ORATORIO, THAT'S THE THING.

Protessor Rumsby Suggests One Instead of Light Opera.

Mention of the fact in The Tribune that the time is ripe for another comic opera by local talent which so cred-Itably sang the "Pirates of Penzance," "Chimes of Normandy" and "Priscilla," has stirred up interest in the matter and Professor Rumsby writes the Leader as fellows:

"In reading the account of the pro duction of the opera "Priscilla" in Wilkes-Barre as published in last night's Leader it suggested to me what I think is a better way to assist any institution or cause that the public are interested in; i, e. to perform an Ora-torio by one of the great composers. It would need four principal singers or soloists, a combination of all the church choirs, and anyone able to sing te make up a large chorus. To this can be added as large an orchestra as obtainable, and the organ if the performance is held in a church.

The cost of music and a place to hold rehearsals would not be great. There are no special costumes to provide as in case of other performances I think any city could find all it needs at home to render such a performance in a manner gratifying to all.

"I would like to see this tried in Carbondale. I think it would be a success, and perhaps lead to the establishment of a permanent chorus or Choral society as is now found in some other cities."

A NOTABLE EVENT.

Judge Willey's Address for the Board of Trade This Evening.

The meeting of the board of trade tonight at the Grand Opera house will be a notable event in the season's annals. The meeting will be public and will be addressed by the Hon. Freeman Otis Willey, a noted orator and economist, who has won golden opinions for his fair, clear and forcin'e presentation of both sides of the figreat labor and capital question. In view of the need of new and varied enterprises which this city needs in order that the labor of the city may be profitably employed, the disposition advocated by Judge Willey is essential to the success of any such movement.

The meeting is free to all and all are invited, rich and poor, employer and employe. "The Future of Labor and is a timely subject and from Capital" present indications Judge Willey will be greeted by an overwhelming house.

The company expresses the utmost confidence in the ability of the hose to stan the required test and stands ready it claims, to replace any section that gives out when put to the maxi-mum pressure guaranteed by them.

The Fashion of Walking Arm-in-Arm. It Was Not Considered Polite to Mentioned Your Poverty or Your Digestion -- Champagne in Homosopathic Doses -- No Smoking in the Streets Until After the Crimean War -- A Comparison of Morals.

Of the many references to changes which have taken place during Queen Victoria's long reign there are few which equal in point of interest the description by Sir Algernon West in the Nineteenth century of the changes which have taken place in the social cumstoms of the English people. Sir

Algernon says in part: "Early in the reign, people at large country house parties used to go into breakfast arm-in-arm, and no lady ever walked with her husband except bras sous bras. Friends always walked arm-in-arm, and the country neighbor always made his entry into a party arm-in-arm with his wife and daughter. Now the fashion has disappeared, except at dinner, and there has sprung up an odious habit of indiscriminate handshaking morning and evening, in reason and out of season, and another

Thousands of People Heve Dyspepsia in Its Worst form and Do Not Know It. A weak stomach is the cause of about

nine-tenths of all disease, yet in most cases the wrong thing is treated and the true cause overlooked.

This is because a weak digestion produces symptoms resembling nearly every disease because it weakens and disturbs the action of every nerve and organ in the body; poor digestion causes heart trouble, kidney troubles, lung weakness and especially nervous break down or nervous prostration, the nerves cannot stand the wear and teau unless generously fed by well digested wholesome food.

Keep the digestion good and no one need fear the approach of disease.

Mrs. H. M. Lee, of Rochester, N. Y., writes: "For the sake of suffering humanity I want to say that from a child I had a very weak stomach, threw up my food very often after eating and after a few years nervous dypsepsis resulted and for more than twenty years I have suffered inexpressibly.

I tried many physicians and advertised remedies with only temporary relief for nervous dyspepsia and not until I commenced taking Stuart's Dyspepsia Tablets last September, six months ago, have I been free from suffering caused by the condition of my nerves and stomach; in short, chronic nervous dyspepsia.

I have recommended Stuart's Dyspep-sia Tablets to many of my friends and now I want in a public way to say they are the safest, pleasantest and I believe surest cure for stomach and nerve troubles. I write my honest opinion and I will gladly answer any letter of inquiry at any time and feel that I am in my small way, helping on a good cause.

Stuart's Dyspepsia Tablets is not a patent medicine, but they contain only the fruit salts, digestive acids and peptones necessary to help the weak stom ach to promptly and thoroughly digest food.

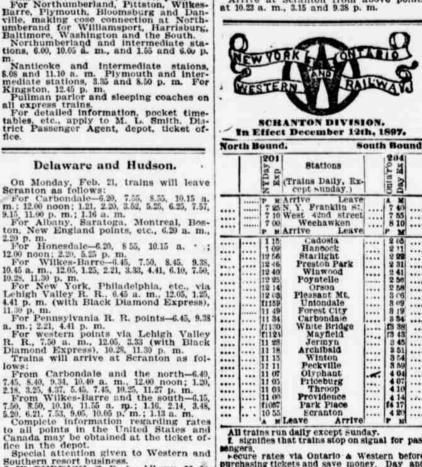

All druggists sell Stuart's Dyspepsia Tablets at 50 cents for full sized package and anyone suffering from nervous dyspepsia, sour stomach, headaches, acidity, gases, belching, etc. will find them not only a quick relief but a radical cure.
