken. It is better that their children never learn their a, b, c's, than that by learning thea they lose their health.

But all this is self-evident. Everyone admits it—everyone knows it, but everyone does not know how to build them up when once they are broken down. The following method of one mother, if rightly applied, may save your daughter:

The young lady was Miss Lucg Barnes, the fifteen-year-old daughter of Mr. and Mrs. Stephen Barnes, who lives near Burney, Ind. 'She is a bright young lady, is fond of books, although her progress in this line has been considerably retarded by the considerable amount of sickness she has experienced. She has missed two years of school on account of her bad health, but tow she will be able to pursue her studies, since her health has been restored.

Her father was talking of her case to a newspaper man one day recently. "My daughter has had a very serious time of it," said Mr. Barnes, "but now we are all happy to know that she is getting along all right and is stronger than ever." Asked to relate the story of his daughter, Mr. Barnes continued: "About three years go, when she was a toy of his daughter, Mr. Barnes continued: "About three years go, when she was rever at such a tension that he least little noise would irritate her very much, and she was very miserable. There was a courdinal twitholing in the arms and lower limbs, and we were afraid that she was going to develop St. Vitus' dance.

"She kept getting worse and finally we had to take her from her school and health be for young its developed St. Vitus' dance.

"She kept getting worse and finally we had to take her from her school and health be for young its developed St. Vitus' dance.

"She kept getting worse and finally we had to take her from her school and health be for young its developed St. Vitus' dance.

"She kept getting worse and finally we had to take her from her scho
