COMMONERS IN SESSION.

Several Important Ordinances Passed Last Evening.

The common council met in special session last evening to bring the year's business near completion. A large number of bills were approved. After a heated discussion Henry Carter was granted permission to connect with the Canaan street sewer by a vote of eight to two. Messrs. Bate and McDonough voted in the negative.

The following ordinances were passed first and second readings: Providing for sewer on Spring street between Lincoln and Ninth avenues and on Seventh avenue between Spring and Washington streets; establishing grade of South Main street and Eighth avenue: providing for appropriations from April 1, 1898, to April 1, 1899.

The following ordinances were passed finally: Fixing the width of South Washington street; fixing the compensation of members of the board of revision and appeals at \$2.50 a day; fixing the compensation of assessors and assistant assessors at \$2.50 a day.

At the instance of Attorney J. E. Burr, representing the Ontario and Western company, the ordinance requiring safety gates was amended so that the corporation will be obliged to erect gates at Belmont and Scott streets only. The watchman will be continued at Cottage street and as the White bridge station is to be removed it was thought a gate will not be needed on Greenfield road.

The appropriation ordinance passed second reading. It is very unusual to have this ordinance passed just as it comes from the committee's hands. The council adjourned to meet tonight to dispose of the Spring street sewer ordinance that bids may be advertised for without delay.

THE HOSPITAL BENEFIT.

The Needs Have Been Emphasized. Let the Response Be General.

The concert to be given in the Grand attended. Professor Cornelius Higgins, of New York, and a large chorus of High school pupils will provide the entertainment and the connection of Proessor Higgins' name with the enterprise is sufficient guarantee that it will be artistically excellent.

The needs of the hospital are well known, having been emphasized by the press for several months past. Father Coffey yesterday expressed his hope that the benefit would be a financial success and made an earnest plea to his congregation for the support of the hospital, which is now in straitened circumstances. He takes a deep interest in the welfare of the institution and reminded his hearers that it is a most worthy charity and has become a necessity to this section.

During the evening the professor will render several solos on the clarionet. of which he has the complete mastery, and he will also play a number of popular airs on the nightingale.

Professor W. D. Evans and Mrs. Hannah Leonard are to assist in the pro-Each will sing several solos and will be heard in a pretty duet, fessor A. P. Thomas will be planist.

WILL DELIGHT PUPILS.

The hearts of every school boy and girl in the city will be gladdened by the news that they will have a week's vacation from March 28 until April 3. This Easter vacation will be the first ever observed by the Carbondale public schools, there having been before but two holiday seasons, those of midsummer and Christmas. The present arrangement was provided for at the

be dies depends largely upon his. The man who suffers from ill-stands little show of being a suc-l business man. The man who comes cessful business man. The man who comes to his desk in the morning with a headache, who suffers all day from dullness and drowsiness, who goes to his meals without an appetite and tosses restlessly through the night without aleep, is not likely to leave a competence for his widow and orphans. Success is even more dependent upon health than upon ability.

Few men realize these truths. They think that everything can be accomplished by work, and that health is a secondary consideration. Work is useless unless it is good work, and good work is never done

good work, and good work is never done save by a thoroughly healthy man. Dr. Pierce's Golden Medical Discovery is the best of all health restorers and health pre-servers. It makes the stomach strong and active. It sends a man to his meals thor-oughly hungry every time. It facilitates oughly hungry every time. It facilitates the flow of digestive juices and makes assimilation perfect. It invigorates the liver. It purifies the blood and fills it with the life-giving elements of the food. It is the great blood-maker and flesh-builder. It tests down inert, half-dead tissues and builds new firm mucular flesh. It does tears down mert, half dead tissues and builds new, firm, muscular flesh. It does not build flabby fat like cod liver oil and does not make people more corpulent.

Mr. John Brooks, of Boylston, Mass, writes: "I write to tell you of the great benefit I have received from Dr. Pierce's Golden Medical Discovery, I was taken with a had cold which settled on my lungs. The doctors said I was in consumption and could not get well. I took Cod Liver Oil and it did me no good. After taking it four months I beard of your 'Golden Medical Discovery' and it saved my life."

beginning of the school year last September. The year is now divided into three equal terms-fall, winter and This is the plan usually followed in other places and facilitates the making out of the courses of study. The breaking up of the long term from Christmas to June is also thought to e a benefit to the scholars. They return to their duties with a new zeal and vigor after their brief respite from work and are in better trim to prepare for the final examinations.

PEROIC ACT.

By his quick wit and pluck Stephen Mabey, an 11-year-old River street boy, probably saved the life of his 14-yearold sister, Florence, yesterday. The two children with another sister were walking along the canal bank in the rear of Van Bergen & Co.'s plumbing shop, when the little girl who was running along the bank fell in. Her brother without a moment's hesitation jumped into the water and with a little difficulty succeeded in getting her out of her dangerous position. The canal is banked up several feet at this point and just now the water is unusually deep. It flows along at quite a rapid speed and if the lad had not acted promptly his sister would have ocen whirled under the Van Bergen building where a child was drowned a few years ago.

SCORES OF ACTORS.

"The Isle of Champagne" opera company, composed of sixty-four people arrived from Wilkes-Barre on the 1.54 train Sunday morning, while the Van Osten Three Star company, which has all told about thirty persons connected with it, did not leave the city until This was probably the largest number of thespians ever in the city at one time, but even this unusual transient trade did not tax the hotel service to its limit. Our facilities for housing the traveling public are probably second to no city the size of Carbondale in the country.

LOCAL AND PERSONAL.

"The Isle of Champagne" attracted a good sized audience to the Grand opera house last evening.

JERMYN AND MAYFIELD.

The Rev. Mr. Hall, pastor of the Primitive Methodist church, is again very sick. On last Sunday evening, while he was in the act of delivering his sermon, he was taken very ill, and was unable to finish his discourse. He was taken to his home by some of the members of the church, and medical aid was summoned. Mr. Hall is preparing for an examination under the Primitive Methodist conference, which will take place in May, and the cause of his illness is attributed to overstudy and work.

The Delaware and Hudson company have presented the Artesian Hose com-pany, of the East Side, with a piece of land 50x75 feet on A street, for the purpose of building a hose house. It is the intention of the hose company to have a suitable building erected at an early date. The hose company feel very proud of the generous way in which the Delaware and Hudson company has dealt with them.

Miss Laura Lally, of Mayfield, returned home yesterday, after spending a week with friends in Olyphant.

Merchant Shlanto said yesterday that over 150 Russians and Polanders had left the East Side, Mayfield, since pay. The cause of their leaving, he said, was that the Hiliside Coal and Iron company only worked their collieries one day a week. Many more calculate to leave in a short time, if the work

does not improve.

ARCHBALD.

An adjourned meeting of the borough council was held last evening, with all members present, for the purpose finishing up the business left over since the last meeting. After stating the object of the meeting President Hunt appointed the following com-Road committee, Behle, Lofmittees: tus, McAndrew; Water committee, Siddons, McAndrew, Jones; light committee, Loftus, Behle, Munley. The tax was placed the same as last year at 13 mills, 5 for light, 5 for borough, 2 for special and 1 for water. The next order was the hiring of a janitor. Mr. Munley proposed the name of Mrs. Johnson, and Mr. McAndrew proposed the name of Mrs. Waren. The latter was elected by a vote of 7 to 2. Her salary and also the salary of the borough attorney was fixed the same as last year. President Hunt stated to the council that he would like if the bills before being presented to the council were carefully scrutinized in the future. Next in order was the reading of the message from the burgess which was received and filed. At the services in St. Thomas church

on Sunday evening Rev. John Loughran, of Bellevue, preached a sermon on "Confession." The history and significance of the doctrine were ably and clearly explained and the sermon was

appreciated by the large assemblage that heard it.

St. Patrick's day will be observed in St. Thomas church with a special mass at 8 o'clock.

OLYPHANT.

A bad wreck occurred on the Ontario and Western railroad at 7 o'clock yesterday morning near the Lackawanna Coal company's breaker. A train con-

sisting of empty gondolas was running along at a good speed, when one of the cars left the track, piling about ten of them in an awful mass. In leaving the track the cars ran against a trestle, breaking several of the supports, causing the colliery to be idle yesterday. Traffic on the road was delayed for

veral hours. The pupils of St. Patrick's academy under the direction of the sisters, will give an entertainment in the Father Mathew opera house, Thursday even-An operetta, entitled "An Irish ing. May Day," will be produced. No admission will be charged.
