SCHOOL BOARD CASE GOES OVER.

Judge Archbald Declines to Hear It Until Argument Court.

The school board case was set down specially for argument yesterday morning, but Judge Archbald declined to hear it, saying that it should come up at argument court when it can be given the consideration its importance deserves.

Mr. Burns, attorney for John Jermyn, relator in the quo warranto proceedings, presented for a hearing, but Judge Archbald refused to move from the position he had taken.

This means that there will be no local decision in the case before election. It makes little difference, however, as the matter will go to the supreme court in any event.

MR. DUNNING IS OUT FOR DUST

Wants a Big Sum During the City's Next Fiscal Year.

\$76,465 FOR STREET DEPARTMENT

Along with His Estimate Mr. Dunning Files Piquant Reasons to Keep the Estimates Committee from Too Much Whittling--He Asks \$28,000 More Than Was Granted His Department for 1897.

Street Commissioner A. B. Dunning will ask councils for an appropriation of \$76,465 for the street department for 1898.

Table with 2 columns: Item, Amount. Includes Salary of street commissioner \$1,500, Incidentals \$25, Printing and stationery \$100, etc.

Accompanying the estimate Mr. Dunning has submitted a typewritten explanation of the many items.

Of repairs to bridges and culverts he says that the cost is increasing yearly and that it will be absolutely necessary to replace the Lackawanna bridge, South Washington avenue, Carbon street, and gas house bridges, the latter one-half; that almost an entirely new bridge must be built over Stafford Meadow brook on South Washington avenue, and that extensive repairs are needed on the East Market street and Dodgetown bridges.

CLEANING PAVEMENTS.

The 1897 appropriation of \$1,000 for cleaning stone and brick pave, says Mr. Dunning, was \$1,000 less than the 1896 appropriation with it more blocks to clean.

In reference to cleaning asphalt pavement he cites the 121 blocks of that material, 16 more than in 1896. For cleaning asphalt and other pavements the department had 20 per cent less work than in 1896.

To clean the asphalt "with any degree of respectability" the commissioner says he needs: Two flushing gangs, each to contain one foreman, nine men and one team working 20 days per month for 6 months, \$4,800; a foreman, 18 sweepers, 2 teams, same period, \$5,600; foreman, 20 sweepers and two teams for the other 6 months, \$4,800; supplies, \$300.

It requires, he continues, an additional sewer gang to remove extra dirt from the basins as a result of the flushing 120 days in the year. The gang would cost \$10 per day or \$1,800 per season. There will be a shortage of \$1,000 on this item this year.

SHORTAGE PREDICTED.

A shortage of \$800 is predicted in the appropriation for repairs to sewers and drains. It would have been greater if it had followed the "very pressing resolution" of councils to repair the Bromley avenue sewer.

Mr. Dunning admits the asphalt repair question to be a stager. He says the Legislature and Washington avenue pavements should be entirely re-surfaced as they are in many places so bad as to render repair almost impossible.

He mentions \$10,000 as the amount of money needed and leaves the responsibility with councils if the money isn't forthcoming.

If a new bridge isn't built over the Lackawanna river at the driving park he predicts that the city will have to pay heavy damages.

For repairs to the mills and a half of Abington turnpikes within the city limits Mr. Dunning itemizes the \$3,640 needed under the present system and suggests that councils investigate the matter of building a double-track steel railway, such as is recommended by General Roy Stone, a model of which he has furnished Mr. Dunning. It can be built for \$2,000 per mile, single track.

O'REILLY COUNCIL WON.

Demonstrated That Woman's Suffrage is Entirely Desirable.

The fourth of the series of debates among the local councils of the Young Men's Institute took place at St. Thomas' college hall, last night. The contestants were the John Boyle O'Reilly council of the central city and the Marquette council of Providence.

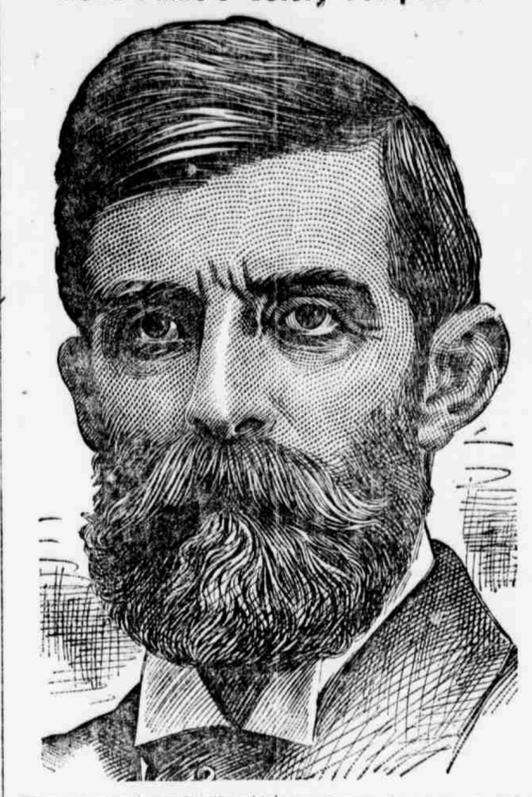

Rev. J. Gallagher, Thomas J. Murphy, and P. H. Gilleran represented the John Boyle O'Reilly council. Joseph Evans, James McCarthy and John Higgins were the Marquette's champions. The question at issue was "Resolved, That Woman's Suffrage is Desirable." The O'Reilly council maintained the affirmative and won.

Rev. D. J. MacGoldrick, Captain Joseph H. Duggan and City Solicitor M. A. McGinley were the judges. Out of a possible 300 points they adjudged that the winners had scored 165 and the losers 135.

Previous to the debate there was a literary and musical programme rendered by members of the O'Reilly council. James Marion and Bart Leonard gave recitations; Peter McLaughlin rendered a piano solo; Frank O'Hara gave a violin solo with piano accompaniment by Mr. Langfeld. At the conclusion of the debate Peter Sny-

MAYOR OF LINCOLN, N. J.

Mr. Drake Feels It His Duty to Recommend Paine's Celery Compound.

The youngest and most bustling city in the United States.

Founded last April, Lincoln boasts a sewerage system, electric lights, macadamized roads, trolley cars, telephone franchise and a water plant.

From a hamlet to a town--to a city, in this incredibly short time, Lincoln has grown with the wonderful progressiveness looked for only in the West--a splendid example of the indomitable pertinacity of one strong man.

Like most forefathers, Mayor Drake must see results before giving his approval; but when convinced he speaks out his mind without fear or favor of any one.

There is no hesitation among Mayor Drake's friends in saying that Paine's celery compound has been of the utmost help in enabling him to do a prodigious amount of work, and to get rid of that insomnia that at one time resulted from over-prolonged effort.

Mayor Drake himself says: "Lincoln, Middlesex Co., N. J., Oct. 20, 1897. Wells, Richardson & Co., Gentlemen--I have been getting Paine's celery compound from our local druggist. After sixteen hours' work each day, I sleep eight hours each night like a baby, and attribute much of the

strengthening of my nerves to Paine's celery compound. Young truly,

SILAS D. DRAKE. Nothing demoralizes the health sooner or more completely than even the occasional loss of sleep. To start a new day with the brain unrefreshed is like trying to keep a worn-out horse up to his work with the whip instead of by feeding. The incessant brain activity is as if the skull were laid bare and the surface of the brain were struck lightly every few seconds and without a sign of a "let up."

These sleeplessness imperceptibly, but no less surely, destroys the brain cells that are the sources of mental power and the health of every organ of the body. Paine's celery compound gets the nervous system out of this dangerous rut of sleeplessness. It supplies nourishment to the nervous tissues faster than they are worn out, and does not let the nutrition of these delicate parts get low enough to bring on insomnia.

One of the earliest evidences of the final success of Paine's celery compound in curing debility, nervousness, sleeplessness and derangements of liver and kidneys is the increased appetite, the clearer skin, and that indescribable precursor of health, a feeling of "well being" that takes the place of the tired, languid, melancholy condition.

HAD MANY CONFERENCES.

Democratic City Candidates Unable to Transact Much Business.

At 10 o'clock this morning the Democratic school board candidates and Convention Chairman Durkin will meet at the St. Charles to appoint a city committee and pass upon the question of nominating candidates for the poor board.

Various conferences were held yesterday and a meeting of the six candidates took place in the evening at the St. Charles. The question of putting a German on the ticket was discussed informally, but as yet no victim has offered himself for the sacrifice.

D. J. Campbell was suggested for the chairmanship and M. J. Walsh for the secretaryship. Others who are spoken of as members of the committee are Conrad Lutz, of the Fifth ward; Patrick Padden, of the Seventeenth; John Walsh, of the Eighth; William Cusick, of the Third; John Rowley, of the Thirteenth; M. T. Howley, of the Sixteenth and James Neary, of the Second.

It is understood that Messrs. Jennings, Langan and Francois are opposed to the movement to run candidates for the poor board.

JOHN T. WATKINS ELECTED.

Chosen Last Night as Leader of the Leiderskrans.

John T. Watkins was last night elected leader of the Scranton Leiderskrans. Professor Theodore Hemberger was Mr. Watkins' opponent, but was defeated by five votes.

There was fifty members of the Leiderskrans present. Col. Hermann Osthaus presiding.

More Picture Than Gallery. The old story of the man who bought a picture too large for his house is repeated in the purchase of "The Flagellant" for the Leighton art gallery in Milwaukee. Carl Marr, the painter of the picture, is a native of Milwaukee, and the picture was purchased with the idea that it should be given a permanent place in the art gallery. The committee think it is too large, and the picture that attracted so much attention at the World's fair seems to be without a home.

It is Meeting in St. Mark's Episcopal Church, Dunmore.
