RELIGIOUS SENSE OF THE REPUBLIC

Timely Sermon Preached by Rev. Dr. B. G. Newton, of Cleveland.

PATRIOTISM AND PIETY BLENDED

Stability and Strength of the Nation, Dr. Newton contends, is true to its inherent and natural principles of glad gladness--Religion vital to all its rejoicings--The Greater the Nation's Gladness, the Greater its Greatness.

One of the most thoughtful and masterful sermons that a Scranton congregation has been privileged to hear in a long time was delivered yesterday morning in the Second Presbyterian church by Rev. Dr. B. G. Newton, of Cleveland, O.

Dr. Newton's discourse was an exposition of the finer and religious traits of the nation's patriotism, and while it did not particularly bear upon the present atmosphere of international conflict, was timely in the relation of its spirit to the great crisis now confronting the Republic and the people.

The rejoicing republic is restless. Pessimism ought to perish at the hand of patriotism and piety. Optimism is ever the enemy of the nation's greatness.

NOT ALWAYS SO. There are but few today who would challenge this statement, "Godliness generates gladness." It was not ever so.

There was a time when Godliness was looked upon by many as something associated with sad thoughts and sorrowful experiences. It was looked upon as being at enmity with all joy and gladness, the avowed enemy of the beautiful and lovely.

But a great change has come. Religion and rejoicing, piety and pleasure, Godliness and gladness are not considered alien or at enmity as of old.

Godliness generates gladness--that is, religion promotes rejoicing, piety promotes peace, and Godliness fosters the true love of humanity in their hearts.

PICTURES FROM LIFE.

Many Women Have Passed Through the Same Experience and with Equally Happy Results.

She had once been a beautiful and attractive woman. Her friends adored her; even strangers admired her. She was still young--but why had her friends deserted her? It is the usual story.

A year later. She is the same woman but how changed! Hosts of friends surround her; her eyes are sparkling, her cheeks glow; her complexion is superb--she is happy.

Do you wonder what made the change? Read, then, the experience of Mrs. Bella Hoffa, of McEwensville, Pa.;

"Some six years ago," she said, "I was troubled severely with disease of the kidneys and I will never be able to tell how much I suffered. I tried all kinds of remedies but could find no permanent relief.

DRANK CARBOLIC ACID. Mrs. Thomas Jones, of South Main Avenue, Died in Terrible Agony Soon After Taking the Poison.

Mrs. Thomas Jones died yesterday morning at her residence, 800 South Main avenue, at 2:20 o'clock from the effects of a dose of carbolic acid which she swallowed about an hour before.

Mrs. Thomas Jones died yesterday morning at her residence, 800 South Main avenue, at 2:20 o'clock from the effects of a dose of carbolic acid which she swallowed about an hour before.

Mrs. Jones' husband and father-in-law conduct a hotel upon the premises and, as is the usual custom, they closed up about 11:45 o'clock Saturday night and went upstairs.

Mrs. Jones seemed particularly jovial as she attended to the wants of the men. About 12:30 o'clock she went to her bedroom, seemingly with the intention of retiring.

Mrs. Jones died within half an hour after she had taken the poison. The arrival of the physician in the evening, for there was nothing which could lead his wife to commit such an act.

The deceased was about 30 years of age and was a large, well-proportioned woman. She had been married about four years and had two children.

The funeral will take place Tuesday afternoon at 2:30 o'clock from the residence and interment will be made at the Washburn street cemetery.

ESTIMATES TO BE FINISHED TONIGHT

Joint Committee of Councils Will End Its Task.

OVER \$9,000 TO BE DISTRIBUTED

The Appropriations Have Been Cut That Much Below the Estimated Revenue of \$255,100--Tonight Individuals and Departments Will Manoeuvre for the Small Plus.

It is probable that the 1898 appropriation ordinance will be finally amended by the joint estimates committee tonight. It will then be referred to the city clerk for printing.

As soon as printed the measure will be adopted for recommendation to council. At last Friday night's meeting of the committee the Democratic majority agreed to accept a Republican skeleton ordinance drafted by Mr. Thomas Cameron to try Warner's Safe Cure with the assurance that it would receive no salary.

Hardly Kept Faith. The Democrats, however, hardly kept faith in considering the ordinance as a strictly non-partisan measure.

AMENDMENTS PROBABLE. But no matter the condition in which the ordinance finally leaves the committee, its approval in council without amendment is by no means certain.
