HUNGRY FOR OPERA.

Carbondaliaus Craving a Musical Fenst by Local Talent.

The Leader last evening said there is a growing feeling in the city that another opera should be given here in the spring by our amateur talent. Few cities of its size are so gifted musically as Carbondale and this talent should not now be allowed to remain idle. The hospital needs funds and a snug amount could be realized for it by such a venture. Most delightful past and the public are ready for an-

other of these successful affairs. That is all very true. Carbondalians are craving a musical feast at the voices of local talent. What we need is a leader who can direct the musical and dramatic efforts. If such cannot be found divide the work. It wouldn't he so satisfactory, but it could be

Ars. T. A. WALDEN, Gibson, Ga., writes: " DEAR MRS. PINKHAM:-Before taking your medicine, life was a burden to me. I never saw a well day. At my monthly period I suffered untold misery, and a great deal of the time I was troubled with a severe pain in my side. This went on for some time; till at last, as usual, the severe and flinty-hearted father had to give way, and allow a marriage which certainly for many years was the realization of the most perfect happiness, till it ended in a terrible tragedy. There was the seed of madness in the genius of Schumann, as in that of so many really great men, and in an access of mania he sought and found rest where Ophelia sought and found it."-From Max Muller's Auld Lang Syne-Charles Scribner's Sons,

Forty Years Unvarying Success

Rundown Nerves Produce Catarrh. - Pe-ru-na Strengthens the Nerves and Makes Catarrh Impossible.—It Cures Every Phase of Catarrh.—Testimony From Everywhere.

Columbus, O., November 26, 1897.

Dr. S. B. Hartman, President Pe-ru-na Drug Mfg. Co. Dear Sir:-I believe the use of your medicine, Pe-ru-na, to build up broken or debilitated system about the best treatment that can be taken; it adds vigor and lends additional strength; it is certainly one of the very best medicines in the land.

E. J. POCOCK. Respectfully,

Pe-ru-na cures catarrh. It is Dr. Hartman's great prescription for all diseases of the mucous membrane. Pe-ru-na acts directly on the nerves, and makes the membranes healthy by regulating the flow of blood. Where the membranes are healthy there can be no catarrh.

For over forty years Pe-ru-na has stood without a successful rival

as a cure for all catarrhal troubles. Local treatment of any phase of catarrh is certain to do harm; indeed the results of it are frequently fatal. The diseases of the mucous membrane are legion, and the same treatment will cure Bright's disease (catarrh of the kidneys) that will cure catarrh in the head, nose and throat. Dr. Hartman's books tell what catarrh is, how it originates, and how to cure it. They also contain much that is helpful about the deadly catarrhal diseases. Get Dr. Hart-

man's latest book on chronic catarrh. It is mailed on application. The following letter from RALPH W. CHULIP, of La Porte, Ind., is so explicit and convincing, that although long we print it here in full, together with his portrait.

Dr. S. B. HARTMAN, Columbus, O. Dear Sir:—I want to thank you a thousand times for what your medicine has done for me. I cannot praise it enough, nor do I think any one troubled with catarrh, who will try just one bottle, can help but see what a wonderful medicine it is. been troubled with catarrh for the past eight years, and seven years ago it became chronic. years ago it became chronic. In the last eight years I have taken enough different medicines, and tried different inhalers, that were I to make mention of them they would easily fill a page. I became so bad a year and a half ago that I took treatment from two different catarrh specialists. The first doctor removed a growth from my right nostril; he helped me some. I doctored with him about two months, but he could not stop the discharge from my head, which was dreadful. I have used as many as six and eight handkerchiefs in one day. I paid this doctor one dollar a treatment. I was advised to quit him and try another doctor. I did so, and he began giving me medicated air treatment that did me some good also, but could not stop the discharge from my head. Finally my stomach became affected, and eight months ago I had to quit work. I lost in weight from 165 pounds to 140 pounds. My doctor advised me to go out into the country. I did so for two months and was taking medicine all the time, but got no relief. My appetite was gone. I began having heart trouble. Dizzy spells that would get so bad I would stagger when I walked. I was completely discouraged. One day I was in a drug store to get some medicine. While waiting I picked up a Pe-ru-na Almanac. The first thing that attracted my attention was: "Not a cure-all, but will cure catarth." I thought to myself here is the first medicine I have ever seen that doesn't cure a dozen different diseases. I procured a bottle and had not taken half of it when to my joy and surprise my head began to get better, the discharge began to dry up. I kept on and have now conferent diseases. I procured a bottle and had not taken half of it when to my joy and surprise my head began to get better, the discharge began to dry up. I kept on and have now taken two bottles; have resumed my work, have a good appetite, no dizziness nor heart trouble, and have not felt better in ten years. I am now thirty, and I thank God and Pe-ru-na for the way I feel to-day. I trust I have not intruded upon your time with this long letter, but I feel so grateful it seems as though I could never stop talking or writing praise of the medicine. And I will be the means of selling many bottles of Pe-ru-na, as all my friends know just how bad I have been.—RALPH W. CHULIP, La Porte, Ind.

Nearly all the peculiar ills of women are catarrhal. Pe-ru-na effects permanent cures of these troubles in a way that is purely scientific and shorn of mystery, yet appears miraculous to many as it

did to Mrs. A. C. HILDEBRAND, Milton, N. C., whose letter follows: DR. S. B. HARTMAN, Columbus, O. DR. S. B. HARTMAN, Columbus, O.

Dear Sir.—"By reference to your files, you will see that I was very low and pronounced incurable by two of the best doctors in this country, when I commenced the use of your medicine.

I have used nine bottles of Pe-ru-na, and I think that I am perfectly well. Of course Pe-ru-na is what did the work, and I consider it the grandest medicine in the world. Mine was a noted case in this country and everybody thought I would die. I never lose an opportunity to praise your medicine. You may use this letter as a testimonial and make it as strong as you can. It will be a great pleas-ure to me it I can be instrumental in getting people. afflicted as I was, to use your great remedy, as I am sure it

Pe-ru-na drives out catarrh absolutely. Grateful people constantly testify to this. Mrs. M. E. BLAND of Hartwell, Ga., had complicated Mrs. A. C. HILDEBRAND, catarrh, including female trouble. She writes as follows:

PE-RU-NA DRUG MFG. Co., Columbia, O. Dear Sirs .- "I trust no one will think from this that I would wish my name in public from any cause, only to let sufferers know where they might find relief from many pains. I can truly say I have been much benefited by the use of Pe-ru-na. I feel better than I have for years. I have suffered for years with chronic catarrh, bronchitts, asthma and temale trouble, of which I have been much helped by Pe-ru-na. I know the virtue of Pe-ru-na. If for no other reason, it would pay to keep it for colds and coughs. It keeps off colds, it prevents grippe, and builds up the nerves. I gladly recom-mend it to all."

A special book for women, entitled " Health and Beauty," is issued by the Pe-ru-na Drug Manufacturing Co., Columbus, O., and mailed to women only on application. This book is written by Dr. Hartman, and shows plainly the catarrhal nature of women's diseases. Every interested woman should write for it. The scientific exactness of its treatment of this subject is the outcome of many years unvarying

success. All druggists sell Pe-ru-na. the Jackson Street Baptist church, will to the regular service, proves to be increase the choir membership to fifty very successful. The congregational
