Factoryville encamament, No. 246, Independent Crder of Odd Fellows, at their meeting last Wednesday evening entertained visitors from Clark's Green The Patriarch's Milltant, of the Scranton canton, conferred degrees on thirteen new members, After the lodge closed a committee of folies served refreshments and a very social time was enjoyed.

The day of prayer for schools and colleges was observed at the Academy Thursday, Rev. W. G. Watkins, of North Scranton, preached a most exections sermon, which was followed by a general prayer and praise service.

HONESDALE.

Thursday evening the court house was filled to the utmost with young and old to hear Dr. J. T. Rothrock in his illustrated fecture on "Beautiful teresting and instructive. Miss Florence Ham has returned to

Mr. Charles Griffin is the new agent for the Lackawanna laundry.

The veteran Sunday school superintendent, Mr. John T. Ball, has just been elected to that office in the Seeleyville school for the twenty-eighth time. The factory of the Honesdale Shoe company, which has been idle for six weeks, will start up again next Mon-

Editor B. F. Haines, of the Independent, went to New York yesterday. Messrs Krantz and Bauman, of the Honesdale Shoe company, have spent the past week in Boston, purchasing stock and muchinery for their factory, Tuesday evening, Feb. 1, the fourth number of the Christian Endeavor course will be given by Levett's Bostor Stars in the opera house.

Jacob Doctsch, for many years in charge of the bookbinding business conducted by his uncle, H. Schuerholtz, in Honesdale, left yesterday for Scranton, where he has accepted a situation in the bookbinding department of The Scrunton Tribune. Jake was very tionular and will be missed by a score of young friends.

As a result of the lecture by Dr. J. T. Hölbrock, about fifty dollars will be goded to the public school library fund. Honesdale Laundry company, whose plant is located near the foot of Main street, have equipped their plant with new and improved machinery. They have engaged skilled workmen, and expect to turn out first-class work. The manager, Mr. John Canivan, has many years' experience in the laundry business, and it will not be necessary for Honesdale people to go out of town with their laundry,

AVOCA

the German hospital at Philadelphia says that a successful operation for appendicitis has been performed upon

Leon Schlager. The funeral of the nine-months-old daughter of James McIntyre, of Avondale, took place Thursday afternoon from the residence of Mrs. Foy, of the West side. The mother of the child formerly Miss Cassle Foy, died seven months ago.

Miss Kute Lawler, of Nicholson, is spending a few days with her parents on the West Side.

Mrs. D. M. Ferrell and daughter, Miss Bertie Lee, of Tunkbannock, are spending a few days at the residence of Mr and Mrz. N. E. Hoskins. Mr. D. E. James is spending a few

days in New York city. M. F. O'Brien is suffering from an atinck of tonsilitie.

Thomas Noian, of the North End, was the helder of the lucky number that won the horse owned by Mrs. Edward Barrett, which was chanced off on Wed-

nesday evening.
The Sarsfield society will conduct bazaar during the month of April, during the progress of which the \$50 in gold which was to be chanced off on

Dec. 31 will be disposed of The funeral of Robert McMillan will take place this afternoon at 2.15 o'clock. Interment will be made in Odd Fellows

cemetery, Pittston. A drawing for a silver watch for the benefit of Mrs. Richard Clark will take

place in the Anthracite rooms this

SATURDAY, JANUARY 29, 1898.

Mrs. John Snyder, of Pittston, and Mrs. C. Druffner, of this place, spent Thursday with friends in Taylor. Attorney Ambrose O'Neil, of Wilkes-Barre, was a caller in town on Thurs-day, also Dr. O'Day and John Fitz-

maurice, of the same city. The Avoca Curling club played the point-medal game on Thursday after-noon on the Hillside pond. The day was an ideal one and proved an incentive to win among the players. Jo-seph Widdell was awarded the medal, having scored twenty-eight points. James Moore scored twenty-six, the weather permits they will play a eries of the skip medal games next

The members of the Bachelor club tendered James Ralph a farewell social on Thursday evening in the Anthracite parlors, previous to his departure for Pines, North Carolina, where he will reside for the future. An excellent programme was rendered, after which the members repaired to the dining hall, where a sumptuous repast was served under the supervision of Mrs. T. J. Newton, at the close of which Mr. Das, in behalf of the club, presented Mr Ralph with a French brier pipe and case. They also adopted a badge in the shape of a chainless safety pin, and any member appearing on the street without the insignia will be fined fifty cents.

UNIONDALE.

Miss Arlette Bronson, daughter of Stephen Bronson, died Thursday morning of consumption. She was a young woman of twenty-two years of age, endowed with talent for music and art and was held in high esteem by all who knew her. Her death has cast a gloom over the entire community. Her funeral services will be conducted by Rev. Mr. Eaken, of the Free Methodist church, in the Presbyterian church Saturday morning at 11 o'clock. Mrs. John Bass entertained friends

from Scranton lately. Many hands are being employed in the ice harvest.

Mr. and Mrs. Robinson and son are Mr. and Mrs. Robinson and son are and day, and one great steel concern visiting their parents, Mr. and Mrc. running on Sunday, but the works not Orie Rounds

John Thomas is home after an enjoyable trip to Wilkes-Barre. Professor S. H. Smith and Miss Spencer attended the teachers' institute at Forest City.

Rev. Mr. Tower, of Thompson, conducted the revival services Wednesday and Thursday nights.

AMERICAN BUNTING.

The Requisitions by the Governmen Bunting for Navy Flags.

From the Boston Transcript Imperative requisitions by the govrument authorities for the production of bunting for mavy flags are what insure the superiority so well known to characterize the American article. The regulations prescribe that the fabric be made entirely of wool of the best quality, and show no imperfections, the weight to be five and one-fourth pounds avoirdupols per piece of forty yards of 10-inch width, the yarn to be evenly soun, the warp and filling to contain no less than thirty-four threads to the inch, and the warp two-ply with one-ply filling, properly twisted; further, a tensile strength is required of sixty-five pounds for the warp and forty-five pounds for the filling, in test pleces two inches wide. The colors must be as "fast" as it is possible to make them, and not liable to be seriously affected by being soaked continuously for twenty-four hours in fresh water and then thoroughly washed in water with which is combined a good grade of laundry soap. Every stripe and device on the flags made of this superb material are measured with the most perfect geometrica! accuracy, and the stars are put on so carefully and evenly that when the flag Pennsylvania," which was highly in- is held up to the light the stars, which are made of muslin and put on both sides, appear to be a part of the fabric. The stars are cut with chisels out of bleached muslin laid thirty thicknesses together on a large open

First Month of the Year Fraught with Encouraging Results -- Wheat Still on the Advance.

INCREASE IN BUSINESS.

New York, Jan. 28.-R. G. Dun & Co.'s Am. Cot. Oil

brought rather more increase in business but less improvement in prices Chic. & N. W than was expected. With payments Chic., B. & Q through clearing houses 7.3 per cent. C. C. C. & St. L. larger than in 1892, and probably the largest ever known in any month; with railroad earnings 11.2 per cent, larger than the best of past years, the fact that prices are very low only shows more clearly the increase in quantities of products sold. Nor is there any disposition to refuse orders, even at present prices. Indeed, the competition of manufacturers seeking orders alone prevents a rise. Most of them have all they can manage, many working night yet filled with orders are seeking contracts at as low prices as have ever been made, indicating that even there are not entirely unprofitable. The settlement of wages on a 10 per cent, advance April 1 for 200,000 coal miners of the central region, with other changes, will tend toward a larger demand for products of all kinds, though also toward some increase in cost of manufacture. Wheat has been conspicuous, rising five cents for the week, with 5%c, for May options. Western receipts have been 10,009,053 bushels in four weeks, against 6,645,712 last year, but Atlantic exports have been 12,003,828 bushels in four weeks, against 7,103,674 last year and Pacific exports, without Tacoma this week 4,031,583 bushels, against 3,454,995 last year. So heavy an outgo with wheat over a dollar a bushel, and with corn exports for the four weeks equalling the extraordinary movement of last year, discloses the movement of last year, discloses the strength of foreign demand even better July. than current accounts if disappointing shipments from Argentine and poor prospects in Russia. Cotton has risen a sixteenth.notwithstanding the strikes in eastern mills and the official repor of a decrease of 10.5 per cent, in British exports of cotton goods last year, Receipts still run so far beyond those following the largest crop on record that estimates once deemed extrava

gant are commonly accepted. The cotton manufacture is in more difficulty than any other, not merely because prices do not much improve, nor as yet the demand for goods, though both are helped by the closing of many mills, but largely because the manufacturers and workers have considered little the ennidly ne produc tion at the south. The woolen manufacture is doing well, fine worsted goods having opened at an advance of 20 per cent, over last year, and the large mills are constantly buying wool, even at current high prices, which implies great confidence in the future, presumably based on larger orders than are publicly reported. Such purchases of wool have been frequent of late, and even by mills supposed to be supplied far ahead, and one Providence mill appears to have taken 250,000 pounds worsted well at Wheeling this week. Sales at three chief markets have been 8,080,100 pounds, and for four weeks 20,-421,079, of which 21,367,720 were domes-

tic, against 36,547,600 last year, of which 23,297,360 were domestic The iron manufacturer is getting larger orders for finished goods, which crowd many works almost beyond their capacity, although some others are still in the market and keeping prices down, Pig iron is steady, except that Bessemer at Pittsburg is 10 cents lower, white, 5.60; dry cows. \$2a5.30. Calves—Quiet and stendy; years. Su5.55; grassers. \$3.25a3.75. Sheep—Stendy. \$3.56a4.75. Lambs—Weak; sumption in this country, unsold stocks. sumption in this country, unsold stocks considered, 9,625,383 tons, against 9,-601 504 in the largest previous year, which was 1895, and 9,394,392 tons in

> Failures for the week have been 342 in the United States against 331 last year; 34 in Canada against 57 last year.

THE MARKETS.

Wall Street Review.

New York, Jan. 28.-Today's stock market showed signs of a struggle by the bulls to sustain prices while they were taking their profits. They were moderately successful and sold large blocks of the stocks which have been recent speculative favorites, without producing any marked decline elsewhere in the list. Northern Pacific preferred is the only one of the recent favorites which shows a net gain for today, but the declines in the others were not sufficient to uncover any large number of stop loss orders. The sharp gains in special stocks at different times during the day were evidently due to manipulation for the purpos of sustaining the general market. This together with the higher range of pricreported from London this morning kept stocks well above last night's level during the early part of the day, but the closing showed an easy ton with prices generally at the lowest. The total sales were 473,900 shares.

Oh, How Thankful

Had Been Abandoned-Wonderful Results of Purifying the Blood. "A very severe pain came in my left

knee, which grew worse and worse, and finally a sore broke out above the knee. It discharged a great deal and the pain from my thigh down was maddening. Large, hard, purple spots appeared on my leg. I suffered in this way for years, and gave up all hope of ever being cured. My wife was reading of a case like mine cured by Hood's Sarsaparilla, and she advised me to try it. I began taking it and when I had used a few bottles I stronger than I have ever been in my life. I am in the best of health, have a good appetite and am a new man altogether."
