

DESPERATE FIGHT WITH A BURGLAR

Constable and His Deputy Killed in a Dramatic Manner.

THEIR ASSASSIN THEN ESCAPES

Adam Weaver and His Wife, Both Armed, Hold Officers at Bay Until the Woman Commands Her Wicked Partner to Shoot—Meanwhile She Pours Scalding Water Upon the Constable.

Polystown, Pa., Feb. 24.—As a result of an attempt to arrest a desperate character named Adam Weaver, at Buronville, last night, Erwin Mondeau, a deputy constable, was instantly killed, and Constable Athollett was wounded so badly that he died at noon today. Weaver succeeded in making his escape and is still at large, although a posse of officers is searching for him.

Weaver was arrested a short time ago charged with robbing the house of Henry Mills. He was admitted to bail and failed to appear for trial. A bench warrant was issued and given to Constable Athollett to serve. Yesterday Athollett, Mondeau and two other deputies named Israel Moses and William Glassmeyer, started for Weaver's home to arrest him.

HELED BY HIS WIFE

When the officers reached the place Weaver appeared at the door and stood armed. He threatened to shoot the first man who laid hands on him, and Mrs. Weaver, who stood close by, gave the officers five minutes in which to leave. The officers parleyed with Weaver for a short time, and had almost persuaded him to accompany them when Mrs. Weaver stepped forward and shouted: "The five minutes are up. Shoot, shoot." The officers immediately seized Weaver and a desperate struggle followed. Mrs. Weaver threw scalding water over the officers and during the fight Weaver fired two shots, one of which penetrated Mondeau's heart, killing him instantly. The other struck Athollett in the head. Weaver managed to free himself and disappeared.

Weaver is said to have served a term in the Allentown jail.

HE MAY BE ALIVE

Belief That the Fire Boss David Griffith, Imprisoned in the Burning Girard Mine, Has Not Yet Suffocated.

Shenandoah, Pa., Feb. 24.—The fire that has been raging in Girard mine during the past thirty-six hours is under control, but the rescuers are still unable to penetrate to the interior workings further than the bottom of the slope. The mine officials believe that Fireboss David Griffith, who was shut out in the burning mine, is still living, as the flames did not spread towards the east gangway workings and they say that if Griffith ran in there and closed the air-proof gangway door he would have air enough to live in for four days.

Rescuers are taking desperate chances in their efforts to save Griffith, but the chambers leading to the door are filled with smoke and gas.

ONE WAR SCARE NAILED

Why a Philadelphia Firm Stopped Buying Texas Cotton

Philadelphia, Feb. 24.—George H. McFadden, of the firm of George H. McFadden & Bros., cotton dealers in this city, today stated there was no truth in the statements contained in a dispatch from Houston, Tex., to the effect that that firm had ceased buying cotton because of the probability of war with Spain.

He said the rumor was probably based on a telegram sent to the firm's Texas agents yesterday ordering them to cancel all limits. This simply meant to cease purchasing for the day, as the firm believed there would be a decline in the market. The same instructions were sent to agents at other points. The firm bought cotton today as usual.

tives and most intimate friends and the officers of the W. C. T. U. A prayer was offered by Mrs. L. M. N. Stevens, acting president of the W. C. T. U., and after the hymn, "Jesus, Lover of My Soul," had been sung by those present the casket was conveyed to the First Methodist Episcopal church, which was filled to the doors, and where the final services were held, led by Rev. Dr. Frank M. Bristol. Miss Willard's former pastor, addresses were made by President Henry W. A. Rodgers, of the Northwestern university; Rev. Dr. Charles Little, Mrs. Louis H. Boardman, Mrs. John S. Doster, of Iceland; Mrs. Katharine L. Stevenson and Mrs. Clara Hoffman. The casket was covered with flowers, almost every country and state being represented by some floral piece. THE NEW LIBERTY PARTY.

It Will Submit Its Platform to a Popular Vote.

Columbus, O., Feb. 24.—The national conference of the leaders of the Liberty party convened today to make the Pittsburgh platform their annunciation of political principles, but switched the initiative and referendum plank thirteen of that platform to plank one of the platform as now adopted.

They propose to submit the question to their people as to whether they prefer the platform as now made to a single initiative and referendum plank.

IS WILLING TO MAKE GOMEZ THE BOSS OF IT

Spain Prepared to Grant Larger Concessions to the Cubans in the Direction of Fuller Independence.

Havana, via Key West, Fla., Feb. 24.—No one believes that autonomy is now or can be anything but a name, and, furthermore, there is a deep conviction that the United States will not long suffer the present state of things to continue. It is not believed that any negotiations between Senator Govin, secretary of the interior, Senator Dolz, secretary of communications, and Senator Giberaga and the insurgent leader Capote, in the name of the autonomist government, will come to anything. No one expects any substantial results to be attained by the autonomists in that direction.

The latest despatches from Madrid received here confirm the reports that the home government agrees to an amplification of the autonomous constitution in the direction of a greater independence. This depends upon the inquiry regarding the conditions of peace. In well informed circles it is confidently believed that if the government attempts to disarm the volunteers great disturbances will ensue.

In the presence of this correspondent General Solano, the second-in-command of the army, said yesterday: "From the queen down the sentiment of 17,000,000 of the Spanish people favors complete autonomy for Cuba, except a small minority in Spain and about 400 Spanish residents in Cuba, whose patriotism is measured by their own personality and their regard for five-dollar pieces. But despite their opposition autonomy will come, because Spain is willing to grant the natives political control and is willing to go so far, if necessary, to secure peace, as to make Maximino Gomez the head of the autonomist government."

LA CHAMPAGNE NOT SEEN

Five Days Overdue, But the Agents Express No Fears.

New York, Feb. 24.—It is five days since the French liner La Champagne should have steamed into this port, yet no tidings of her have been heard since she left Havre on Feb. 12. She has 429 souls on board, including 83 stowaways, 53 in the second cabin, 291 in the steerage, her officers and crew numbering 115.

The agent of the French line declares that he feels no alarm at the delay, his conjecture is that some mishap has occurred to the machinery.

AMERICAN NAVAL DISCIPLINE

From the Washington Star. So much has been said and printed during the past few days from foreign sources in disparagement of the discipline of American seamen that it may be well to call to the mind of these critics an episode that occurred very nearly nine years ago in the harbor of San Antonio. A terrific tropical storm swept without warning upon that placid bay where lay anchored a large fleet of merchantmen and warships. Within a short time the gale had swept the ships from their moorings and was casting them ashore and drowning and crushing the lives of many of their crews.

The executive officer of the Trenton tried to make sail in order to escape the reef against which his ship was steadily drifting. The sails could not stand the pressure and the ship was driven back. This effort was continued the British ship Calypso slipped her cables and put to sea, taking advantage of the steam in her boilers.

The good fortune of the Englishmen did not dishearten the less lucky Americans, then manning the yards. As the Calypso struggled slowly past the Trenton the brave American seamen in the rigging cheered lustily. They were going perhaps to their death. They had been ordered into the rigging to serve in lieu of sails. Their bodies had been exposed to the furious blasts of the gale in order that the ship might possibly be kept from the reef. They had obeyed the order that involved the peril of instant death without demerit, and in this moment when every man in the yards was a hero, while this effort was continued the British ship Calypso slipped her cables and put to sea, taking advantage of the steam in her boilers.

WARNS SPAIN TO PREPARE FOR WAR

the back channel, which is to be used as a fresh water basin for vessels of the navy. The receiving ship Richmond is besieged daily by applicants for enlistment, but very few are being taken.

Besides the Minneapolis, there are now at League Island the cruiser Columbia, the monitor Miantonomah and the ram Katahdin, all out of commission at present. There are also eight old monitors at the yard, all of them relics of the Civil war, but which could be fitted up quickly in case they were needed.

THE PRESIDENT'S ATTITUDE

Gen. Powell Reports a Statement as to His Course.

St. Louis, Mo., Feb. 24.—William H. Powell, of Belleville, who was in command of the regiment in which President McKinley served during the civil war and who was recently appointed collector of the revenue for the Southern Illinois district, returned from Washington today. He said that he discussed the Maine incident and its possible results with the president.

The president stated to me," said the general, "that we are only waiting for a complete report of the naval board of inquiry and that if it should report that our sailors had met their death through Spanish treachery, he was prepared to act at once and in a manner which would meet the approval of every loyal American citizen."

General Powell said preparations for war were being pushed with the utmost vigor and added: "I am convinced that President McKinley is the right man in the right place, and that as soon as Spain's treachery has been proven his policy will be rigid enough to meet the approval of even the most pronounced jingoes."

MANY WANT TO ENLIST

Since Monday There Have Been 1500 Applications in New York.

New York, Feb. 24.—Francis M. Buncie, commandant of the navy yard here, today received from Washington his commission as rear admiral. His official rank up to today was that of commodore, although for about a month he has been acting rear admiral. The commodore's flag was hoisted down from the mizzen mast of the receiving ship Vermont and the rear admiral's flag, a large square pennant with two white stars on a blue field, was hoisted in its place. A salute of 13 guns was then fired from the commodore's deck.

Recruiting was continued today on the receiving ship Vermont. Up to today only 45 men had been accepted. About 1,500 would-be volunteers had visited the Vermont since the recruiting began last Monday.
