

WILLIAM A. STONE IS TO BE DROPPED

The Allegheeny Man Practically Out of the Governorship Race.

MINOR OFFICE MAY BE SATISFACTORY

He May Be Consented With the Secretaryship of the Attorney General's Office--Other Names Mentioned for the Governorial Nomination--C. W. Stone on the List of Aspirants.

Pittsburg, March 3.—A Washington despatch to the Times, C. L. Mace's paper, seems to throw a light on the gubernatorial question. The Times correspondent says:

"With the return of Senator Quay to Washington the visits of Pennsylvania politicians here have begun again. Executive Secretary of the Commonwealth, Reeder was here awaiting his arrival, and had a long conference with him. W. H. Sanger, of Delaware county, who is announced as a candidate for governor, is also here, and the presence of State Representatives Perry M. Lyle, of Huntingdon, and Webster C. Wells, of Northampton, Collector of Internal Revenue T. F. Penman, of Scranton; Charles F. Kindred, of Philadelphia, and others of lesser note shows that the pot is beginning to boil again. Coincident with the senator's arrival, rumors are current that Representative W. A. Stone is to be dropped as a gubernatorial candidate. It is true that Colonel Stone still stoutly protests that he is in the fight to stay until the end, but nevertheless almost every one here seems imbued with the idea that he will have to yield. It is said, however, that he will be left down easy. As Colonel Stone has announced that he will not be a candidate again for congress, though his friends here claim he could get the nomination even if he did not run, the contest until the day before the primaries, it is reported that he can have either the secretaryship of the commonwealth or the attorney generalship under the next state administration.

Three drafts of seamen were received at the navy yard today aggregating thirty men. Nine of these came from the Brooklyn navy yard and were assigned to service on the Columbia. Twelve from Boston and nine from Norfolk were quartered on the Richmond to await service on board the Miantonomoh. The commanding officers for the cruises Columbia and Miantonomoh have not yet been announced, but it is said unofficially at the yard that Captain Sands, formerly of the Columbia, will be in command of the Minneapolis, and Captain J. Reed, of Mount Holly, N. J., now on the reserve list, will have charge of the Columbia. The announcement from Washington that Captain Mortimer Johnson has been assigned to the Miantonomoh as commanding officer, was received with much favor on board that vessel. The choice is a popular one among the men who will make up her crew. The work of scraping the cruiser Columbia will be started tomorrow. An examination of her bottom was made today and it was found that in some parts where the paint had been rubbed off she was slightly rusted. The two big turrets on the Miantonomoh were turned today for the first time in a year and worked satisfactorily. The engine of the Katabalin, within the steel casing, is now being caulked. Her machinery is reported to be in first-class condition.

VOLUNTARY LIQUIDATION.

The Seventh National Bank of Philadelphia Will Close.

Philadelphia, March 3.—The directors of the Seventh National bank have decided to go into liquidation and to merge the business with that of the Fourth Street National bank. The bank is perfectly solvent, but it has experienced a decided diminution of business of late and it was considered best to close its voluntary liquidation and close up its affairs. The Seventh National is one of the oldest banks in the city, having been organized in 1861. Its capital was reduced several years ago from \$250,000 to \$200,000. The Fourth Street National will honor all checks of the other bank's creditors.

SIX MEN BURNED.

Dinstrous Explosion of a Keg of Powder.

Dubois, Pa., March 3.—Six men were badly burned, one perhaps fatally, by the explosion of a keg of powder in London mine today. The injured are: Thomas Billingham, burned on face and body, may die. James A. Rhoades, burned on face and neck, and will lose his sight. Edward Cryer, Mike Chasie, Alexander Valentin and an unknown Pole, painfully but not seriously burned. Cryer attempted to pry off the lid of the keg with a pick, when a spark fell from the tool into the powder and ignited it. All the men were in the room at the time.

LAFAYETTE ALUMNI.

The Annual Meeting and Banquet at Philadelphia.

Philadelphia, March 3.—The annual meeting and banquet of the Lafayette Alumni association of Philadelphia college was held tonight in the Continental hotel. The room was tastefully decorated with the college colors, maroon and white, and a profusion of flowers added to the beauty and arrangement of the table. There were about one hundred present and J. W. E. Baumann, of Lancaster, acted as toastmaster. The toasts and the names of those who responded were as follows: "The College," President Warfield, of

INDIAN SCHOOL COMMENCEMENT

The Decendants of "Lo" Graduate With Honors at Carlisle.

SUCCESS OF THE INSTITUTION.

Visiting Congressmen Are Delighted at the Progress Made by the Children of the Forest--Efforts Will Be Made for a Larger Appropriation for the School--List of Graduates.

Carlisle, Pa., March 3.—The tenth commencement of the Carlisle Indian industrial school was held today, when fully three thousand persons witnessed the presentation of diplomas. There were 24 graduates. Visitors were present from all parts of the country, including Alaska, and congress was well represented. The morning was devoted to an inspection of the school and schools; there was a band concert at noon and the commencement began at 2 p. m., Captain Pratt presiding. Orations were delivered by Jacob Hineson, Martha Sicks, Joseph Blackbear, Lillian Complainville, Michael Sander, Anna Morton, Wilson Welch and David McFarland. Rev. Dr. J. A. Lippincott presented the diplomas. He contrasted citizenship and tribal relations, and said the government has lifted the Indians into a new life. Indian Commissioner W. A. Jones commended the special attention given to the education of girls at Carlisle and said there could be no successful system without that feature. Congressman Sherman, chairman of the committee on Indian affairs, said the work would continue until superstition was abolished and the red man lifted out of barbarism. He added that while the present committee had charge of the legislation, Captain Pratt need not ask twice for what he made Congressmen. He said that the \$111,000 Carlisle appropriation was too small, although it showed better results than the five millions spent on public schools. He would support Chairman Sherman in securing favorable legislation.

THE COTTON MILL STRIKE.

Massachusetts' Legislative Committee Continues Its Investigation. Lawrence, Mass., March 3.—The legislative committee on labor continued its investigation into the cause of the recent reduction of wages in the cotton mills of Massachusetts this morning. Agent Walter E. Parker, of the Pacific Mills, was the first witness of the day. He said that in his opinion the depression in the cotton industry dates from the general business depression in 1893. He added that the matter of reducing wages was considered more than a year ago, on account of the condition of business, but it was deemed advisable to defer action in hope that the business conditions would improve. Mr. Parker was unable to give the average wages since the cut down, as no data had been compiled. The cut averaged 6.72.

Mr. Parker was asked to give the rate of wages paid in 1891, which was before the fifty-eight hour law went into effect, and Mr. Parker gave figures to show that the rate of wages paid in 1895 averaged 1.66 higher than in 1891. He declared that the number of operatives in the weave rooms had diminished 40 per cent. since 1891, while the production remains the same.

Drumstick, Me., March 3.—It was learned today that another attempt is to be made, probably on Monday, to start up the Cabot Cotton mills, the employees of which have been on strike on account of the cut down since Jan. 17. It is said that many of the French-Canadian strikers have been reduced to a condition of poverty and are willing to return to work under the new schedule.
