PURE FOOD CONGRESS.

Managers of a National Affair Desire a Delegate from This City.

The appended communication explains itself.

Washington, D. C., Jan. 29, 1910. Secretary Board of Health, Carlsbad, Pa.

Sir: I herewith hand you a call for a pure food congress to assemble in the city of Washington on the second day of March, at the National hotel at 12 o'clock.

Under from 20,000 to 30,000, 11 cities from 20,000 to 50,000, 2, cities of 50,000 and upward.

Unless some action is taken to put a stop to the infamous practice of adulteration which is doing so much to injure the health, morals and legitimate trade of this country, the day is not far distant when our foreign commerce will be seriously affected.

It is useless for me to attempt to argue a question so plain as this and I rely upon your earnest cooperation and assistance in the matter.

Hoping to hear from you at your earliest convenience, I remain, yours truly, Alex. J. Wedderburn, Secretary of Committee.

A CELEBRATED CASE.

Carbonado Contractors Now at Court in Hottel.

Contractor S. A. Roache, T. C. Robinson and Attorney H. C. Butler were in Montrose yesterday attending court.

Mr. Roache was complainant in a peculiar case against St. Anthony's Polish Catholic church at Forest City.

It will be remembered that in 1880 that congregation let the contract to Mr. Roache to build a new church.

He had the foundations completed and the building itself well under way when the officials of the church ordered him to stop work.

They tore down the building and re-let the contract to an Archibald man, who built the present church on the foundation laid by Mr. Roache.

The latter has never been paid for his work and he now seeks recovery for the cost of the lumber and stone and the labor expended. His interests are represented by Attorney Butler and Mr. Robinson, who is a witness, is also interested from the fact that he furnished part of the material for the work.

PURELY PERSONAL.

Mrs. Butler, of Syracuse, is visiting Mrs. E. A. Wheeler, of North Church street.

Miss Olga Wilkes is the guest of friends in Herring-Barre.

A RAINY WINTER.

Always Brings a Legion of Catarrhal Diseases.

Rain, rain, rain. Mud, sleet and slush. Flood and freeze, slip and splash, alternate ceaselessly. Sometimes it makes us mad. Sometimes it makes us laugh. We cannot be sure what the weather will be for an hour at a time. There is one thing we can be sure of, however, that such weather will bring catarrh.

It attacks the head, eyes and ears. Catarrh of the throat, lungs and bronchial tubes. Catarrh of the stomach, liver and bowels. Catarrh of the kidneys. Catarrh of the bladder. Catarrh of the pelvic organs. Robert Robertson of Detroit, Mich., says: "Catarrh had gone through my whole system and was simply insupportable. Pe-ru-na cured me. Every body who is afflicted with it, let me look so young."

Dr. Hartman's latest book entitled "Winter Catarrh" is being sent free to any address by The Pe-ru-na Drug Manufacturing Company, Columbus, Ohio.

Two of John Allen's. Congressman John Allen, of Mississippi—and if you do not know who John Allen is you will never learn from this chronicle—carries a new cane. It is a straight stick, with a long and flexible branch twisted around it. "This stick," said Mr. Allen, "came from the grave of George Washington, and was given to me because I embody all of his virtues. The straight part of the stick represents me, and this branch is the Democratic party clinging to me."
